Deadline Brings Rush

70 Candidates Will Seek Nomination In Primary

Both Parties Have Races In Top Posts

Commissioner And Representative Bids Draw Crowded Field

A rush of last-minute filings before the deadline Wednesday at 4 p. m. helped produce the biggest fields in years for both the Republican and Democratic nominations for state representative and county commissioner posts in the May 3 primaries.

Republicans have a field of nine seeking two nominations for commissioner and five candidates for a pair of nominations for state representative. Democrats have an eight way race for the two commissioner nominations and six bidding for the state representative posts.

The Democrats have two more wide-open races — a five-man field for sheriff and a four-way contest for county recorder.

The two parties will nominate for a total of 12 county posts — selecting candidates who will oppose each other in the November general election.

The other offices at stake are: Probate judge, clerk of courts, prosecuting attorney, treasurer, engineer and coroner.

When the deadline arrived, the County Election Board listed 70 candidates from both parties for district and county offices. Democrats filed 11 candidates for district offices and 27 for county posts. The GOP lists 9 candidates for district posts and 23 for county offices.

In addition, the board listed a total of 291 candidates from both parties for central committee posts. One of the so-called "precinct committeemen" is elected for each party in each of the 152 precincts. The board listed 160 Democratic candidates and an incomplete slate of 131 Republicans.

The Election Board will meet Monday night at 8 to pass upon the "sufficiency" of all the petitions and grant ballot places to those who qualify. At the same time, it is scheduled to award contracts for ballots and poll books for the primaries.

Nine candidates filed in the 11th-hour rush before the deadline yesterday, including 3 new aspirants for commissioner on the GOP slate, 2 additional Democratic candidates for commissioner and a sixth aspirant for the Democratic nomination for state representative.

The last-minute candidates are: William Y. Orr, 922 Princeton Ave., an employe of the Moore Furniture Co. and a former councilman; Clarence L. Robinson, 308 W. Washington St., Lisbon, a former commissioner, and How-

Ike May Ask A-Arms For Some Allies

Probably Will Make Request In Special Congress Message

WASHINGTON (AP) — President Eisenhower probably will send Congress a special message later this session asking authority to supply some U.S. allies with atomic weapons.

A final administration decision on taking this step has yet to be made. It may be influenced by congressional reaction to the idea of sharing the weapons as well as by the impact on world opinion.

Present law permits limited sharing of some types of nuclear information, but requires that this country keep full control of nuclear weapons it produces.

Distribution of atomic weapons to nations which do not have them has long been a controversial issue. The present atomic powers are the United States, Britain and the Soviet Union. France has been reported at the point of exploding its first atomic test device.

The President told a news conference Wednesday that he had always believed "that we should not deny to our allies what the enemies, what your potential enemy already has."

"We do want allies to be treated as partners and allies, and not as junior members of a firm who are to be seen but not heard.

"So I would think that it would be better, for the interests of the United States, to make our law more legal."

Later his press secretary, James C. Hagerty, indicated the administration was actively exploring the desirability of seeking amendment to the present law.

In addition, administration officials said privately that it is entirely probable the President will

8 Tax Levies Set For Vote

5 Subdivisions File Issues For Primary

Five Columbiana County subdivisions will vote on a total of 8 proposed tax levies at the May 3 primaries.

The proposals were filed with the County Election Board at the same time candidates were entering for party posts.

Three proposals certified Monday night by the East Liverpool Board of Education include a new 1-mill levy, a new 3-mill levy and renewal of an 8-mill levy. All would be in effect 5 years.

Other propositions are:

Elkrun Township, renewal of a half-mill fire protection levy for 5 years.

Center Township, renewal of a four-tenth-mill fire protection levy for 5 years.

Hanover Township: a 1-mill road maintenance levy and a 1-mill fire protection levy, both renewals for 5 years.

Franklin Township, a new two-tenth-mill levy for police protection, which would be in effect 2 years.

6 Are Killed, 2 Missing In Plane Mishap

ROSWELL, N.M. (AP) — A fuel-laden jet tanker plane spun out of control on takeoff from Walker Air Force Base Wednesday. It crashed into two sister ships, some parked cars and a hangar, killing six men.

Two other men were missing. The Air Force planned to sift the ashes of the hangar today in another search for bodies.

Five of the dead were aboard the four-engine KC135. They were S. Sgt. George W. Short, Bell Gardens, Calif.; 1st Lt. James J. Muller, Woodbury, N.J.; Maj. James F. Kelleher, Geneva, N.Y.; Maj. James W. McCormick, Homer City, Pa.; and Maj. William L. Burke, 40, of Flint, Mich., the instructor-pilot.

Identities of the sixth dead man, and the two missing men, were withheld until next of kin are notified.

Flames which engulfed the three 4½ million dollar tankers was fed by tons of jet fuel, triggered by exploding magnesium flares.

4 Democrats Contest For State Senate

A lone Democratic contest will mark the May 3 primaries in the 18th Congressional District and the 20th-22nd State Senatorial District, both of which include Columbiana County.

With a second district seat open in the State Senate because of periodic reapportionment that occurs once in 10 years, Democrats have a four-man race for the nomination. All other aspirants for congressional and state senatorial nominations are unopposed.

Seeking the Democratic nomination are: John Taylor of Salem, a job printer and a former state senator; Atty. Edmund A. Sargus of St. Clairsville, who practices law in Bellaire; Atty. Hugo Alexander of Steubenville, Jefferson County Democratic chairman, and Durward H. Stewart of Brilliant, a steelworker.

Sen. Arthur Blake of Martins Ferry, the Democratic incumbent, will remain in office for 2 more years of a 4-year term.

Republicans have a lone candidate for the state senate nomination, Atty. Donald Elliott of Rogers. A practicing attorney since 1935, he sought the office unsuccessfully 6 years ago.

The state senatorial district includes Columbiana, Jefferson, Belmont and Harrison Counties.

The filing deadline passed yesterday afternoon without party opposition developing for Rep. Wayne L. Hays of Flushing, Democrat, who is seeking nomination to his seventh term in Congress.

The Republican candidate, also unopposed, is Atty. Walter Jay Hunston of Salem, who lost to Rep. Hays in a bid for the same post in 1954. Atty. Hunston, a World War II veteran and a former Salem city solicitor, has practiced law since 1947.

Rep. Hays has represented the district in Congress continuously since 1949. The district includes Columbiana, Belmont, Carroll, Harrison and Jefferson Counties.

Quiet Marks Syrian-Israel Frontier Area

Report Comes After Israeli Had Charged Foes With Shooting

JERUSALEM (AP) — The sensitive demilitarized zone on the Syrian-Israel frontier was reported quiet today.

The report came from Syrian observers after Israel charged Syrian gunners with firing Wednesday night despite U.N. requests that both sides withdraw their armed forces from the disputed area.

Damascus newspapers said Arab villagers in the Tawafik area, who fled artillery and tank fighting there Monday, had moved back to resume their farming.

Israel charged that Syrian troops armed with automatic rifles and mortars fired on an Israeli settlement southeast of the Sea of Galilee Wednesday night and wounded a guardsman.

There was no immediate confirmation of the report.

(Both the United Arab Republic and Israel accused each other of aggression in complaints filed with the U.N. Security Council in New York Wednesday night. Neither requested immediate council action, however.)

5 More File For Hancock

Third Republican Is Sheriff's Candidate

Five more candidates filed Wednesday and today for party nominations at the May 10 primaries in Hancock County, including the third Republican candidate for sheriff.

The newest entrant for the sheriff's post is Silas Boley of Weirton, a former member of the Board of Education. C. Dayton King of Weirton and Donald Bates of Chester R. D. 1 filed for the GOP nomination earlier.

The other candidates include Orren Reed of Chester, Democrat, for constable in Grant District.

James H. Coleman will seek the Democratic nomination and Archie S. Adams filed for the Republican nomination as Butler District constable while Henry A. Capas filed for the GOP county executive committee from Butler District. All are from Weirton.

Boley served 18 years on the school board and now is chairman of the Selective Service Board. Active in civic and fraternal affairs, he is a carpenter foreman in the tin mill of the Weirton Steel Co. where he has been employed more than 35 years. He is married and has three children. The filing deadline is Saturday.

W. Frank Keefer of Wheeling, assistant Ohio County prosecuting attorney, filed Wednesday as a Democratic candidate for one of the two positions as judge of the 1st Judicial Circuit, which includes Hancock County. He will oppose Judge J. J. P. O'Brien for the Democratic nomination. Judge J. H. Brennan is the only candidate so far for the Republican nomination. The filing deadline is Saturday midnight.

95 Will Serve In Taking Of County Census

A staff of 95, including 85 enumerators, will take Columbiana County's census as part of the 18th Congressional District count of noses for the national check on population.

Howard Borden of Steubenville, district supervisor, said there will be five crew leaders and five field reviewers also in the county phase. Staffs of the other counties will be Belmont, 97; Carroll, 21; Jefferson, 74, and Harrison, 20. Steubenville will have 37.

Borden announced that Mrs. Edna Polcyn has been appointed administrative clerk and O. W. Schaefer technical officer. Both are of Steubenville.

Mrs. Polcyn has just returned from a course of training at the regional office in Cincinnati and will serve as office manager and secretary.

Schaefer, who also completed training at the regional office, will be in charge of quality control and be responsible for the technical training of all crew leaders and enumerators in the entire district.

The district office is at 332 Adams St., Steubenville. The census starts April 1. The last was in 1950.

Finch Claims His Wife Shot By Accident

Surgeon Is Expected To Give Full Details Of Death Struggle

LOS ANGELES (AP) — The major mystery at the Finch murder trial — how Dr. R. Bernard Finch would explain his claim that he shot his wife in the back by accident — is a mystery no more.

It happened, his attorney says, when a gun the two were fighting over fired by mischance as the doctor tried to throw it out of harm's way.

The wealthy surgeon, on trial with his mistress, Carole Tregoff, was expected to tell full details of the death struggle with his socialite wife when he returned to the stand today.

"Doctor, did you, on the night of July 18, 1959, murder your wife?" his lawyer asked about a minute after the handsome, graying defendant took the stand for the first time Wednesday.

"Absolutely not," Finch answered firmly and clearly.

"Or at any other time?"

"No."

"Dr. Finch, did you at any time conspire, combine, confederate or agree or enter into any kind of conspiracy with Jack Cody, with Carole Tregoff or with any other living person to kill and murder your wife?"

"No, sir, I certainly did not."

Finch, 42, appeared calm and assured. The witness-stand microphone was shoved away from him. "I hate microphones," he told a reporter later.

A packed, auditorium-sized courtroom — with scores of would-be spectators still lined hopefully in the corridor outside — hung on Finch's first public words about the night his wife died. Listening at the counsel table was pretty, red-haired Miss Tregoff, 23, his former receptionist.

The state charges they conspired to kill Barbara Jean Finch, 36, and that Finch shot her so they could marry and not have to share the estate Mrs. Finch once estimated at $750,000.

New Contract Averts Strike At Beaver Falls

BEAVER FALLS — A new contract agreement has averted a strike of 241 employes at the Moltrop Steel Products Co. plant here.

Representatives of Moltrop and Local 1202 of the United Steelworkers came to terms Wednesday night on a pact subject to approval by the workers at a meeting next Sunday.

Details of the 31-month contract, retroactive to Jan. 1, were withheld pending Sunday's meeting.

Moltrop is among the last firms to reach agreement with the union since the nationwide steel strike.

Filing Deadline Passes

76 In Ohio Seek Seats In Congress

COLUMBUS, Ohio (AP) — Now Ohio knows who its political candidates are for the May 3 primary elections—and there are a lot of them, including two sets of delegates warring over who will have the honor of casting votes for U.S. Sen. John F. Kennedy for the presidential nomination.

The filing deadline was Wednesday. It produced few surprises aside from the strength of the delegate slate presented by Cuyahoga County Democratic Chairman Ray T. Miller Sr. in opposition to the favorite-son slate behind Democratic Gov. Michael V. DiSalle.

Filing deadline day saw 14 candidates lined up for the bobtailed statewide election scheduled this year. It also saw 76 candidates running for 46 nominations for 23 Ohio congressional posts. Because of three retirements and one death, Ohio is certain to have four new faces in its delegation to the next Congress.

The DiSalle-Miller fight for control of the Democratic Party in Ohio blossomed only recently, but it's in full flower as of today.

Miller plumped for Kennedy last fall as a presidential candidate while DiSalle kept his silence. But, on Jan. 6, DiSalle offered himself as Ohio's favorite son candidate pledged to Kennedy — and Kennedy immediately accepted DiSalle as spokesman for Ohio Democrats.

Miffed, Miller demanded Cuyahoga County get the lion's share of the at-large delegates to the convention opening July 11 at Los Angeles. DiSalle ignored the demand. Miller countered with a threat to enter a delegate slate pledged all-out to Kennedy.

And that's the way it turned out. If Miller is able to elect his slate nominally pledged to Cuyahoga County Engineer Albert S. Porter for president, he will practically split even with DiSalle in the struggle for the Ohio delegation control.

Miller entered delegate candidates in 16 of Ohio's 23 congressional districts—one in some and two in others. He also entered 14 at-large delegates who would have one-half vote each.

DiSalle forces entered a full slate—two candidates in each of the congressional districts and 36 at-large delegate candidates. Miller candidates, if Kennedy fails, would let Kennedy dictate their future course. DiSalle candidates, instead would caucus over the problem of what to do then.

Only boat-rocker on the other-

Slates Without Opposition

District Party Delegations File For Nixon And DiSalle

The 18th Congressional District, which includes Columbiana County, will send delegates to the Republican national convention pledged to support Vice President Richard M. Nixon for the presidential nomination and a Democratic delegation backing Gov. Michael V. DiSalle, Ohio's "favorite son" candidate.

Slates of candidates for delegate and alternate to the two presidential nominating conventions which were filed earlier were left without opposition when the deadline passed Wednesday afternoon at the Columbiana County Election Board's office.

The GOP district delegation, pledged to Nixon as first choice for president and State Auditor James A. Rhodes as second choice, includes as delegates: Mrs. Letha C. Astry of Salem, 18th District woman member of the GOP State Central Committee, and Robert J. Hocker of Steubenville, Jefferson County Republican chairman.

Candidates for alternate are Tom Richards of Carrollton, Carroll County prosecuting attorney, and Mrs. Isabelle K. Chaney of Cadiz R. D. 4, Harrison County GOP chairwoman.

The district slate for the Democratic national convention includes: Rep. Wayne L. Hays of Flushing, 18th District congressman, and

St. Clairsville Judge Is Appeals Candidate

YOUNGSTOWN — Judge John C. Nichols of St. Clairsville was a last-minute candidate for the Republican nomination for judge of the 7th District Appellate Court, the Mahoning County Board of Elections said.

He served a number of terms in the 13-county judicial district before losing a bid for a new term two years ago. He will be unopposed in the primary, as will Judge Lynn B. Griffith of Warren, Democratic incumbent who announced earlier. They go on the non-partisan ballot in November.

Senate Sifts $800 Million Education Bill

Nixon Helps Kill $1.1 Billion Yearly For Aid To Schools

WASHINGTON (AP)—The Senate today takes up a new Democratic proposal to boost the size of the school aid bill after a dramatic night session in which Vice President Richard M. Nixon helped kill one such increase.

The newest proposal, by Sen. A. S. Mike Monroney (D-Okla), would provide 880 million dollars a year for four years in federal grants for both school construction and teacher salary aid.

The defeated plan, by Sen. Joseph S. Clark (D-Pa), would have provided $1,100,000,000 a year indefinitely for those purposes.

Senate leaders expressed hope that action on the school aid proposals can be completed by tonight.

The Senate held its longest session of the year—12½ hours—on the education bill Wednesday but packed most of the excitement into the last hour.

In that period, after prolonged debate, the senators defeated Clark's proposal by a 44-44 tie vote.

Nixon could have broken this tie and put over the proposal, but did not do so presumably because he opposed it. The Eisenhower administration is heavily against any broad system of grants in this field.

City Police To Check Taverns For Violations

The administration has asked the police department to make a thorough check of all East Liverpool taverns to find of any are being frequented by minors or if there are any other violations of State Liquor Control laws, Mayor Bert H. Goodballet said today.

The mayor said Chief Americo J. Radeschi was asked to make the investigation as a result of a newspaper editorial containing a charge that taverns may be catering to minors.

"The administration asked the chief to check all taverns for any such violations or any other infractions of the law," he said. "The investigation now is under way."

Finch, 42, appeared calm and assured. The witness-stand microphone was shoved away from him. "I hate microphones," he told a reporter later.

A packed, auditorium-sized courtroom — with scores of would-be spectators still lined hopefully in the corridor outside — hung on Finch's first public words about the night his wife died. Listening at the counsel table was pretty, red-haired Miss Tregoff, 23, his former receptionist.

The state charges they conspired to kill Barbara Jean Finch, 36, and that Finch shot her so they could marry and not have to share the estate Mrs. Finch once estimated at $750,000.

New Contract Averts Strike At Beaver Falls

BEAVER FALLS — A new contract agreement has averted a strike of 241 employes at the Moltrop Steel Products Co. plant here.

Representatives of Moltrop and Local 1202 of the United Steelworkers came to terms Wednesday night on a pact subject to approval by the workers at a meeting next Sunday.

Details of the 31-month contract, retroactive to Jan. 1, were withheld pending Sunday's meeting.

Moltrop is among the last firms to reach agreement with the union since the nationwide steel strike.

Filing Deadline Passes

76 In Ohio Seek Seats In Congress

COLUMBUS, Ohio (AP) — Now Ohio knows who its political candidates are for the May 3 primary elections—and there are a lot of them, including two sets of delegates warring over who will have the honor of casting votes for U.S. Sen. John F. Kennedy for the presidential nomination.

The filing deadline was Wednesday. It produced few surprises aside from the strength of the delegate slate presented by Cuyahoga County Democratic Chairman Ray T. Miller Sr. in opposition to the favorite-son slate behind Democratic Gov. Michael V. DiSalle.

Filing deadline day saw 14 candidates lined up for the bobtailed statewide election scheduled this year. It also saw 76 candidates running for 46 nominations for 23 Ohio congressional posts. Because of three retirements and one death, Ohio is certain to have four new faces in its delegation to the next Congress.

The DiSalle-Miller fight for control of the Democratic Party in Ohio blossomed only recently, but it's in full flower as of today.

Miller plumped for Kennedy last fall as a presidential candidate while DiSalle kept his silence. But, on Jan. 6, DiSalle offered himself as Ohio's favorite son candidate pledged to Kennedy — and Kennedy immediately accepted DiSalle as spokesman for Ohio Democrats.

Miffed, Miller demanded Cuyahoga County get the lion's share of the at-large delegates to the convention opening July 11 at Los Angeles. DiSalle ignored the demand. Miller countered with a threat to enter a delegate slate pledged all-out to Kennedy.

And that's the way it turned out. If Miller is able to elect his slate nominally pledged to Cuyahoga County Engineer Albert S. Porter for president, he will practically split even with DiSalle in the struggle for the Ohio delegation control.

Miller entered delegate candidates in 16 of Ohio's 23 congressional districts—one in some and two in others. He also entered 14 at-large delegates who would have one-half vote each.

DiSalle forces entered a full slate—two candidates in each of the congressional districts and 36 at-large delegate candidates. Miller candidates, if Kennedy fails, would let Kennedy dictate their future course. DiSalle candidates, instead would caucus over the problem of what to do then.

District Party Delegations File For Nixon And DiSalle

The 18th Congressional District, which includes Columbiana County, will send delegates to the Republican national convention pledged to support Vice President Richard M. Nixon for the presidential nomination and a Democratic delegation backing Gov. Michael V. DiSalle, Ohio's "favorite son" candidate.

Slates of candidates for delegate and alternate to the two presidential nominating conventions which were filed earlier were left without opposition when the deadline passed Wednesday afternoon at the Columbiana County Election Board's office.

The GOP district delegation, pledged to Nixon as first choice for president and State Auditor James A. Rhodes as second choice, includes as delegates: Mrs. Letha C. Astry of Salem, 18th District woman member of the GOP State Central Committee, and Robert J. Hocker of Steubenville, Jefferson County Republican chairman.

Candidates for alternate are Tom Richards of Carrollton, Carroll County prosecuting attorney, and Mrs. Isabelle K. Chaney of Cadiz R. D. 4, Harrison County GOP chairwoman.

The district slate for the Democratic national convention includes: Rep. Wayne L. Hays of Flushing, 18th District congressman, and

St. Clairsville Judge Is Appeals Candidate

YOUNGSTOWN — Judge John C. Nichols of St. Clairsville was a last-minute candidate for the Republican nomination for judge of the 7th District Appellate Court, the Mahoning County Board of Elections said.

He served a number of terms in the 13-county judicial district before losing a bid for a new term two years ago. He will be unopposed in the primary, as will Judge Lynn B. Griffith of Warren, Democratic incumbent who announced earlier. They go on the non-partisan ballot in November.

Senate Sifts $800 Million Education Bill

Nixon Helps Kill $1.1 Billion Yearly For Aid To Schools

WASHINGTON (AP)—The Senate today takes up a new Democratic proposal to boost the size of the school aid bill after a dramatic night session in which Vice President Richard M. Nixon helped kill one such increase.

The newest proposal, by Sen. A. S. Mike Monroney (D-Okla), would provide 880 million dollars a year for four years in federal grants for both school construction and teacher salary aid.

The defeated plan, by Sen. Joseph S. Clark (D-Pa), would have provided $1,100,000,000 a year indefinitely for those purposes.

Senate leaders expressed hope that action on the school aid proposals can be completed by tonight.

The Senate held its longest session of the year—12½ hours—on the education bill Wednesday but packed most of the excitement into the last hour.

In that period, after prolonged debate, the senators defeated Clark's proposal by a 44-44 tie vote.

Nixon could have broken this tie and put over the proposal, but did not do so presumably because he opposed it. The Eisenhower administration is heavily against any broad system of grants in this field.

City Police To Check Taverns For Violations

The administration has asked the police department to make a thorough check of all East Liverpool taverns to find of any are being frequented by minors or if there are any other violations of State Liquor Control laws, Mayor Bert H. Goodballet said today.

The mayor said Chief Americo J. Radeschi was asked to make the investigation as a result of a newspaper editorial containing a charge that taverns may be catering to minors.

"The administration asked the chief to check all taverns for any such violations or any other infractions of the law," he said. "The investigation now is under way."

NEW YORK (AP)—Gen. Douglas MacArthur, suffering an urological ailment, had his "most restful and best night" since he entered the hospital, a medical bulletin reported today. The 80-year-old general entered the hospital Jan. 29 for treatment of an enlarged prostate gland.

Crawford of near West Point, a former county judge; Robert Barnett of Beloit R. D. 2, a Knox Township dairy and turkey farmer; Robert L. Faulkner of Leetonia R. D. 1; Rudy Wilk of Clark Ave., Wellsville, former owner of the Riverview Hotel and a member of his city's Civil Service Commission for 28 years, and Daniel A. McKeever, deputy county auditor and former county sanitarian.

Frank Wilson of Wellsville, Democrat, is the hold-over commissioner. Gard is seeking his first full term, as he now is serving in an unexpired term to which he was elected in 1958.

No last-minute candidates filed for state representative on the GOP slate, leaving the field at five.

The candidates are: Rep. Clarence L. (Dutch) Wetzel of Lisbon, seeking a sixth term; Atty. Delmar T. O'Hara, 245 Highland Ave., Wellsville, who served 2 consecutive terms in the Assembly from 1951 to 1955; I. J. Vorndran, 340 Green Ln., who retired a year ago after 16 years as county auditor; J. Warren Bettis of Salineville, assistant county prosecuting attorney, and Kenneth E. Bell of Columbiana, operator of a hardware and lumber business.

The Democratic field for representative also includes: Benjamin Barrett of Salem, a high school teacher and former football coach; Bernard Freeman of Columbiana, a jeweler and also a deputy in the county auditor's office; Robert Cogan of East Rochester, a construction electrician and a West Township trustee; Samuel Sowards of Lisbon, a State Highway Department employe, and Harold D. Putt of Armstrong Ln., operator of an East End furniture store.

Mrs. Frances W. Morton of Wellsville, veteran county recorder, did not file for renomination, which means she will retire at the end of 1960. A Republican, Mrs. Morton has served three consecutive terms. In all, she has been employed in the Courthouse approximately 30 years.

Republicans have a three-man race for the nomination for her post, while Democrats have a four-way contest.

The GOP slate includes: Richard G. Brian, 324 Vine St., operator of a men's clothing store and a former county commissioner; Robert W. Sample Jr., 606 McKinnon Ave., who retired Dec. 31 after 5 terms in City Council, and Richard T. (Dick) Mason of Lisbon, Center Township clerk.

The Democratic field for recorder shows, in addition to Winters: Lawrence A. (Larry) Finlay, 700 Sophia St., operator of Finlay's Market and former president and secretary-treasurer of the Trades and Labor Council; John E. Graham, 404 Aten Ave., Wellsville, a deputy in County Auditor Kenneth Bell's office, and Donald J. Longshore of Columbiana, an oil salesman.

Sheriff Russell J. Van Fossan of East Palestine, Republican, is unopposed for nomination for a second term.

The 5-way Democratic race for the sheriff nomination shows, in addition to McGurren: Albert E. Kittridge, 821 Chester Ave., safety engineer for a transportation insurance company and a member of the East Liverpool police department for 14 years; John Ansman of Salem, a meat cutter in a Youngstown market; Lloyd Bentley of Salineville R. D., a machinist at the T. K. Roofing Manufacturing Co. at Chester, and Merle Hardy of North Georgetown, former Knox Township constable.

Wilson's filing made a two-way race for the GOP nomination for clerk of courts. The other candidate, who filed earlier, is Charles H. Brant, former East Palestine councilman.

Four Democratic candidates are unopposed for renomination: Probate Judge Louis Tobin of St. Clair Ave.; Court Clerk Carl L. Stacey of Columbiana, Treasurer Vincent C. Judge of Lisbon and Dr. William A. Kolozsi of Salem, coroner.

Two other Republican incumbents are unopposed: Prosecuting Atty. G. William Brokaw of Smithfield St., seeking his second term, and County Engineer Charles O. Snyder of Salem.

Democrats have two other unopposed candidates. They are John Ursu of Salem, for county engineer, first member of his party to seek the post in 24 years, and Atty. Herbert E. Arfman of Leetonia, who practices law in Salem, for prosecuting attorney.

On the GOP slate, Mrs. H. Joan Dixon of the East Liverpool Rd., near Lisbon, is unopposed for nomination for treasurer. She is a former employe of the treasurer's and auditor's offices in the Courthouse.

The GOP has no candidates for probate judge and coroner.

Group Plans Valentine Fetes At Beaver Local

About 18 attended a meeting of the Beaver Local Mothers Club Wednesday at the Public School at which plans were made to hold valentine parties for all classes Feb. 11 from 2:30 to 3:15 p. m.

Plans were also made for an eighth grade party Feb. 16 at 7:30 at the school.

Mrs. Dorothy Smith was appointed chairman of a finger-food dinner March 19, with proceeds to be used by the Parent - Teacher Association.

Mrs. Betty Holdin, president, said all mothers or guardians of children attending the school are invited to join. The next meeting will be March 2.

Trustees Air Road Repairs

Discussion of needed repairs and maintenance of the Steubenville Rd. — between Highlandtown and New Salisbury — was held at a meeting of the Washington Township trustees Wednesday night at Salineville.

The trustees plan to ask county commissioners and a representative of the H. K. Porter Co. to attend the next meeting Feb. 17 to review the present and future status of the road.

Trustees are interested in the company's future use of the road, in line with a planned expansion program. The firm's trucks are presently using the highway.

There also has been some discussion by Yellow Creek Township trustees concerning the county assuming authority over the road.

Eugene Webster, representing some 37 Monroeville Rd. residents petitioning for water service from Salineville, conferred with the trustees about arrangements for seeking the service.

Trustees requested Webster to meet with them Feb. 17 when the legal advisor will be present.

Party

(Continued from Page One)

Don R. Gosney of Columbiana, county party chairman, for delegates, and Maurice Rapport, East Liverpool businessman, and Atty. Hugo Alexander of Steubenville, Jefferson County Democratic chairman, for alternates.

There is only one race for election of Democratic and Republican men and women members of the parties' state central committees.

Dale E. Fulton of Martins Ferry, the incumbent, is opposed by Robert M. Bell of Steubenville, a steel firm employe and councilman, for GOP State Central Committeeman from the 18th Congressional District. Fulton, who was administrative assistant to former Gov. C. William O'Neill, was appointed early in January to succeed Carl Weinman of Steubenville, who became a federal judge for the Southern District of Ohio.

The other incumbent state committeemen and committeewomen are unopposed. They are Gosney, who sits on the Democratic state committee; Mrs. Astry, woman member of the GOP state committee, and Miss Esther Pinsky of Bellaire, woman member of the Democratic state committee.

The national convention delegates and state party committeemen are elected in the area which makes up the 18th Congressional District — Columbiana, Belmont Carroll, Harrison and Jefferson Counties.

The candidates file with the Columbiana County board as it serves the "most populous" county of the district.

SYDNEY, Australia (AP)—Sydney's Riverview Observatory recorded a severe earthquake today about 1,900 miles north northeast of Sydney — probably in the Solomon Islands region.

Finch

(Continued from Page One)

Finch testified that his wife gradually became sexually frigid toward him after the birth of their son, Raymond Jr., in April 1953.

By November 1956 they no longer had sexual relations, Finch said.

The following January Finch first dated Miss Tregoff, a one-time model then working as a receptionist in the doctor's clinic.

Defense Attorney Grant B. Cooper, outlining his case to the jury, said the doctor and his young receptionist became intimate in March of 1957.

It was to talk to Mrs. Finch about a divorce settlement that they drove to the Finches' luxurious hilltop home in suburban West Covina last July 18, Cooper said. He said that Mrs. Finch pulled the pistol from her car when they met in the garage of the home.

Cooper said Finch grabbed the gun from her, knocked her unconscious, she recovered consciousness, grabbed the gun and ran into the night — Carole having already fled the scene.

Cooper said Finch would tell of the violent encounter.

The gun was never found.

The state also charged that Carole and Finch hired an escaped convict named John Patrick Cody to kill Mrs. Finch.

Cooper said they hired Cody to follow Mrs. Finch — in the hopes of finding her committing an indiscretion with a man.

The state charged that Finch and Miss Tregoff took the pistol with them in a conclusion to a weeks-old plot to kill Barbara Finch.

Syria-Israel

(Continued from Page One)

(The U.A.R. said Israeli troops were massing in a move to occupy the zone. Israel said "Syrian acts of aggression in the zone" were aimed at giving Syria control over the area and represented another step in a U.A.R. "policy of active belligerency towards Israel.")

A member of the Israeli-Syrian Mixed Armistice Commission in Jerusalem said neither the U.A.R. nor Israel has responded to Tuesday's withdrawal requests.

An Israeli spokesman Wednesday denied the existence of any Israeli forces in the zone, where fighting broke out last Friday.

The flareup in shooting was reported by the Israeli army a few hours after the U.A.R. 1st (Syrian) army announced a skirmish with Israeli patrols during a heavy rain.

The Damascus report said Syrian outposts fired on a five-man Israeli patrol approaching one Syrian position and hit "almost all of them."

The U.A.R. spokesman said other Israeli troops then opened fire on the Syrian positions, "possibly to cover the operation of dragging away their killed or wounded patrolmen."

An Israeli spokesman denied the report.

Driver Unhurt In Car Wreck

A 20-year-old Salineville area driver escaped injury when his car struck guardrails on Route 39 early today, the State Highway Patrol at Lisbon reported.

Larry Boals of Salineville R. D. 1, headed north, left the road about 6 miles north of Wellsville, causing some $200 damage to the 1946 sedan.

Boals was cited for reckless operation and is due for a hearing before County Judge James McDonald at Lisbon. The mishap occurred at 1 a. m.

Howard Sarver, 18, of Columbiana R. D. 1 was cited by the patrol after his car and another collided on Route 7 near Middleton Wednesday.

Officer said Sarver made a left turn as a car driven by Richard Kording, 26, of Poland passed him. Sarver was charged with failure to signal a turn. Damage was minor.

Education

(Continued from Page One)

But then the Democrats maneuvered quickly to get the vice president on record on the issue.

Majority Leader Lyndon B. Johnson (D-Tex) one of Nixon's potential opponents in the 1960 presidential election, moved to reconsider the 44-44 vote in an effort to change the result.

Minority Leader Everett M. Dirksen (R-Ill) stepped in with a motion to table, and thus kill, Johnson's proposal.

Dirksen's motion at first appeared lost on an almost identical 44-44 tally, but Nixon cast his vote in favor of it, tabling reconsideration 45-44. This had the effect of Clark's amendment.

Dirksen said he would offer some time today the administration's education bill but it appeared to have little chance of success.

Under it, the federal government would undertake to pay over the next 30 years about $2,200,000,000 covering one-half of the principal and interest charges on three billion dollars worth of school construction bonds to be issued in the next five years.

STEP OUT IN IT

Get the quiet proof of Chevrolet's superior performance on the road—No other car in the low-priced three can match the borne-on-the-wind sensation you get from a ride in the 1960 Chevrolet. But that's not surprising when you consider to what lengths Chevy has gone to provide for your comfort at no extra cost to you. As you drive, count the ways Chevrolet has been thoughtful:

Supple Full Coil suspension—Coil springs at *all four* wheels melt bumps as no other suspension can. Taking the punch out of rough roads is their *only* function—they don't have to anchor the rear axle.

Butyl rubber body mounts—Thicker, newly designed body mounts further insulate you from the road.

Body by Fisher—Only Chevy in its field offers the polish and craftsmanship of Body by Fisher.

Foam cushioned seats—Chevy offers foam cushioned seats in *both* front and rear in all series but one.

Safety-Girder frame—X-built and not merely X-braced, the Safety-Girder frame affords greater rigidity to minimize twisting and squeaks.

Hydraulic valve lifters—Oil hushed hydraulic valve lifters reduce engine noise to a whisper.

Cushioned steering shaft—A universal joint and cushioned coupling keep those annoying road tremors from the steering wheel.

Precision balanced wheels and tires—Here again Chevy has shown concern for your comfort by eliminating vibration in this vital area—tire life is longer, too.

Easy steering ratio—Chevy's high ratio Ball Race steering takes the work out of steering for you.

Superior weight distribution—Chevy rides better, handles better and stops better because the car's weight is more equally divided between the front and rear wheels.

Wide choice of power teams—Choose from 24 different power combinations to satisfy the itchiest driving foot—more than *any* other car.

70 Candidates File In Time For Primary

(Continued from Page One)

ard L. Ketchum of Wayne Township, all for the Republican nomination for commissioner.

Fred R. Deidrick of Wayne Township and John Varsho of Lisbon R. D. 3, operator of the Vi-Jon Bar on E. 6th St., for the Democratic nomination for commissioner.

John H. Todd, former Lisbon mayor, for the Democratic nomination for state representative.

Richard O. Wilson of Park Blvd., operator of the Wilson Printing House, for the GOP nomination for clerk of courts.

Richard P. Winters of St. Clair Ave. Ext., business representative of Retail Clerks Local 133, for the Democratic nomination for county recorder.

Joseph McGurren of Salem, for the Democratic nomination for sheriff.

Others in the GOP commissioners' race are: Walter A. Hunston of East Palestine, the incumbent; Jonathan C. Mason, 509 Maryland Ave., a veteran auctioneer and a former state senator; Hugh McPherson of North Georgetown, operator of a general store; Lorain H. Foulks of Calcutta, a custom farmer and St. Clair Township trustee; Galen H. Greenisen of Salem R. D. 3, who formerly served 8 years as commissioner, and Ford L. McQuilkin of Homeworth, operator of the McQuilkin Lumber Co.

Earlier entrants in the Democratic commissioners race were: R. Max Gard of near Lisbon, an antique shop proprietor and historian, the incumbent; Samuel J. Crawford of near West Point, a former county judge; Robert Barnett of Beloit R. D. 2, a Knox Township dairy and turkey farmer; Robert L. Faulkner of Leetonia R. D. 1; Rudy Wilk of Clark Ave., Wellsville, former owner of the Riverview Hotel and a member of his city's Civil Service Commission for 28 years, and Daniel A. McKeever, deputy county auditor and former county sanitarian.

Frank Wilson of Wellsville, Democrat, is the hold-over commissioner. Gard is seeking his first full term, as he now is serving in an unexpired term to which he was elected in 1958.

No last-minute candidates filed for state representative on the GOP slate, leaving the field at five.

The candidates are: Rep. Clarence L. (Dutch) Wetzel of Lisbon, seeking a sixth term; Atty. Delmar T. O'Hara, 245 Highland Ave., Wellsville, who served 2 consecutive terms in the Assembly from 1951 to 1955; I. J. Vorndran, 340 Green Ln., who retired a year ago after 16 years as county auditor; J. Warren Bettis of Salineville, assistant county prosecuting attorney, and Kenneth E. Bell of Columbiana, operator of a hardware and lumber business.

The Democratic field for representative also includes: Benjamin Barrett of Salem, a high school teacher and former football coach; Bernard Freeman of Columbiana, a jeweler and also a deputy in the county auditor's office; Robert Cogan of East Rochester, a construction electrician and a West Township trustee; Samuel Sowards of Lisbon, a State Highway Department employe, and Harold D. Putt of Armstrong Ln., operator of an East End furniture store.

Mrs. Frances W. Morton of Wellsville, veteran county recorder, did not file for renomination, which means she will retire at the end of 1960. A Republican, Mrs. Morton has served three consecutive terms. In all, she has been employed in the Courthouse approximately 30 years.

Republicans have a three-man race for the nomination for her post, while Democrats have a four-way contest.

The GOP slate includes: Richard G. Brian, 324 Vine St., operator of a men's clothing store and a former county commissioner; Robert W. Sample Jr., 606 McKinnon Ave., who retired Dec. 31 after 5 terms in City Council, and Richard T. (Dick) Mason of Lisbon, Center Township clerk.

The Democratic field for recorder shows, in addition to Winters: Lawrence A. (Larry) Finlay, 700 Sophia St., operator of Finlay's Market and former president and secretary-treasurer of the Trades and Labor Council; John E. Graham, 404 Aten Ave., Wellsville, a deputy in County Auditor Kenneth Bell's office, and Donald J. Longshore of Columbiana, an oil salesman.

Sheriff Russell J. Van Fossan of East Palestine, Republican, is unopposed for nomination for a second term.

The 5-way Democratic race for the sheriff nomination shows, in addition to McGurren: Albert E. Kittridge, 821 Chester Ave., safety engineer for a transportation insurance company and a member of the East Liverpool police department for 14 years; John Ansman of Salem, a meat cutter in a Youngstown market; Lloyd Bentley of Salineville R. D., a machinist at the T. K. Roofing Manufacturing Co. at Chester, and Merle Hardy of North Georgetown, former Knox Township constable.

Wilson's filing made a two-way race for the GOP nomination for clerk of courts. The other candidate, who filed earlier, is Charles H. Brant, former East Palestine councilman.

Four Democratic candidates are unopposed for renomination: Probate Judge Louis Tobin of St. Clair Ave.; Court Clerk Carl L. Stacey of Columbiana, Treasurer Vincent C. Judge of Lisbon and Dr. William A. Kolozsi of Salem, coroner.

Two other Republican incumbents are unopposed: Prosecuting Atty. G. William Brokaw of Smithfield St., seeking his second term, and County Engineer Charles O. Snyder of Salem.

Democrats have two other unopposed candidates. They are John Ursu of Salem, for county engineer, first member of his party to seek the post in 24 years, and Atty. Herbert E. Arfman of Leetonia, who practices law in Salem, for prosecuting attorney.

On the GOP slate, Mrs. H. Joan Dixon of the East Liverpool Rd., near Lisbon, is unopposed for nomination for treasurer. She is a former employe of the treasurer's and auditor's offices in the Courthouse.

The GOP has no candidates for probate judge and coroner.

Group Plans Valentine Fetes At Beaver Local

About 18 attended a meeting of the Beaver Local Mothers Club Wednesday at the Public School at which plans were made to hold valentine parties for all classes Feb. 11 from 2:30 to 3:15 p. m.

Plans were also made for an eighth grade party Feb. 16 at 7:30 at the school.

Mrs. Dorothy Smith was appointed chairman of a finger-food dinner March 19, with proceeds to be used by the Parent - Teacher Association.

Mrs. Betty Holdin, president, said all mothers or guardians of children attending the school are invited to join. The next meeting will be March 2.

Trustees Air Road Repairs

Discussion of needed repairs and maintenance of the Steubenville Rd. — between Highlandtown and New Salisbury — was held at a meeting of the Washington Township trustees Wednesday night at Salineville.

The trustees plan to ask county commissioners and a representative of the H. K. Porter Co. to attend the next meeting Feb. 17 to review the present and future status of the road.

Trustees are interested in the company's future use of the road, in line with a planned expansion program. The firm's trucks are presently using the highway.

There also has been some discussion by Yellow Creek Township trustees concerning the county assuming authority over the road.

Eugene Webster, representing some 37 Monroeville Rd. residents petitioning for water service from Salineville, conferred with the trustees about arrangements for seeking the service.

Trustees requested Webster to meet with them Feb. 17 when the legal advisor will be present.

Party

(Continued from Page One)

Don R. Gosney of Columbiana, county party chairman, for delegates, and Maurice Rapport, East Liverpool businessman, and Atty. Hugo Alexander of Steubenville, Jefferson County Democratic chairman, for alternates.

There is only one race for election of Democratic and Republican men and women members of the parties' state central committees.

Dale E. Fulton of Martins Ferry, the incumbent, is opposed by Robert M. Bell of Steubenville, a steel firm employe and councilman, for GOP State Central Committeeman from the 18th Congressional District. Fulton, who was administrative assistant to former Gov. C. William O'Neill, was appointed early in January to succeed Carl Weinman of Steubenville, who became a federal judge for the Southern District of Ohio.

The other incumbent state committeemen and committeewomen are unopposed. They are Gosney, who sits on the Democratic state committee; Mrs. Astry, woman member of the GOP state committee, and Miss Esther Pinsky of Bellaire, woman member of the Democratic state committee.

The national convention delegates and state party committeemen are elected in the area which makes up the 18th Congressional District — Columbiana, Belmont Carroll, Harrison and Jefferson Counties.

The candidates file with the Columbiana County board as it serves the "most populous" county of the district.

Records Severe Quake

SYDNEY, Australia (AP)—Sydney's Riverview Observatory recorded a severe earthquake today about 1,900 miles north northeast of Sydney — probably in the Solomon Islands region.

Finch

(Continued from Page One)

Finch testified that his wife gradually became sexually frigid toward him after the birth of their son, Raymond Jr., in April 1953.

By November 1956 they no longer had sexual relations, Finch said.

The following January Finch first dated Miss Tregoff, a one-time model then working as a receptionist in the doctor's clinic.

Defense Attorney Grant B. Cooper, outlining his case to the jury, said the doctor and his young receptionist became intimate in March of 1957.

It was to talk to Mrs. Finch about a divorce settlement that they drove to the Finches' luxurious hilltop home in suburban West Covina last July 18, Cooper said. He said that Mrs. Finch pulled the pistol from her car when they met in the garage of the home.

Cooper said Finch grabbed the gun from her, knocked her unconscious, she recovered consciousness, grabbed the gun and ran into the night — Carole having already fled the scene.

Cooper said Finch would tell of the violent encounter.

The gun was never found.

The state also charged that Carole and Finch hired an escaped convict named John Patrick Cody to kill Mrs. Finch.

Cooper said they hired Cody to follow Mrs. Finch — in the hopes of finding her committing an indiscretion with a man.

The state charged that Finch and Miss Tregoff took the pistol with them in a conclusion to a weeks-old plot to kill Barbara Finch.

Syria-Israel

(Continued from Page One)

(The U.A.R. said Israeli troops were massing in a move to occupy the zone. Israel said "Syrian acts of aggression in the zone" were aimed at giving Syria control over the area and represented another step in a U.A.R. "policy of active belligerency towards Israel.")

A member of the Israeli-Syrian Mixed Armistice Commission in Jerusalem said neither the U.A.R. nor Israel has responded to Tuesday's withdrawal requests.

An Israeli spokesman Wednesday denied the existence of any Israeli forces in the zone, where fighting broke out last Friday.

The flareup in shooting was reported by the Israeli army a few hours after the U.A.R. 1st (Syrian) army announced a skirmish with Israeli patrols during a heavy rain.

The Damascus report said Syrian outposts fired on a five-man Israeli patrol approaching one Syrian position and hit "almost all of them."

The U.A.R. spokesman said other Israeli troops then opened fire on the Syrian positions, "possibly to cover the operation of dragging away their killed or wounded patrolmen."

An Israeli spokesman denied the report.

Driver Unhurt In Car Wreck

A 20-year-old Salineville area driver escaped injury when his car struck guardrails on Route 39 early today, the State Highway Patrol at Lisbon reported.

Larry Boals of Salineville R. D. 1, headed north, left the road about 6 miles north of Wellsville, causing some $200 damage to the 1946 sedan.

Boals was cited for reckless operation and is due for a hearing before County Judge James McDonald at Lisbon. The mishap occurred at 1 a. m.

Howard Sarver, 18, of Columbiana R. D. 1 was cited by the patrol after his car and another collided on Route 7 near Middleton Wednesday.

Officer said Sarver made a left turn as a car driven by Richard Kording, 26, of Poland passed him. Sarver was charged with failure to signal a turn. Damage was minor.

Education

(Continued from Page One)

But then the Democrats maneuvered quickly to get the vice president on record on the issue.

Majority Leader Lyndon B. Johnson (D-Tex) one of Nixon's potential opponents in the 1960 presidential election, moved to reconsider the 44-44 vote in an effort to change the result.

Minority Leader Everett M. Dirksen (R-Ill) stepped in with a motion to table, and thus kill, Johnson's proposal.

Dirksen's motion at first appeared lost on an almost identical 44-44 tally, but Nixon cast his vote in favor of it, tabling reconsideration 45-44. This had the effect of Clark's amendment.

Dirksen said he would offer some time today the administration's education bill but it appeared to have little chance of success.

Under it, the federal government would undertake to pay over the next 30 years about $2,200,000,000 covering one-half of the principal and interest charges on three billion dollars worth of school construction bonds to be issued in the next five years.

Unexpected Loot

ST. LOUIS (AP) — Mrs. Anna Frager, 50, a free lance writer, was the victim of a purse snatching. Two boys grabbed her pocketbook containing $9 — and an article she had just written on crime.

Composed of 22 Red Cross Chapters in Western Pennsylvania, Ohio and West Virginia, it offers a program of entertainment and recreation for veteran hospitals and military units in the area.

The four hospitals served by the volunteers include Deshon at Butler, Leechburgh, Aspinwall and Pittsburgh, Jewell said.

Steve Lucas of Mercer was elected to succeed Jewell as vice chairman.

The 'Misunderstood' Revolution

The Moscow announcement that Anastas Mikoyan has been invited to visit Cuban Premier Fidel Castro in Havana, and will do so very soon, strips away all doubts anyone may still have about the sincerity of the bearded revolutionist's protestations that his policies and activities are not influenced by Communists.

Small hints of Red assistance in his rule of Cuba began to show up early after he routed Fulgencio Batista. Of late they have blossomed into a full-fledged pursuance of the Red strategy in Latin America — blasts of "imperialism" against the United States and expropriation of American-owned property in Cuba.

BOTH PREMIER CASTRO and the Communists know this sort of thing can be doné with impunity because the United States is ever on the defensive in Latin America. So touchy are our hot-tempered neighbors to the south that we must be careful not to take any action that would give credence — real or imagined — to suspicions that we like nothing better than to wave the "Big Stick."

Any action the United States might take to slap the Havana firebrand down for his false charges against it would have the immediate effect of confirming what he has been saying.

This is why President Eisenhower made the mild-mannered statement he did last week, even though his blood was probably boiling as much as any of his countrymen's over the latest series of Castro telecasts. He was deeply concerned by the turn of events in Cuba, the President said, but he had rejected suggestions of economic sanctions against the Cuban government.

It is interesting to note, in light of the news of Mikoyan's forthcoming visit, that the Havana regime replied next day with a message as mild-mannered as the President's.

DELIVERED NOT by Premeir Castro but by figurehead President Osvaldo Dorticos Torrado, the Cuban statement also expressed regret over the poor state of Cuban-U.S. relations. But it rejected "insinuations" of Communist influence in Castro's actions and said the deteriorating relations are the fault of Washington's "misunderstanding" of the ideals of the Cuban revolution.

To this last charge the United States and most of its citizens must plead guilty.

When Fidel Castro brought his drawn-out rebellion to successful conclusion in the ouster of an admittedly corrupt regime, most of us willingly viewed him as a dedicated democratic reformer.

It appears now that we really did misunderstand the "ideals" of his revolution.

The Enemy Is At The Gates

Newspapers have had their fun with television in its come-uppance, and some newspapers have been pretty severe in their lippursing about TV foibles.

But in view of what Frank Stanton, president of Columbia Broadcasting System, said in his testimony before the Federal Communications Commission on Friday, it is time to quit funning and fuming.

The political itch to play censor is not confined to television, President Stanton pointed out. "It inheres in the whole of our system of democratic government and way of life," he declared. It is a public problem.

In a government whose sovereignty lies with ordinary people instead of self-designated supermen, imperfections are to be expected. Things rarely run smoothly enough to satisfy the critics and backseat drivers. We are not quoting Frank Stanton any more; we are agreeing with him that the main responsibility of everybody concerned is to keep the government censor on a short chain.

Politicos would like to pile into television, on the pretext that they have a right to do it because it operates on government license. They would love to get their living hands on the throat of this thriving newcomer to the communications industry.

They would squeeze the life out of it before CBS could say, "On another network." They would make NBC stand for National Bumble Combine. Bureaucrats would tell viewers what they could see and hear. And sooner or later the prescribed hogwash and horse-feathers would make TV's foibles with the quiz shows look like practical joking in a kindergarten.

The newspaper business has been through this—so long ago it's only mentioned any more on special occasions. Political censors used to read everything over the editor's shoulder and tell him what to throw away and what they wanted him to print, instead.

It took a blood-and-guts struggle to get the censors off the backs of the newspapers, and they still keep trying to get back on. But the First Amendment to the Constitution—the first Article in the Bill of Rights —says Congress cannot pass a law abridging freedom of the press. It is this prohibition, repeated in state constitutions, which keeps politicos at bay in the newspaper business.

Radio and television, because they must be licensed, never have won the right to be similarly immune to political interference. But in the American tradition, they came into being with the right to make their own mistakes and their own triumphs without politicians and moist-handed bureaucrats breathing down their necks and picking their pockets.

CBS president Stanton wants television to be given the right to make its own way, subject to the imperfections and the rising above mistakes that go hand in hand with popular government. Any politician or bureaucrat who disagrees with that should find himself disagreeing with newspapers as well as broadcasters.

The enemy is at the gates.

A 13-Point Plan

For many years a leader in highway safety measures ranging from vehicle inspection to turnpike construction, Pennsylvania now has added a new 13-point program for safe driving, including periodic physical examinations for motorists.

Some 200,000 Keystoners who got their license before 1924 will start receiving the physical checkups next year under the new program instituted by Gov. David Lawrence.

Subsequently, a system will be established to provide regular examinations every decade for drivers up to the age of 60, when the examinations will be given every five years.

Tighter penalties for violations of road laws, increased use of compulsory safe driver clinics and other provisions strengthening enforcement and control over the highways are included in the new program.

Other states should follow Pennsylvania's lead. It will be a good talking point for Municipal Judge Chertoff if he follows through on his plan to seek action on a somewhat similar proposal next year in the Ohio Assembly.

The Once Over

By H. I. Phillips

The White House may be for peace but the Justice Department is not. After 11 years of war with du Pont it won't even respect a flag of truce. The public is beginning to feel the same sympathy for the company it has felt for Eliza in the ice fields, Nurse Cavell and Little Red Riding Hood's grandmother.

The war seemed settled by a decision last year which gave one of the biggest links in American economic setup a chance to continue life unharassed but the attorney general seems still bent on unconditional surrender. Most folks have lost track of what it's all about but have been given the impression by Washington that one of the oldest and best run corporations in the world was a delegate to the Apalachin convention, knows where Judge Crater is, caused the Chicago fire, directed the Brinks robbery and burned down the orphan asylum.

The money du Pont and General Motors have spent for lawyers to defend themselves from the government would balance the government would balance the budget, float the spaceship program and pay for a fleet of atomic subs.

When the suit began it included du Pont babies who have become teen-agers with gray hair. Quite a few older executives have died. But eager beavers in the Justice Department keep marching on.

You could have knocked du Pont heads over with a nylon stocking when they got word the 1959 decision about disposition of GM stock would be appealed. They had believed the government believed in the old adage, "If you have had your foot on a man's neck for a dozen years and lost, you should develop a new hobby."

Stockholders are even dizzier. They are entitled to wound stripes, Geiger counters, more aspirin and a free copy of Houdini's book on how to be thrown overboard in a trunk and escape.

Du Pont accepted the decision forbidding directors on the GM board, more purchases of GM stock and continuance of former sales policies. But the government wants blood.

The company has had to build on a couple of wings to house legal papers; and two recreation camps for its lawyers. It is reported at work on a paint improvement that will preserve the shine and keep harassed executives looking as good as new.

Gen. MacArthur celebrated his 80th birthday the other day. Harry Truman ignored the appeal to "send the very best."

There is so much fighting all over the world today that we await news that the Foreign Legion is fighting the Foreign Legion.

In short measure in the heating-oil scandal in New York 10 executives and employes have taken the Fifth Amendment. Anyhow they, unlike customers, know the heat is on. (They don't want the district attorney to do the pumping, we take it.)

"The United States Urges Patience Toward Cuba"—headline. Now Castro will come out with an all-day radio speech accusing Uncle Sam of a "patience conspiracy."

Railroad service in New England is so bad a Connecticut TV station features bulletins on train arrivals and departures. And it has the highest rating! ! !

Odd Facts

There are more pets than people in the United States. While dogs, cats and tropical fish lead the pet "hit parade," the list of American pets is endless, including such members as snakes, monkeys, skunks, turtles, and so on.

Green Lake, at Spicer, Minn., claims the distinction of having the purest water of any lake on the North American continent. Its water is 98.99 per cent pure.

The tallest species of tree in the world is a kind of eucalyptus, or blue - gum, in Australia, one of these trees sometimes attaining a height of 400 feet.

Probably the slowest moving creature in the world is the ordinary snail, which covers a mile in three weeks.

Longest Check Fumble In History

'Old Guard' Directs U.S. Reds

By Victor Riesel

For more than a month now, the American Communist party has been Khrushchev-izing itself—by replacing its intellectual leadership with soft-voiced outwardly good-humored men who are, nonetheless, veterans of the riotous, street fighting days of the '30s.

Victor Riesel

Their orders are to train cadres to provoke violence, disruption and costly wildcat strikes by local unions —especially in the street and automobile industries. Within the past two weeks this strategy was discussed in the party's national headquarters at 23 W. 26 St., New York City.

The Communists' new and tough national leaders spent hours listening to their chief, Gus Hall. He, himself, is a veteran of years of similar disruption in the Ohio-Illinois - Pennsylvania steel mill strata during the late '30s.

So hard has Hall been working at the revamping job that he virtually collapsed from a flu bug invasion.

HE SPENT most of the latter days of January hidden in the Manhattan apartment of Communist party educational director, Hyman Lumer. But even from his sickbed, Hall pushed through his program, especially the creation of a hard core leadership of the New York State party—one of the organization's last centers of small, but active membership.

At the head of the New York section, Hall placed the veteran "Daily Worker" editor, Clarence Hathaway.

I was knee-high to my Dad when Comrade Hathaway and a husky contingent of Communist gorillas bowled us both over the end of the stage in Madison Square Garden. But we didn't stay down for long.

Hathaway and his muscle men of several thousand Communist unionists rushed a labor rally being held in the Garden in honor of men jailed, tortured and shot by Adolph Hitler's Austrian allies.

Hathaway and his comrades were using direct action tactics. They wanted the platform. They stormed the Garden. Today these same men are again in the Communist party's leadership.

Typical of the returning Communist party veterans who once filled big city streets with tens of thousands of militant demonstrators is Louis Weinstock, formerly a Painters' Union leader.

He now not only holds a high party post but is the new sub rosa manager of "The Worker," official voice of the international Communist movement in the United States.

THE RETURN of the old trade union Communist cadres means that the party itself will specialize in labor action.

For example, during their recent meetings, Gus Hall and the others pointed out that the party's objective must be the disruption of any labor-management united front.

They spoke specifically of the type of summit meeting of union and industry chiefs suggested by AFL-CIO President George Meany to President Eisenhower. The Communists discussed the proposals of such men as Vice President Nixon, Labor Secretary Mitchell, labor counselor, Art Goldberg and Steel Union chief, Dave McDonald as well as big steel executives for a series of cooperative meetings of both sides right on the factory level.

The party chiefs said they must convince the Steel Union rank-and-file that the recent strike ended in a bad deal.

So party instructions, carefully spelled out, were to attempt to cause unrest at the bottom. This means finding disgruntled men or placing tiny cells in Steel Union locals to defy the local leaders.

The party's objective is not so much to disrupt steel production as it is to discover where the hold of the Steel Union leaders is weakest — and then follow through with experienced organizing tactics. Thus they hope to build the party membership again.

That's their basic aim. Build the party strength from the 10,000 disciplined members it now has to 50,000 so it can become a loud, if not effective, echo of Khrushchev's policies. Namely to make it appear that America's workers want the nation to abandon its nuclear weapons.

On A Personal Basis

WASHINGTON

President Eisenhower has reduced the argument between the Democrats and his administration over American defenses to an argument between him and the Democrats.

So hereafter, when Democrats question this country's power to discourage or overcome a Soviet attack, the public will have to choose between Eisenhower's knowing what he's doing and the Democrats' knowing what they are saying. Eisenhower recently said he thinks he probably knows more about the defense problem than anyone else.

Actually, there is nothing new in this Eisenhower - Democratic relationship.

Every year, when Eisenhower sent his budget to Congress, he was taking full responsibility for the quality of American defense when he asked for just so much and no more money.

But this year the tangle between Democrats and the administration got off to a clumsy start because of the language Secretary of Defense Thomas S. Gates Jr. chose in telling Congress this country is strong enough to discourage attack.

Instead of saying simply that this country's combined strength — with missiles, planes and men — is enough to deter a Soviet attack, he chose a more technical approach.

He talked about American knowledge of Soviet intentions through this country's intelligence information. What was he doing: Saying he could read the Soviets' minds? That was the kind of question he raised.

So he had to go back and clear up his language. Some of the top military leaders, mainly Gen. Nathan Twining, chairman of the Joint Chiefs of Staff, backed up Gates.

But by the time the confusion over Gates' language quieted down, along came Gen. Thomas S. Power, commander of the U.S. bomber force which would be this country's principal weapon of retaliation if the Soviet Union attacked.

He told Congress that the years immediately ahead — because of the Soviet Union production of missiles — would be dangerous and that, lacking a missile warning system, a 24-hour airborne alert by his bombers was essential for the nation's survival.

What he meant was that if the Soviets tried a surprise attack the only safe place for the bombers would be upstairs so they couldn't be destroyed by a Soviet missile assault on the ground.

He said that by the middle of the 1960s this country will have so many missiles of its own no one would dare attack. But until then he felt the airborne alert was a must.

To emphasize his point, Power said that with 300 missiles the Soviet Union could knock out this country's strikeback ability in 30 minutes.

And Power told senators, Eisenhower's military budget submitted this year falls short of providing enough money to get ready for the airborne alert.

Gates told senators the Joint Chiefs of Staff don't think it necessary to start an airborne alert now. And he said Power was unrealistic in talking of 300 Soviet missiles knocking out this country's defenses in 30 minutes. But Power told Congress he stood by what he said.

Things were getting pretty gummy by this time, a situation made to order for the critical Democrats in this campaign year. So Wednesday at his news conference Eisenhower brushed Power aside, backed Gates, and took on the Democrats.

Power chose not to comment further.

DeGaulle's 'Mistake'

By David Lawrence

French Regime Faces More Trouble

France suspends certain constitutional guarantees and adopts quasi-totalitarian rule — and the free world applauds. This strange paradox emphasizes how easy it is sometimes to accept the philosophy that the end justifies the means.

David Lawrence

Did President de Gaulle really have to ask for rule by decree? He needed far-reaching authority, of course, to deal with the rebellion in Algeria but why was it necessary to abandon so much of the constitutional system inside France itself?

The answer is that the crisis is deeper than the issues raised by the Algerian insurrection. Premier Debre anticipated criticism and said on Tuesday in the formal statement of policy to the Parliament:

"We do not have enough power to subdue attempts at subversion."

The fact is that Gen. de Gaulle hes not dealt effectively with internal subversion.

The Communists, for instance, have managed for several years now to sabotage parliamentary government in France.

Instead of outlawing the Communist party and ferreting out the subversives who infest the executive departments, the De Gaulle regime has shown signs of adopting unwittingly some of the programs that fit in with Communist objectives.

He forced resignation recently of former Premier Pinay from the cabinet post of Finance Minister and alarmed the Conservatives.

He objected to some of the proposals which, indeed, are an indication of the kind of France Gen. de Gaulle is planning to build now that he has semi - dictatorial powers.

ONE PROPOSAL would permit the trade unions to have one-fourth of the seats on a board of directors in an association, set up by the government, composed of corporations and labor unions.

Since the Communist-controlled unions have strength enough to get six of the 10 seats to be occupied by labor, Mr. Pinay characterized the plan as the "Sovietization" of French industry.

Another program is designed to subsidize ailing industries, including coal mines, shipyards and aircraft companies, by government purchase of large amounts of their stock.

Mr. Pinay described this as "a national society for lame duck enterprises" that eventally would make the government a part-owner of industry.

A third program would place in a state - owned company the ownership of the Sahara oil output. This means pressure on foreign distributors of fuel to sell Sahara oil, instead of Mideastern oil, inside France.

Other state-owned projects are expected now that Mr. Pinay has left the cabinet and President de Gaulle has a free hand to bring about more and more nationalization of industries.

BUSINESS CONFIDENCE naturally is impaired and the political turbulence is likely to become more, rather than less, extensive. The conservatives of the Independent party — the second biggest in the assembly — have broken with the De Gaulle government.

On the "left," the Socialists, led by former Premier Mollet, broke with the De Gaulle government more than a year ago on economic policy.

In the "center," the Radical party has withdrawn its support. So Gen. de Gaulle is not sure from one day to the other that he can get a majority in the French National Assembly.

While he temporarily gains power to deal with Algerian insurrectionists, it is only a question of time before the political parties combine against him.

The challenge to the free-enterprise system and the marked tendency to go in the direction of socialism will cause plenty of friction in the parliament.

It has been assumed, moreover, that Gen. de Gaulle would end the Algerian trouble, which is costing France two billion dollars a year and now has gone on for six years.

To grant "self-determination" isn't the final answer. The French settlers have been repeatedly attacked by the Moslems. In one month 20 European farmers in Algeria have been killed.

The army has been fighting the guerrillas and naturally sympathizes with the French settlers, who don't want to see negotiations carried on with the "Moslem cutthroats," as they are called.

FOR GEN. DE GAULLE to take the side of the Moslems against the French settlers may for the time being be defended as a step toward "pacification" and as a means of ending insurrection by French army men against the state but it will not lead to internal peace.

The Communist infiltrators in Algeria, who are helped by arms from neighboring countries in Africa, will see that the disturbance continues.

The real adversary in France is the enemy from within — the Communists. This infiltration has broken down the French Parliament and now is paralyzing French investments in Algeria, even as socialistic measures are put forward in Paris that weaken the economy of France itself.

Absolutism is not the simple answer to Gen. de Gaulle's problems. What is needed is a keener perception of the real influences that have brought France to grasp at totalitarian measures to save itself from political and economic disintegration.

King Of The Clowns

By Truman Twill

His survivors and friends buried the body of famed Felix Adler, king of the clowns, at Clinton, N.Y., this week. He had made people laugh for half a century and by his own testimony also had found endless amusement for himself.

If the name "Adler" means nothing to you, he was the clown with the baby pig. That pig was his trademark. He trained hundreds of pigs for his famous act with Ringling's, because the piglets always grew up. Audiences found something hilarious in the sight of a clown in white-face leading a pig as if it were a dog. Adler was a master of the ludicrous, no doubt about it.

But his act left me cold, as did all clown acts, except Emmett Kelly's. Kelly is the sad one. The first time I saw him do his famous routine with the broom and the dust pan, using an embarrassed lady spectator in the front row of the reserved seats as his foil, I cracked up. Every time I saw it after that, the act struck me as the height of the art of making people laugh with pantomime.

But the clown who was most famous—Felix Adler—did nothing to me. I used to wonder about this, until I figured out that one man's yukk is another man's yawn and nothing can be done about it.

Thus is true through the entire range of humor. The funniest writing I've ever read is S. J. Perelman's. Years ago, the first time I encountered this outrageously funny man in The New Yorker, it took me a whole evening to finish one short piece of his, because I was laughing so hard I couldn't read more than a couple paragraphs at a time.

It's the same with cartoon strips, which have been a standard source of amusement in my generation. Dozens of people have pleaded with me in recent years to join the cult of Pogo, Walt Kelly's contribution to the laughter of our era.

I know Pogo is funny. The lady I live with spells the whole thing out for me from time to time and could cut my throat for not being as amused as she is. But she, in turn has trouble understanding why I crack up over political cartoons that hit my funnybone. She is not amused by political cartoons.

Then there is supposed to be funny music, like "Peter and the Wolf," which is guaranteed to bring down the house. It never brought down my house, nor did any of the other supposedly side-splitting gambits in the same category of juvenile rib ticklers—funny stories with funny illustrations, for example.

It isn't fair to mix up things supposed to make children laugh and things designed to tickle adults, but I am unable to make a distinction between the two kinds of amusement. Felix Adler, for example, was supposed to inspire mirth along "children of all ages." Pogo is reputed to be a comic for grownsups, but it always seemed to me grownups could interpret it one way and the kids another, with equally good results.

Political cartoons, I'll admit, are not for children because kids lack the concepts that are being lampooned. But music and drawings and the rest of it are either funny or they aren't funny, depending on the viewer, not on his age.

The King of the Clowns and his little pig missed my funny bone a mile—as far as all the current TV comics, except George Gobel, miss it. I never miss Gobel if someone will remember to turn on the set. He slays me. Next to Mike Nichols and Elaine May, he's the funniest thing in show business. Yet I know people who wouldn't even turn on their hearing aids to listen if these people were in the same room. It goes to show. . . .

The 'Misunderstood' Revolution

The Moscow announcement that Anastas Mikoyan has been invited to visit Cuban Premier Fidel Castro in Havana, and will do so very soon, strips away all doubts anyone may still have about the sincerity of the bearded revolutionist's protestations that his policies and activities are not influenced by Communists.

Small hints of Red assistance in his rule of Cuba began to show up early after he routed Fulgencio Batista. Of late they have blossomed into a full-fledged pursuance of the Red strategy in Latin America — blasts of "imperialism" against the United States and expropriation of American-owned property in Cuba.

BOTH PREMIER CASTRO and the Communists know this sort of thing can be done with impunity because the United States is ever on the defensive in Latin America. So touchy are our hot-tempered neighbors to the south that we must be careful not to take any action that would give credence — real or imagined — to suspicions that we like nothing better than to wave the "Big Stick."

Any action the United States might take to slap the Havana firebrand down for his false charges against it would have the immediate effect of confirming what he has been saying.

This is why President Eisenhower made the mild-mannered statement he did last week, even though his blood was probably boiling as much as any of his countrymen's over the latest series of Castro telecasts. He was deeply concerned by the turn of events in Cuba, the President said, but he had rejected suggestions of economic sanctions against the Cuban government.

It is interesting to note, in light of the news of Mikoyan's forthcoming visit, that the Havana regime replied next day with a message as mild-mannered as the President's.

DELIVERED NOT by Premeir Castro but by figurehead President Osvaldo Dorticos Torrado, the Cuban statement also expressed regret over the poor state of Cuban-U.S. relations. But it rejected "insinuations" of Communist influence in Castro's actions and said the deteriorating relations are the fault of Washington's "misunderstanding" of the ideals of the Cuban revolution.

To this last charge the United States and most of its citizens must plead guilty.

When Fidel Castro brought his drawn-out rebellion to successful conclusion in the ouster of an admittedly corrupt regime, most of us willingly viewed him as a dedicated democratic reformer.

It appears now that we really did misunderstand the "ideals" of his revolution.

The Enemy Is At The Gates

Newspapers have had their fun with television in its come-uppance, and some newspapers have been pretty severe in their lippursing about TV foibles.

But in view of what Frank Stanton, president of Columbia Broadcasting System, said in his testimony before the Federal Communications Commission on Friday, it is time to quit funning and fuming.

The political itch to play censor is not confined to television, President Stanton pointed out. "It inheres in the whole of our system of democratic government and way of life," he declared. It is a public problem.

In a government whose sovereignty lies with ordinary people instead of self-designated supermen, imperfections are to be expected. Things rarely run smoothly enough to satisfy the critics and backseat drivers. We are not quoting Frank Stanton any more: we are agreeing with him that the main responsibility of everybody concerned is to keep the government censor on a short chain.

Politicos would like to pile into television, on the pretext that they have a right to do it because it operates on government license. They would love to get their living hands on the throat of this thriving newcomer to the communications industry.

They would squeeze the life out of it before CBS could say, "On another network." They would make NBC stand for National Bumble Combine. Bureaucrats would tell viewers what they could see and hear. And sooner or later the prescribed hogwash and horse-feathers would make TV's foibles with the quiz shows look like practical joking in a kindergarten.

The newspaper business has been through this—so long ago it's only mentioned any more on special occasions. Political censors used to read everything over the editor's shoulder and tell him what to throw away and what they wanted him to print, instead.

It took a blood-and-guts struggle to get the censors off the backs of the newspapers, and they still keep trying to get back on. But the First Amendment to the Constitution—the first Article in the Bill of Rights—says Congress cannot pass a law abridging freedom of the press. It is this prohibition, repeated in state constitutions, which keeps politicos at bay in the newspaper business.

Radio and television, because they must be licensed, never have won the right to be similarly immune to political interference. But in the American tradition, they came into being with the right to make their own mistakes and their own triumphs without politicians and moist-handed bureaucrats breathing down their necks and picking their pockets.

CBS president Stanton wants television to be given the right to make its own way, subject to the imperfections and the rising above mistakes that go hand in hand with popular government. Any politician or bureaucrat who disagrees with that should find himself disagreeing with newspapers as well as broadcasters.

The enemy is at the gates.

A 13-Point Plan

For many years a leader in highway safety measures ranging from vehicle inspection to turnpike construction, Pennsylvania now has added a new 13-point program for safe driving, including periodic physical examinations for motorists.

Some 200,000 Keystoners who got their license before 1924 will start receiving the physical checkups next year under the new program instituted by Gov. David Lawrence.

Subsequently, a system will be established to provide regular examinations every decade for drivers up to the age of 60, when the examinations will be given every five years.

Tighter penalties for violations of road laws, increased use of compulsory safe driver clinics and other provisions strengthening enforcement and control over the highways are included in the new program.

Other states should follow Pennsylvania's lead. It will be a good talking point for Municipal Judge Chertoff if he follows through on his plan to seek action on a somewhat similar proposal next year in the Ohio Assembly.

The Once Over

By H. I. Phillips

The White House may be for peace but the Justice Department is not. After 11 years of war with du Pont it won't even respect a flag of truce. The public is beginning to feel the same sympathy for the company it has felt for Eliza in the ice fields, Nurse Cavell and Little Red Riding Hood's grandmother.

The war seemed settled by a decision last year which gave one of the biggest links in American economic setup a chance to continue life unharassed but the attorney general seems still bent on unconditional surrender. Most folks have lost track of what it's all about but have been given the impression by Washington that one of the oldest and best run corporations in the world was a delegate to the Apalachin convention, knows where Judge Crater is, caused the Chicago fire, directed the Brinks robbery and burned down the orphan asylum.

The money du Pont and General Motors have spent for lawyers to defend themselves from the government would balance the government would balance the budget, float the spaceship program and pay for a fleet of atomic subs.

When the suit began it included du Pont babies who have become teen-agers with gray hair. Quite a few older executives have died. But eager beavers in the Justice Department keep marching on.

You could have knocked du Pont heads over with a nylon stocking when they got word the 1959 decision about disposition of GM stock would be appealed. They had believed the government believed in the old adage, "If you have had your foot on a man's neck for a dozen years and lost, you should develop a new hobby."

Stockholders are even dizzier. They are entitled to wound stripes, Geiger counters, more aspirin and a free copy of Houdini's book on how to be thrown overboard in a trunk and escape.

Du Pont accepted the decision forbidding directors on the GM board, more purchases of GM stock and continuance of former sales policies. But the government wants blood.

The company has had to build on a couple of wings to house legal papers; and two recreation camps for its lawyers. It is reported at work on a paint improvement that will preserve the shine and keep harassed executives looking as good as new.

Gen. MacArthur celebrated his 80th birthday the other day. Harry Truman ignored the appeal to "send the very best."

There is so much fighting all over the world today that we await news that the Foreign Legion is fighting the Foreign Legion.

In short measure in the heating-oil scandal in New York 10 executives and employes have taken the Fifth Amendment. Anyhow they, unlike customers, know the heat is on. (They don't want the district attorney to do the pumping, we take it.)

"The United States Urges Patience Toward Cuba"—headline. Now Castro will come out with an all-day radio speech accusing Uncle Sam of a "patience conspiracy."

Railroad service in New England is so bad a Connecticut TV station features bulletins on train arrivals and departures. And it has the highest rating! ! !

Odd Facts

There are more pets than people in the United States. While dogs, cats and tropical fish lead the pet "hit parade," the list of American pets is endless, including such members as snakes, monkeys, skunks, turtles, and so on.

Green Lake, at Spicer, Minn., claims the distinction of having the purest water of any lake on the North American continent. Its water is 98.99 per cent pure.

The tallest species of tree in the world is a kind of eucalyptus, or blue - gum, in Australia, one of these trees sometimes attaining a height of 400 feet.

Probably the slowest moving creature in the world is the ordinary snail, which covers a mile in three weeks.

Longest Check Fumble In History

'Old Guard' Directs U.S. Reds

By Victor Riesel

For more than a month now, the American Communist party has been Khrushchev-izing itself—by replacing its intellectual leadership with soft-voiced outwardly good-humored men who are, nonetheless, veterans of the riotous, street fighting days of the '30s.

Victor Riesel

Their orders are to train cadres to provoke violence, disruption and costly wildcat strikes by local unions —especially in the street and automobile industries. Within the past two weeks this strategy was discussed in the party's national headquarters at 23 W. 26 St., New York City.

The Communists' new and tough national leaders spent hours listening to their chief, Gus Hall. He, himself, is a veteran of years of similar disruption in the Ohio-Illinois - Pennsylvania steel mill strata during the late '30s.

So hard has Hall been working at the revamping job that he virtually collapsed from a flu bug invasion.

HE SPENT most of the latter days of January hidden in the Manhattan apartment of Communist party educational director, Hyman Lumer. But even from his sickbed, Hall pushed through his program, especially the creation of a hard core leadership of the New York State party—one of the organization's last centers of small, but active membership.

At the head of the New York section, Hall placed the veteran "Daily Worker" editor, Clarence Hathaway.

I was knee-high to my Dad when Comrade Hathaway and a husky contingent of Communist gorillas bowled us both over the end of the stage in Madison Square Garden. But we didn't stay down for long.

Hathaway and his muscle men of several thousand Communist unionists rushed a labor rally being held in the Garden in honor of men jailed, tortured and shot by Adolph Hitler's Austrian allies.

Hathaway and his comrades were using direct action tactics. They wanted the platform. They stormed the Garden. Today these same men are again in the Communist party's leadership.

Typical of the returning Communist party veterans who once filled big city streets with tens of thousands of militant demonstrators is Louis Weinstock, formerly a Painters' Union leader.

He now not only holds a high party post but is the new sub rosa manager of "The Worker," official voice of the international Communist movement in the United States.

THE RETURN of the old trade union Communist cadres means that the party itself will specialize in labor action.

For example, during their recent meetings, Gus Hall and the others pointed out that the party's objective must be the disruption of any labor-management united front.

They spoke specifically of the type of summit meeting of union and industry chiefs suggested by AFL-CIO President George Meany to President Eisenhower. The Communists discussed the proposals of such men as Vice President Nixon, Labor Secretary Mitchell, labor counselor, Art Goldberg and Steel Union chief, Dave McDonald as well as big steel executives for a series of cooperative meetings of both sides right on the factory level.

The party chiefs said they must convince the Steel Union rank-and-file that the recent strike ended in a bad deal.

So party instructions, carefully spelled out, were to attempt to cause unrest at the bottom. This means finding disgruntled men or placing tiny cells in Steel Union locals to defy the local leaders.

The party's objective is not so much to disrupt steel production as it is to discover where the hold of the Steel Union leaders is weakest — and then follow through with experienced organizing tactics. Thus they hope to build the party membership again.

That's their basic aim. Build the party strength from the 10,000 disciplined members it now has to 50,000 so it can become a loud, if not effective, echo of Khrushchev's policies. Namely to make it appear that America's workers want the nation to abandon its nuclear weapons.

To grant "self-determination" isn't the final answer. The French settlers have been repeatedly attacked by the Moslems. In one month 20 European farmers in Algeria have been killed.

The army has been fighting the guerrillas and naturally sympathizes with the French settlers, who don't want to see negotiations carried on with the "Moslem cutthroats," as they are called.

FOR GEN. DE GAULLE to take the side of the Moslems against the French settlers may for the time being be defended as a step toward "pacification" and as a means of ending insurrection by French army men against the state but it will not lead to internal peace.

The Communist infiltrators in Algeria, who are helped by arms from neighboring countries in Africa, will see that the disturbance continues.

The real adversary in France is the enemy from within — the Communists. This infiltration has broken down the French Parliament and now is paralyzing French investments in Algeria, even as socialistic measures are put forward in Paris that weaken the economy of France itself.

Absolutism is not the simple answer to Gen. de Gaulle's problems. What is needed is a keener perception of the real influences that have brought France to grasp at totalitarian measures to save itself from political and economic disintegration.

King Of The Clowns

By Truman Twill

His survivors and friends buried the body of famed Felix Adler, king of the clowns, at Clinton, N.Y., this week. He had made people laugh for half a century and by his own testimony also had found endless amusement for himself.

If the name "Adler" means nothing to you, he was the clown with the baby pig. That pig was his trademark. He trained hundreds of pigs for his famous act with Ringling's, because the piglets always grew up. Audiences found something hilarious in the sight of a clown in white-face leading a pig as if it were a dog. Adler was a master of the ludicrous, no doubt about it.

But his act left me cold, as did all clown acts, except Emmett Kelly's. Kelly is the sad one. The first time I saw him do his famous routine with the broom and the dust pan, using an embarrassed lady spectator in the front row of the reserved seats as his foil, I cracked up. Every time I saw it after that, the act struck me as the height of the art of making people laugh with pantomime.

But the clown who was most famous—Felix Adler—did nothing to me. I used to wonder about this, until I figured out that one man's yukk is another man's yawn and nothing can be done about it.

Thus is true through the entire range of humor. The funniest writing I've ever read is S. J. Perelman's. Years ago, the first time I encountered this outrageously funny man in The New Yorker, it took me a whole evening to finish one short piece of his, because I was laughing so hard I couldn't read more than a couple paragraphs at a time.

It's the same with cartoon strips, which have been a standard source of amusement in my generation. Dozens of people have pleaded with me in recent years to join the cult of Pogo, Walt Kelly's contribution to the laughter of our era.

I know Pogo is funny. The lady I live with spells the whole thing out for me from time to time and could cut my throat for not being as amused as she is. But she, in turn has trouble understanding why I crack up over political cartoons that hit my funnybone. She is not amused by political cartoons.

Then there is supposed to be funny music, like "Peter and the Wolf," which is guaranteed to bring down the house. It never brought down my house, nor did any of the other supposedly side-splitting gambits in the same category of juvenile rib ticklers—funny stories with funny illustrations, for example.

It isn't fair to mix up things supposed to make children laugh and things designed to tickle adults, but I am unable to make a distinction between the two kinds of amusement. Felix Adler, for example, was supposed to inspire mirth along "children of all ages." Pogo is reputed to be a comic for grownsups, but it always seemed to me grownups could interpret it one way and the kids another, with equally good results.

Political cartoons, I'll admit, are not for children because kids lack the concepts that are being lampooned. But music and drawings and the rest of it are either funny or they aren't funny, depending on the viewer, not on his age.

The King of the Clowns and his little pig missed my funny bone a mile—as far as all the current TV comics, except George Gobel, miss it. I never miss Gobel if someone will remember to turn on the set. He slays me. Next to Mike Nichols and Elaine May, he's the funniest thing in show business. Yet I know people who wouldn't even turn on their hearing aids to listen if these people were in the same room. It goes to show. . . .

wise serene Republican sea as the GOP heads toward a practically uncontested nomination of Vice President Richard M. Nixon for president was former Ohio U. S. Sen. George H. Bender.

Shunned by the regular Republican organization, Bender filed as a delegate candidate pledged to himself.

"I'll be campaigning for the next 90 days," Bender told newsmen.

There were various and sundry other "maverick" delegate candidates pledged to various and sundry people. None, however, figured to cut much ice in the May 3 delegate election.

On the state scene, there were almost no surprises as four Democrats and the incumbent Republican filed for a two-year term for state auditor and one Democrat and five Republicans sought an unexpired Ohio Supreme Court term.

The brief statewide ticket this year results from Ohio voters' recent approval of a constitutional amendment setting four-year terms for elective state officials.

That amendment creates the unusual situation of the state auditor, normally a four-year man, running for a two-year term. The amendment specified the single two-year term for that office so that in 1962 all state officials might run for four-year terms at the same time.

James A. Rhodes, Republican state auditor for the last eight years, is the lone GOP entry in the auditor race and is assured nomination.

The four Democratic aspirants for the post are John Christopher Jr. of Cleveland; James D. Ferguson of Columbus, son of State Treasurer Joseph T. Ferguson who served as state auditor for 16 years; Charles H. Hubbell of Cleveland, perennially unsuccessful office seeker, and Belmont County Auditor W. T. McCort of St. Clairsville.

John Weld Peck of Glendale, a Cincinnati suburb, is now serving on the Supreme Court by appointment as Judge Stewart's temporary successor. He is unopposed for the Democratic nomination to the court seat.

Five Republicans are contending for the nomination. They include former Gov. C. William O'Neill, now attempting a political comeback; Willard D. Campbell, former Guernsey County prosecutor and judge; Mrs. Elizabeth Bell Winter, wife of Ralph Winter, former state senator and Utilities Commission member; Paul W. Brown, Youngstown attorney, and Richard Murray Stewart, Akron attorney.

Two other Supreme Court spots have no contests for party nominations.

Democratic Judge James F. Bell of London will face Republican Earl R. Hoover of Shaker Heights in the Nov. 8 election.

Republican Judge Kingsley A. Taft, formerly of Cleveland now of Columbus, will have Democrat Joseph H. Ellison of Mansfield as his November opponent.

Also to be elected next fall are all members of the Ohio House. They serve two-year terms. Slightly more than half of the state senators also must be elected. The senators now are on a our-year term basis.

Fights for the nominations and eventual election were in prospect in souther Ohio's 6th Congressional District where Democratic Rep. James G. Polk died, in east-central Ohio's 15th District where Republican Rep. John Henderson is retiring, in Cincinnati's 2nd District where Republican Rep. William Hess is quitting, and in northwestern Ohio's 13th District where Republican Rep. A. D. Baumhart Jr. is stepping down.

But, in addition to these natural fights for a foothold in Congress, some surprising contests developed in several districts.

In Toledo's 9th District, the House seat of Democrat Thomas Ludlow Ashley was challenged by Frank Rossler of Toledo, another Democrat.

In the normally Democratic 19th District, veteran Congressman Michael J. Kirwan is opposed by Democrat Ross Porchiro, also of Youngstown.

Also running into opposition inside their own parties were Democratic Reps. Michael A. Feighan and Charles A. Vanik, both of Cleveland. There was no immediate indication of how serious the opposition to the two Cleveland Democrats might be.

Feighan's opposition is John P. Morhevka of Parma.

Elmer S. Dula of Cleveland is Vanik's challenger.

ask Congress to change the law so that in some cases at least the United States can provide its allies with the most modern atomic weapons suitable to their military requirements.

France particularly has rejected exclusive U.S. control of atomic weapons at French bases. A change in the law, officials said, could strengthen both diplomatic and military ties with the allies.

Administration thoughts of seeking a change in the law developed after it was unable Tuesday to obtain support from the Senate-House Committee on Atomic Energy for a new interpretation of the present law. The new interpretation would have permitted some limited sharing of control over weapons.

Sen. Clinton P. Anderson (D-NM), chairman of the subcommittee, took no direct stand on Eisenhower's suggestion, but said in a statement the law would have to be changed to carry it out.

But support for the idea came from Rep. James E. Van Zandt (R-Pa), senior GOP House member on the committee.

"What the President proposes is what had to come," Van Zandt said. "As conventional weapons are displaced more and more by nuclear weapons, we have to arm our allies with the new weapons if they are to play their part in the alliance."

The case was deferred on request of J. Alfred Wilner, USW counsel. Atty. James A. Ashton was scheduled to represent the four men in the case which involves a potential union expulsion.

Mikoyan Due In Cuba Today On Trade, Friendship Visit

HAVANA (AP) — Soviet Deputy Premier Anastas I. Mikoyan, an old revolutionary himself, arrives today in the revolutionary Cuba of Fidel Castro on a trade and friendship mission.

The Soviet Union's top traveling salesman has 750 tons of visual propaganda — a Soviet exposition —to help him succeed.

Mikoyan's visit is expected to take in far more than the announced purpose — to swing open the gates on the scientific, technical and cultural exhibit. It is the same one that was held in New York and Mexico City last year.

U.S. Officials in Washington look for Mikoyan to make propaganda hay as a result of the low ebb in American-Cuban relations.

They say the 64-year-old Soviet leader may be carrying a briefcase loaded with trade offers, since Castro has indicated he will deal with Moscow. These might propose Soviet technical aid, or an exchange of Soviet agricultural machinery for Cuban sugar.

Another possibility is that he might push for a renewal of Soviet-Cuban diplomatic relations. They were broken off in 1952 by dictator Fulgencio Batista, who accused the Soviets of stuffing their diplomatic pouches with propaganda material.

Mikoyan will open the exhibits Saturday. The length of his stay has not been announced but he is expected to meet with Castro and members of the Prime Minister's Cabinet.

Weaver was made professor emeritus in 1945 after 55 years of teaching physics at the university.

Out Of The Air

By MARIE TORRE

Rowan & Martin Depart From Network

The roster of contract players at NBC has just been reduced by two, the outgoing parties being Dan Rowan and Dick Martin, a pair of comedians who've grown wary of industry declarations that cite the need and encourage the search for new talent.

Marie Torre

Their skepticism is real. And their egos deflated. But they're experts today on the subject, "How To Get Buried With a Network Contract."

Three years ago, when NBC put a television contract where its enthusiasm was and acquired the team's services on an exclusive seven-year-year basis, Rowan and Martin were said to be well on their way to matching the success of predecessors Martin and Lewis.

-:-

TODAY THEY'RE STILL on the long trail to that elusive destination, which ironically seems more remote to them now than it did three years ago. One might say that they lost their way during most of the years at NBC. But Dan Rowan says it differently: "We learned a good lesson."

Dick Martin adds:

"In all candor, we made a terrible mistake. Instead of being aggressive, of making capital of our positions, we left it up to NBC to make us the television stars we hoped we would be.

"Well, comedians don't make an impact by appearing on half a dozen variety shows a year. We were terribly restricted. We had freedom to do as many club apperances as we wanted, but we weren't free to accept TV offers from a 'Playhouse 90' or a 'Lucy' show or anything else than ran on competitive channels.

"When a performer is in the process of growth, this kind of exclusivity stunts his growth."

-:-

FOR THE FIRST TIME in three years, Rowan and Martin are able to perform on other channels and their first appearance since the break with NBC (a mutual agreement incidentally) occurs Sunday on CBS' "Ed Sullivan Show."

They also have the attention of television entrepreneurs interested in their situation comedy potential.

They allow that they were out of luck during their days at NBC.

"To begin with," said Rowan, "there were three different regimes in three years at NBC.

"I am not exaggerating when I say that there were NBC executives who didn't know we were under contract to the network. This is no joke. Everytime we walked into NBC offices, we found different guys behind the desks.

-:-

"NO DOUBT we were victims of circumstance. We had a similar experience with the first and only movie we made, 'Once upon a Horse,' for Universal International.

"Before the picture was released the company folded. Only one ad for the picture appeared, and it ran in a tradepaper, Variety."

Needless to say, the comedians pray that their bad luck has run out. They currently are headlined at the Copacabana, after which they intend to explore situation comedy possibilities for weekly TV.

If their experience tells us anything, it is that there's no shortage of good talent, just a shortage of men who can recognize good talent and, more important, know what to do with it.

LATEST THEORY on broadcasting control, as advanced by Mutual Broadcasting President Robert F. Hurleigh, is that "suburbanites control today's broadcasting." Describing the United States as a "huge suburbia and exurbia built around major cities," Hurleigh refers to suburbanites as the critical audience that "uses the best possible persuader at hand — its power to turn sets off or twist dials." . . .

The leading role of the writer in Ernest Hemingway's "The Snows of Kilimanjaro" (CBS, March) has been awarded to Robert Ryan.

BARRISTER-turned-actor Joseph Welch, convalescing after a recent operation, has issued a "Bedside Bulletin" which answers, with one full sweep, all questions that friends and acquaintances have been asking in letters to the hospital.

Among the 16 answers are:

"The operation was a complete success."

"My recovery has been excellent."

"The time has not really dragged. This seems to me wildly incredible, but it is true. A probable explanation is that the operation may have increased my dimwittedness."

"I shall need no nurse at home."

"I shall read."

"I shall look out the window."

"I shall loaf."

"The last three paragraphs above are highly recommended to all who may read this memorandum. Those who read it are to be chosen by my secretary who has not been my secretary for long.

"If you are surprised to find your name included, I hope you are glad as well as surprised. If you are surprised (and I hope pained) because you are not on it, please think nothing of it."

Man Critical After Blood Vessel Replaced

SAN ANTONIO, Tex. (AP)—Santiago Corona, 60, remained in critical condition Wednesday night after a team of surgeons equipped him with an artificial aorta.

The doctors gave him a fair chance of survival.

Physicians and surgeons at Robert B. Green Hospital replaced about 30 inches of Corona's aorta, a major blood vessel, with a braided dacron tube.

Burned To Death

CINCINNATI (AP)—Mrs. Bess Threm, 71, was found burned to death in her home here Wednesday. Firemen said her clothing apparently ignited as she was trying to use paper to light an oven. Mrs. Threm, who lived alone, had to use a "walker" to get around.

Campanella's Stepson Being Held For Trial

NEW YORK (AP) — An angry magistrate Wednesday held 16-year-old David Campanella for trial on a petty larceny charge, saying the former baseball star's stepson deserves "whatever he gets."

The boy was sent back to jail where he has been held since his arrest Jan. 26.

Magistrate James LoPiccollo was angered because the Campanella youth was in court after his third arrest in less than a year.

When a grocer allegedly robbed by Campanella and two other Negro youths offered to drop his complaint, the magistrate would not allow it.

"I have no pity for the Campanella boy" he said. "He's been in and out of courts in a short space of time and should have learned his lesson. He has humiliated his family. He has violated his curfew."

David Campanella is on probation in a case involving the burglary of a Queens drugstore last spring. At the time of that burglary he already had been adjudged a juvenile delinquent on charges growing out of a street fight.

The youth, son of Mrs. Roy Campanella by a previous marriage, is accused with Ronald Garnett, 18, and Isadore Fisher, 20, of stealing $40 worth of merchandise from a Queens grocery Jan. 25.

Roy Campanella, former catcher for the Dodgers, has been semiparalyzed since an auto crash two years ago.

Governor Hears Plea To Spare Life Of Police Slayer

COLUMBUS, Ohio (AP)—A plea to spare the life of convicted police slayer Robert Lee Lyons was heard Wednesday by Gov. Michael V. DiSalle.

Counsel for Lyons pleaded for clemency after the Ohio Supreme Court turned down the condemned man's appeal from a first-degree murder conviction.

Lyons is slated to die Feb. 19 for the fatal shooting of police Lt. Edward Lentz on Dec. 9, 1957.

Cleveland attorney Chester K. Gillespie said Lyons should be spared because a companion, Dallas Milam, was freed by a lower court. James Davis, another companion, received a life sentence.

The governor said such extenuating circumstances would have to be shown before he could stop an execution. DiSalle said he would review the case thoroughly.

Lentz was shot at a gambling place operated by Alonzo Buchanan of Cleveland. The officer arrived during an argument between Buchanan, Lyons and his companions.

Phone Calls Routed Via Balloons Predicted

LOS ANGELES (AP) — A scientist predicts telephone calls from New York to California soon will be routed via an instrumented balloon orbiting a thousand miles above earth.

Dr. John Pierce, research director of the Bell Laboratories in New York, told a convention on military electronics Wednesday that westbound messages will be received at a laboratory near Barstow, Calif.

Such a plan would eliminate the need for costly telephone wires.

Zeus Rocket Fired Successfully And Then Destroyed

WHITE SANDS MISSILE RANGE, N.M. (AP) — A Nike-Zeus test rocket has been fired successfully and then purposely destroyed before it left the northern limit of this southern New Mexico test range.

The Zeus firing Wednesday was a success in two respects, the Army reported.

The first was that of the test missile itself.

The second was the first evacuation of 32 ranch families from a 40-mile extension of the missile range.

The families have agreed to leave their homes for 12-hour periods on 20 different days this year so an additional 1,600 miles could be used for the test range and there would be no danger if a missile strayed.

SUB Payments Must Be Listed In Tax Returns

CLEVELAND (AP)—Taxpayers who last year received supplemental unemployment benefits are required to list those payments in federal tax returns, says the district director of internal revenue.

The SUB payments are considered income, although employers have not been including SUB figures on the W-2 forms used to notify employes of wages and amounts withheld, said Melvin J. Burton, district director.

Burton explained that the SUB payments are not subject to withholding, but employers report the payments to the Internal Revenue Service on a separate form. Taxpayers' forms will be checked against employer forms to determine whether SUB payments have been included in the return.

Payments received from the State Unemployment Compensation Bureau are not subject to federal tax.

Jury Resumes Deliberations In Guns Case

PITTSBURGH (AP)—A U. S. district court jury today resumed deliberation in the trial of six men accused of conspiring to fly stolen firearms to Cuban rebels.

Visiting Judge Roger Foley of Las Vegas gave the case to the jurors at 5 p.m. Wednesday at 11 p.m. he ordered them to retire for the night after they failed to reach a verdict.

The jurors, eight men and four women, were told earlier in final summations by the defense that the government produced no direct evidence on which to base a conviction.

The prosecution brought 73 witnesses in the trial that began Jan. 11, trying to prove that the defendants were linked in an attempt to transport guns stolen from an armory at Canton, Ohio, to Cuba in 1958.

The government said a plane loaded with stolen guns was flown by Stuart Sutor of Hialeah, Fla., from an airport near Tarentum, Pa., to Morgantown, W. Va., on Nov. 4, 1958. Sutor and the plane were seized at Morgantown.

Besides Sutor, the defendants are Norman Rothman and Joseph Merola, both of Miami, Fla.; Joseph Giordano and Victor Carlucci, both of New Kensington, Pa.; and Daniel Hanna of Arnold, Pa.

BRT Convention To Elect Three Officers Today

CLEVELAND (AP)— Delegates to the Brotherhood of Railroad Trainmen convention elect three officers today in a contest expected to be mostly a struggle between the "old guard" and insurgent forces.

A virtually unanimous vote late Wednesday of the 1,100 delegates meeting here since Jan. 4 approved a motion to start holding elections today.

The central struggle will be that between BRT president W. P. Kennedy, 67, and William J. Weil, 51. Weil says he favors "militant and more aggressive" leadership than has been provided by Kennedy.

Weil presently is the 200,000-member union's general secretary-treasurer. He is supported by insurgent forces and the "Committee of One Hundred," composed of younger delegates, who contend officers should be younger and more aggressive in administration of the union and in negotiations with the railroads.

Elections will be by secret ballot on voting machines.

Speed Record Claimed By American Airlines

CINCINNATI (AP) — American Airlines claims a new commercial plane speed record for a flight from New York to Cincinnati — an hour and 31 minutes. The plane was a new Lockheed Electra propjet.

Capt. Roy Ricks, the pilot, said the plane, which left New York at 6:40 p. m. Wednesday, reached speeds as high as 450 miles an hour as it was helped along by tailwinds at 8,000 feet.

CLEVELAND (AP) — Republic Steel Corp. and the United Steelworkers have announced selection of Joseph G. Stashower, a Cleveland attorney, as permanent grievance arbitrator of issues within their contract that reach arbitration stage. Stashower succeeds Harry H. Platt, arbitrator for the union and Republic for the last five years. Platt resigned because of other committments.

Mrs. Thomas was also a guest. Refreshments were served by Mrs. Rade Brdar, assisted by Mrs. R. G. Hammond. The mystery package was received by Mrs. Paul Dawson.

Next meeting is Feb. 16.

Lausche Urges Action Against 'Dirty' Films

WASHINGTON (AP)—Two movies were cited by Sen. Frank J. Lausche (D-Ohio) Wednesday as he called for government action against television stations that show films of "lewdness, indecency and immorality."

He told the Senate that both "The Devil and The Flesh" and "I Am A Camera" have plots which involve seduction and promiscuous sex relations. The Federal Communications Commission should "withdraw license privileges from television stations which fail to consider the public interest and public morality," he said.

Out Of The Air

By MARIE TORRE

Rowan & Martin Depart From Network

The roster of contract players at NBC has just been reduced by two, the outgoing parties being Dan Rowan and Dick Martin, a pair of comedians who've grown wary of industry declarations that cite the need and encourage the search for new talent.

Marie Torre

Their skepticism is real. And their egos deflated. But they're experts today on the subject, "How To Get Buried With a Network Contract."

Three years ago, when NBC put a television contract where its enthusiasm was and acquired the team's services on an exclusive seven-year-year basis, Rowan and Martin were said to be well on their way to matching the success of predecessors Martin and Lewis.

-:-

TODAY THEY'RE STILL on the long trail to that elusive destination, which ironically seems more remote to them now than it did three years ago. One might say that they lost their way during most of the years at NBC. But Dan Rowan says it differently: "We learned a good lesson."

Dick Martin adds:

"In all candor, we made a terrible mistake. Instead of being aggressive, of making capital of our positions, we left it up to NBC to make us the television stars we hoped we would be.

"Well, comedians don't make an impact by appearing on half a dozen variety shows a year. We were terribly restricted. We had freedom to do as many club apperances as we wanted, but we weren't free to accept TV offers from a 'Playhouse 90' or a 'Lucy' show or anything else than ran on competitive channels.

"When a performer is in the process of growth, this kind of exclusivity stunts his growth."

-:-

FOR THE FIRST TIME in three years, Rowan and Martin are able to perform on other channels and their first appearance since the break with NBC (a mutual agreement incidentally) occurs Sunday on CBS' "Ed Sullivan Show."

They also have the attention of television entrepreneurs interested in their situation comedy potential.

They allow that they were out of luck during their days at NBC.

"To begin with," said Rowan, "there were three different regimes in three years at NBC.

"I am not exaggerating when I say that there were NBC executives who didn't know we were under contract to the network. This is no joke. Everytime we walked into NBC offices, we found different guys behind the desks.

-:-

"NO DOUBT we were victims of circumstance. We had a similar experience with the first and only movie we made, 'Once upon a Horse,' for Universal International.

"Before the picture was released the company folded. Only one ad for the picture appeared, and it ran in a tradepaper, Variety."

Needless to say, the comedians pray that their bad luck has run out. They currently are headlined at the Copacabana, after which they intend to explore situation comedy possibilities for weekly TV.

If their experience tells us anything, it is that there's no shortage of good talent, just a shortage of men who can recognize good talent and, more important, know what to do with it.

-:-

LATEST THEORY on broadcasting control, as advanced by Mutual Broadcasting President Robert F. Hurleigh, is that "suburbanites control today's broadcasting." Describing the United States as a "huge suburbia and exurbia built around major cities," Hurleigh refers to suburbanites as the critical audience that "uses the best possible persuader at hand — its power to turn sets off or twist dials." . . .

The leading role of the writer in Ernest Hemingway's "The Snows of Kilimanjaro" (CBS, March) has been awarded to Robert Ryan.

-:-

BARRISTER-turned-actor Joseph Welch, convalescing after a recent operation, has issued a "Bedside Bulletin" which answers, with one full sweep, all questions that friends and acquaintances have been asking in letters to the hospital.

Among the 16 answers are:

"The operation was a complete success."

"My recovery has been excellent."

"The time has not really dragged. This seems to me wildly incredible, but it is true. A probable explanation is that the operation may have increased my dimwittedness."

"I shall need no nurse at home."

"I shall read."

"I shall look out the window."

"I shall loaf."

"The last three paragraphs above are highly recommended to all who may read this memorandum. Those who read it are to be chosen by my secretary who has not been my secretary for long.

"If you are surprised to find your name included, I hope you are glad as well as surprised. If you are surprised (and I hope pained) because you are not on it, please think nothing of it."

Man Critical After Blood Vessel Replaced

SAN ANTONIO, Tex. (AP)—Santiago Corona, 60, remained in critical condition Wednesday night after a team of surgeons equipped him with an artificial aorta.

The doctors gave him a fair chance of survival.

Physicians and surgeons at Robert B. Green Hospital replaced about 30 inches of Corona's aorta, a major blood vessel, with a braided dacron tube.

Burned To Death

CINCINNATI (AP)—Mrs. Bess Threm, 71, was found burned to death in her home here Wednesday. Firemen said her clothing apparently ignited as she was trying to use paper to light an oven. Mrs. Threm, who lived alone, had to use a "walker" to get around.

Campanella's Stepson Being Held For Trial

NEW YORK (AP) — An angry magistrate Wednesday held 16-year-old David Campanella for trial on a petty larceny charge, saying the former baseball star's stepson deserves "whatever he gets."

The boy was sent back to jail where he has been held since his arrest Jan. 26.

Magistrate James LoPiccollo was angered because the Campanella youth was in court after his third arrest in less than a year.

When a grocer allegedly robbed by Campanella and two other Negro youths offered to drop his complaint, the magistrate would not allow it.

"I have no pity for the Campanella boy" he said. "He's been in and out of courts in a short space of time and should have learned his lesson. He has humiliated his family. He has violated his curfew."

David Campanella is on probation in a case involving the burglary of a Queens drugstore last spring. At the time of that burglary he already had been adjudged a juvenile delinquent on charges growing out of a street fight.

The youth, son of Mrs. Roy Campanella by a previous marriage, is accused with Ronald Garnett, 18, and Isadore Fisher, 20, of stealing $40 worth of merchandise from a Queens grocery Jan. 25.

Roy Campanella, former catcher for the Dodgers, has been semiparalyzed since an auto crash two years ago.

Governor Hears Plea To Spare Life Of Police Slayer

COLUMBUS, Ohio (AP)—A plea to spare the life of convicted police slayer Robert Lee Lyons was heard Wednesday by Gov. Michael V. DiSalle.

Counsel for Lyons pleaded for clemency after the Ohio Supreme Court turned down the condemned man's appeal from a first-degree murder conviction.

Lyons is slated to die Feb. 19 for the fatal shooting of police Lt. Edward Lentz on Dec. 9, 1957.

Cleveland attorney Chester K. Gillespie said Lyons should be spared because a companion, Dallas Milam, was freed by a lower court. James Davis, another companion, received a life sentence.

The governor said such extenuating circumstances would have to be shown before he could stop an execution. DiSalle said he would review the case thoroughly.

Lentz was shot at a gambling place operated by Alonzo Buchanan of Cleveland. The officer arrived during an argument between Buchanan, Lyons and his companions.

Phone Calls Routed Via Balloons Predicted

LOS ANGELES (AP) — A scientist predicts telephone calls from New York to California soon will be routed via an instrumented balloon orbiting a thousand miles above earth.

Dr. John Pierce, research director of the Bell Laboratories in New York, told a convention on military electronics Wednesday that westbound messages will be received at a laboratory near Barstow, Calif.

Such a plan would eliminate the need for costly telephone wires.

Zeus Rocket Fired Successfully And Then Destroyed

WHITE SANDS MISSILE RANGE, N.M. (AP) — A Nike-Zeus test rocket has been fired successfully and then purposely destroyed before it left the northern limit of this southern New Mexico test range.

The Zeus firing Wednesday was a success in two respects, the Army reported.

The first was that of the test missile itself.

The second was the first evacuation of 32 ranch families from a 40-mile extension of the missile range.

The families have agreed to leave their homes for 12-hour periods on 20 different days this year so an additional 1,600 miles could be used for the test range and there would be no danger if a missile strayed.

SUB Payments Must Be Listed In Tax Returns

CLEVELAND (AP)—Taxpayers who last year received supplemental unemployment benefits are required to list those payments in federal tax returns, says the district director of internal revenue.

The SUB payments are considered income, although employers have not been including SUB figures on the W-2 forms used to notify employes of wages and amounts withheld, said Melvin J. Burton, district director.

Burton explained that the SUB payments are not subject to withholding, but employers report the payments to the Internal Revenue Service on a separate form. Taxpayers' forms will be checked against employer forms to determine whether SUB payments have been included in the return.

Payments received from the State Unemployment Compensation Bureau are not subject to federal tax.

Jury Resumes Deliberations In Guns Case

PITTSBURGH (AP)—A U. S. district court jury today resumed deliberation in the trial of six men accused of conspiring to fly stolen firearms to Cuban rebels.

Visiting Judge Roger Foley of Las Vegas gave the case to the jurors at 5 p.m. Wednesday at 11 p.m. he ordered them to retire for the night after they failed to reach a verdict.

The jurors, eight men and four women, were told earlier in final summations by the defense that the government produced no direct evidence on which to base a conviction.

The prosecution brought 73 witnesses in the trial that began Jan. 11, trying to prove that the defendants were linked in an attempt to transport guns stolen from an armory at Canton, Ohio, to Cuba in 1958.

The government said a plane loaded with stolen guns was flown by Stuart Sutor of Hialeah, Fla., from an airport near Tarentum, Pa., to Morgantown, W. Va., on Nov. 4, 1958. Sutor and the plane were seized at Morgantown.

Besides Sutor, the defendants are Norman Rothman and Joseph Merola, both of Miami, Fla.; Joseph Giordano and Victor Carlucci, both of New Kensington, Pa.; and Daniel Hanna of Arnold, Pa.

BRT Convention To Elect Three Officers Today

CLEVELAND (AP)— Delegates to the Brotherhood of Railroad Trainmen convention elect three officers today in a contest expected to be mostly a struggle between the "old guard" and insurgent forces.

A virtually unanimous vote late Wednesday of the 1,100 delegates meeting here since Jan. 4 approved a motion to start holding elections today.

The central struggle will be that between BRT president W. P. Kennedy, 67, and William J. Weil, 51. Weil says he favors "militant and more aggressive" leadership than has been provided by Kennedy.

Weil presently is the 200,000-member union's general secretary-treasurer. He is supported by insurgent forces and the "Committee of One Hundred," composed of younger delegates, who contend officers should be younger and more aggressive in administration of the union and in negotiations with the railroads.

Elections will be by secret ballot on voting machines.

Speed Record Claimed By American Airlines

CINCINNATI (AP) — American Airlines claims a new commercial plane speed record for a flight from New York to Cincinnati — an hour and 31 minutes. The plane was a new Lockheed Electra propjet.

Capt. Roy Ricks, the pilot, said the plane, which left New York at 6:40 p. m. Wednesday, reached speeds as high as 450 miles an hour as it was helped along by tailwinds at 8,000 feet.

Named Arbitrator

CLEVELAND (AP) — Republic Steel Corp. and the United Steelworkers have announced selection of Joseph G. Stashower, a Cleveland attorney, as permanent grievance arbitrator of issues within their contract that reach arbitration stage. Stashower succeeds Harry H. Platt, arbitrator for the union and Republic for the last five years. Platt resigned because of other committments.

Aug. 10-13 was announced as the dates for the annual fair of the Fairview Grange, Ohio Township, by Charles Richards, master, during a meeting Tuesday evening.

A coverdish dinner, to observe the birthday anniversary of George Washington, will be held Feb. 20 in the Grange Hall for members, their families and guests. An auction and a bake goods sale will follow upstairs.

Evan Thomas, former Fairview resident, and Harold Woernle, both of Pittsburgh and representatives of a new food supplement, gave talks. Mrs. Woernle presented a talk and a film on cosmetics and gave a facial demonstration with Miss Dorothy Brdar, program chairman, as model.

Mrs. Thomas was also a guest. Refreshments were served by Mrs. Rade Brdar, assisted by Mrs. R. G. Hammond. The mystery package was received by Mrs. Paul Dawson.

Next meeting is Feb. 16.

Lausche Urges Action Against 'Dirty' Films

WASHINGTON (AP)—Two movies were cited by Sen. Frank J. Lausche (D-Ohio) Wednesday as he called for government action against television stations that show films of "lewdness, indecency and immorality."

He told the Senate that both "The Devil and The Flesh" and "I Am A Camera" have plots which involve seduction and promiscuous sex relations. The Federal Communications Commission should "withdraw license privileges from television stations which fail to consider the public interest and public morality," he said.

High-Ranking Salem Cagers Big Favorites

Coach Jim Harris and his East Liverpool Potters have everything to gain and nothing to lose when they travel to Salem Friday night.

The Potters, who already have bettered last year's won-loss record with a 4-6 mark so far, will be heavy underdogs.

Friday night's varsity game will get under way about 8:30. The two reserve teams will clash at 7:30.

The Quakers, ranked third in the state, show a 12-1 record, an 8-game winning streak and possess one of the best guards in Ohio.

Harris saw Salem run away from Youngstown South, 90-59, Tuesday night and was greatly impressed with the two outside men, Dave Hunter, almost a sure bet for All-Ohio honors, and Dan Krichbaum.

Harris said that these two boys make Salem tick with their smooth ballhandling and defensive work. Coach John Cabas employs a full-court press throughout and Hunter and Krichbaum are the two who apply the pressure.

Hunter is currently the third leading scorer in Columbiana County. In 13 games, he has dropped in 273 points for a 21-point average. In the game against South Tuesday, he scored 34 points, only three off the Salem High all-time record.

Harris also commented on the fine rebounding work of Don Davidson, the 6-foot-4 transfer from Columbiana.

Rounding out the starting lineup for the Quakers are Jim Lehwald, 6-foot-1, and Eric Theiss, tallest starter at 6-foot-5.

Lehwald is rated a good shot and Theiss helps Davidson on the backboards. Lehwald was Salem's fifth-leading scorer last year with 180 points.

Friday's game could develop into a scoring battle between the Potters' Ken Cunningham and Hunter. Cunningham is currently the fifth leading point-maker in Columbiana County.

His scoring ability has shown up distinctly in the last five games. Of these, East Liverpool has won three, with Cunningham netting 116 points.

In his last five outings, the Potter star has been averaging 23 points per contest and has scored 187 in 10 games for an 18.7 average.

Harris said Bob Mackall has been nursing a sprained ankle received in the New Philadelphia game last Friday night.

If Mackall isn't able to go at top speed, Craig Burbick will start in his place.

Following Friday night's clash at Salem, East Liverpool will return home to meet 11th - ranked Youngstown East Saturday at the M-A.

Buckeyes On Way To Two Big Ten Scoring Records

CHICAGO (AP)—Big Ten basketball records are tottering in the wake of Ohio State's rush toward the championship.

The Buckeyes, conference statistics show, are hitting field goals at a record accuracy clip of nearly 50 per cent. They have plunked in 229 of 459 floor shots in six straight conference triumphs and are far ahead of the 43.1 accuracy record of the 1957 OSU team.

Ohio State also is scoring at a record pace with an average of 94.8 points a game. The mark is 91.2, set by Illinois in 1956.

Northwestern, the league's best defensive club with an average yield of 69.5 points, will be host to the Buckeyes in a regionally televised game Saturday afternoon. The last time the teams met, Ohio State ran away 81-64.

Sophomore Terry Dischinger of Purdue maintains his scoring lead with a 30.1 average while Horace Walker of Michigan State and Jerry Lucas of OSU continue to jockey for second place. Walker, tops in rebounds with a 20.5 average, is hitting for 26.1 points a game and Lucas for 25.5.

Ineligibility Costs Cincy U. Top Reserve

CINCINNATI (AP) — Scholastic ineligibility has cut down one of the University of Cincinnati's top reserve basketball players.

The school announced Wednesday that Mel Landfried, 6-8 pivot man, will be ineligible the remainder of the season because of poor grades.

Landfried, a junior from Cleves, Ohio, has been plagued by injuries but filled in often for Paul Hogue.

Climb In National Poll

Toledo, Dayton Continue Winning Streaks In Ohio

By The Associated Press

Toledo and Dayton continue to push toward the top ten in The Associated Press' national collegiate basketball rankings.

The Rockets and Flyers, who climbed to 12th and 13th in the latest poll, added to lengthy winning streaks Wednesday night in their bids to join Cincinnati and Ohio State among the elite. If they make it, Ohio's claim as a basketball hotbed will be unchallenged.

Toledo cuffed Western Michigan 67-48 and Dayton beat Miami of Ohio 72-60, both on home hardwood. Independent Dayton, driving toward a National Invitational Tournament berth, upped its record to 16-3. Toledo, now 14-2, moved into a tie for first place with Ohio University at 6-1 in its quest of a Mid-American Conference championship.

Garry Roggenburk scored 23 points and dominated rebounding to pace Dayton, which pulled away from Miami (4-12) after leading only 32-30 at halftime. Toledo, which has been rather anonymous individually, depending on all-around balance, was led in scoring against the Broncos by George Patterson, who meshed 22 in the easy victory.

Elsewhere in Ohio, Xavier boosted its record to 12-6 by topping Portland (Ore.) U. 52-45; Kent State trimmed Northern Michigan 85-71; Capital took Ohio Wesleyan 62-57 and Muskingum hurdled Mount Union 81-73 in Ohio Conference tiffs; Defiance rolled to its 14th victory in 15 games, 100-85 over Adrian (Mich.), and Ohio Northern nosed out Ashland in a wild-scoring triple overtime contest, 123-119.

Steubenville ventured across state lines and came through with a 64-61 verdict over Geneva (Pa.).

Jim Enright's 20 points led Xavier as both the Musketeers and Portland experienced a cold shooting night. Ollie Wallace bucketed 22 to spark Kent.

Defiance's triumph was No. 100 for Coach Merle McDonald in his six years at the school. The Jackets made it via 36 out of 45 at the charity line and a 26-point output by Gene Geren.

Capital (6-5 in the O.C.) and Ohio Wesleyan (4-6 O.C.) went almost six minutes without a field goal before getting down to brass tacks. Bob Holliday caged 19 points for the winners but the Bishops' Jerry Vaughn got 24.

Muskingum, staying in title contention in the O. C., made its league record 8-2 as Don Benadum and Dick McClelland got 22 and 20 points. Again, the loser had high man as Dave Brubaker got 28 for the Mounts.

Ron Holtrey went on a 44-point splurge for Ohio Northern, getting 15 of them in the overtimes. It was 97-97 in regulation time. Ashland fell despite 25 points by Larry Aulger and 24 apiece by his teammates John Runyon and Dean Maddock.

Cleveland Barons Rally To Win, 4-3

By The Associated Press

Hank Ciesla scored three goals Wednesday night as Rochester defeated Hershey 8-1 and solidified its hold on second place in the American Hockey League.

The victory gave the Americans a six-point bulge on third - place Providence, which lost 4-3 to the Cleveland Barons.

Cleveland trailed 3-0 after two periods but rallied for four goals in the finale. Earl Ingarfield and Fred Glover got the first two in a space of 11 seconds. Glover connected again just before Dan Blair's 55-footer clinched matters at 12:48.

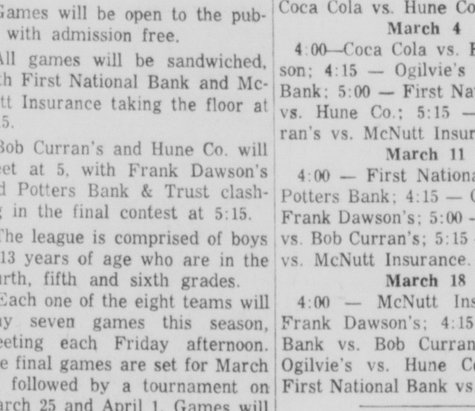

Ed Mazur, veteran Cleveland left wing, suffered a separation of the left shoulder and four-stitch cut over the left eye when he crashed into the boards shortly after the start of the game.

High-Ranking Salem Cagers Big Favorites

Coach Jim Harris and his East Liverpool Potters have everything to gain and nothing to lose when they travel to Salem Friday night.

The Potters, who already have bettered last year's won-loss record with a 4-6 mark so far, will be heavy underdogs.

Friday night's varsity game will get under way about 8:30. The two reserve teams will clash at 7:30.

The Quakers, ranked third in the state, show a 12-1 record, an 8-game winning streak and possess one of the best guards in Ohio.

Harris saw Salem run away from Youngstown South, 90-59, Tuesday night and was greatly impressed with the two outside men, Dave Hunter, almost a sure bet for All-Ohio honors, and Dan Krichbaum.

Harris said that these two boys make Salem tick with their smooth ballhandling and defensive work. Coach John Cabas employs a full-court press throughout and Hunter and Krichbaum are the two who apply the pressure.

Hunter is currently the third leading scorer in Columbiana County. In 13 games, he has dropped in 273 points for a 21-point average. In the game against South Tuesday, he scored 34 points, only three off the Salem High all-time record.

Harris also commented on the fine rebounding work of Don Davidson, the 6-foot-4 transfer from Columbiana.

Rounding out the starting lineup for the Quakers are Jim Lehwald, 6-foot-1, and Eric Theiss, tallest starter at 6-foot-5.

Lehwald is rated a good shot and Theiss helps Davidson on the backboards. Lehwald was Salem's fifth-leading scorer last year with 180 points.

Friday's game could develop into a scoring battle between the Potters' Ken Cunningham and Hunter. Cunningham is currently the fifth leading point-maker in Columbiana County.

His scoring ability has shown up distinctly in the last five games. Of these, East Liverpool has won three, with Cunningham netting 116 points.

In his last five outings, the Potter star has been averaging 23 points per contest and has scored 187 in 10 games for an 18.7 average.

Harris said Bob Mackall has been nursing a sprained ankle received in the New Philadelphia game last Friday night.

If Mackall isn't able to go at top speed, Craig Burbick will start in his place.

Following Friday night's clash at Salem, East Liverpool will return home to meet 11th - ranked Youngstown East Saturday at the M-A.

Buckeyes On Way To Two Big Ten Scoring Records

CHICAGO (AP)—Big Ten basketball records are tottering in the wake of Ohio State's rush toward the championship.

The Buckeyes, conference statistics show, are hitting field goals at a record accuracy clip of nearly 50 per cent. They have plunked in 229 of 459 floor shots in six straight conference triumphs and are far ahead of the 43.1 accuracy record of the 1957 OSU team.

Ohio State also is scoring at a record pace with an average of 94.8 points a game. The mark is 91.2, set by Illinois in 1956.

Northwestern, the league's best defensive club with an average yield of 69.5 points, will be host to the Buckeyes in a regionally televised game Saturday afternoon. The last time the teams met, Ohio State ran away 81-64.

Sophomore Terry Dischinger of Purdue maintains his scoring lead with a 30.1 average while Horace Walker of Michigan State and Jerry Lucas of OSU continue to jockey for second place. Walker, tops in rebounds with a 20.5 average, is hitting for 26.1 points a game and Lucas for 25.5.

Climb In National Poll

Toledo, Dayton Continue Winning Streaks In Ohio

By The Associated Press

Toledo and Dayton continue to push toward the top ten in The Associated Press' national collegiate basketball rankings.

The Rockets and Flyers, who climbed to 12th and 13th in the latest poll, added to lengthy winning streaks Wednesday night in their bids to join Cincinnati and Ohio State among the elite. If they make it, Ohio's claim as a basketball hotbed will be unchallenged.

Toledo cuffed Western Michigan 67-48 and Dayton beat Miami of Ohio 72-60, both on home hardwood. Independent Dayton, driving toward a National Invitational Tournament berth, upped its record to 16-3. Toledo, now 14-2, moved into a tie for first place with Ohio University at 6-1 in its quest of a Mid-American Conference championship.

Garry Roggenburk scored 23 points and dominated rebounding to pace Dayton, which pulled away from Miami (4-12) after leading only 32-30 at halftime. Toledo, which has been rather anonymous individually, depending on all-around balance, was led in scoring against the Broncos by George Patterson, who meshed 22 in the easy victory.

Elsewhere in Ohio, Xavier boosted its record to 12-6 by topping Portland (Ore.) U. 52-45; Kent State trimmed Northern Michigan 85-71; Capital took Ohio Wesleyan 62-57 and Muskingum hurdled Mount Union 81-73 in Ohio Conference tiffs; Defiance rolled to its 14th victory in 15 games, 100-85 over Adrian (Mich.), and Ohio Northern nosed out Ashland in a wild-scoring triple overtime contest, 123-119.

Steubenville ventured across state lines and came through with a 64-61 verdict over Geneva (Pa.).

Jim Enright's 20 points led Xavier as both the Musketeers and Portland experienced a cold shooting night. Ollie Wallace bucketed 22 to spark Kent.

Defiance's triumph was No. 100 for Coach Merle McDonald in his six years at the school. The Jackets made it via 36 out of 45 at the charity line and a 26-point output by Gene Geren.

Capital (6-5 in the O.C.) and Ohio Wesleyan (4-6 O.C.) went almost six minutes without a field goal before getting down to brass tacks. Bob Holliday caged 19 points for the winners but the Bishops' Jerry Vaughn got 24.

Muskingum, staying in title contention in the O. C., made its league record 8-2 as Don Benadum and Dick McClelland got 22 and 20 points. Again, the loser had high man as Dave Brubaker got 28 for the Mounts.

Ron Holtrey went on a 44-point splurge for Ohio Northern, getting 15 of them in the overtimes. It was 97-97 in regulation time. Ashland fell despite 25 points by Larry Aulger and 24 apiece by his teammates John Runyon and Dean Maddock.

Cleveland Barons Rally To Win, 4-3

By The Associated Press

Hank Ciesla scored three goals Wednesday night as Rochester defeated Hershey 8-1 and solidified its hold on second place in the American Hockey League.

The victory gave the Americans a six-point bulge on third - place Providence, which lost 4-3 to the Cleveland Barons.

Cleveland trailed 3-0 after two periods but rallied for four goals in the finale. Earl Ingarfield and Fred Glover got the first two in a space of 11 seconds. Glover connected again just before Dan Blair's 55-footer clinched matters at 12:48.

Ed Mazur, veteran Cleveland left wing, suffered a separation of the left shoulder and four-stitch cut over the left eye when he crashed into the boards shortly after the start of the game.

Ineligibility Costs Cincy U. Top Reserve

CINCINNATI (AP) — Scholastic ineligibility has cut down one of the University of Cincinnati's top reserve basketball players.

The school announced Wednesday that Mel Landfried, 6-8 pivot man, will be ineligible the remainder of the season because of poor grades.

Landfried, a junior from Cleves, Ohio, has been plagued by injuries but filled in often for Paul Hogue.

Freed's, Bright's Tied In City Loop After Posting Second

Alex's Nipped By Wellsville Quintet, 56-52

Bob Freed's and Bright's Real Estate posted their second straight victory in the second half play of the City Basketball League Wednesday night at East Junior High.

Bright's, after upsetting Alex's last week, toppled Chester, 62-61, in a thrilling overtime battle and stamped itself as a strong contender in the second round.

Freed's rallied in the second half to pick up a 57-50 victory over Midland CIO for its second straight.

In one other game, Alex's Carry-Out, first half champions, dropped its second in a row to the Wellsville Merchants, 56-52.

Chester bounced back several times, once from a 32-23 deficit at halftime, then trailed again, 46-43, at the end of the third quarter.

The game Chester five finally tied the count at 57-57, but Bright's picked up the victory in the overtime period.

Four of the five starters for Bright's broke into the double figures. Bob Curtiss led the way for the second straight week with 18 points while Ken Brophey and Jim Burke each fired in 14 and John Watson added 11.

Ted Robinson, the loop's leading scorer, dropped in 24 to lead all scorers.

With Dan Baldwin's 20 points leading the attack, Wellsville stayed on top all the way to spill Alex's.

Wellsville led 28-23 at halftime and maintained this margin at 39-34 after three periods.

Vince Giles added 15 points to the Wellsville attack while Potter coach Jim Harris popped in 22 markers to pace Alex's.

Freed's received a 20-point performance from Bevo Francis, but were forced to rally in the second half to dispose of Midland CIO.

Midland held the upperhand at intermission, 28-19, but Freed's came roaring back in the third quarter and went in front, 40-37, when the period ended.

Next to Francis in the scoring department for Freed's was George Parfitt with 13 points.

Dave Nichol, head basketball coach at South Side, paced Midland with a 15-point flurry, while Jim Cerasi added 13.

Hall Of Fame Selection Procedure Faces Change

BOSTON (AP) — The selection procedure for the Hall of Fame appeared headed for critical review today. Reason: The Baseball Writers Assn. of America, scattering votes among 129 players, failed to add any names to the immortal scrolls for the second straight time.

As top man in a losing field, former Cincinnati and New York Giants outfielder Edd Roush mustered 54.3 per cent of the record 269 ballots cast.

Under present rules, 75 per cent is necessary for election which this year would have been 202.

Close behind the 146 Roush received were 143 for outfielder Edgar (Sam) Rice and 142 for southpaw pitcher Eppa Rixey. They were the only candidates to poll more than 100.

At present, 10-year members of the BBWA vote biennially — the even years — for players who stopped playing not more than 50 nor less than five years from the time of balloting.

On the odd years a special committee set up by the heads of baseball is empowered to select players from back beyond the 30-year limit.

Two years ago when the writers failed to elect a player from among 145 candidates on 266 ballots, Commissioner Ford Frick said he was pleased by the outcome.

But Wednesday, Frick and Paul Kerr, secretary of the board of directors of the Hall of Fame, expressed disappointment at the outcome.

Hy Hurwitz, secretary - treasurer of the writers, who conducted the vote tabulation and announcement was unhappy over the results and made it plain the association might take under consideration the possibilitity of revamping the present voting system.

The most recent additions to the Hall of Fame were Joe Cronin and Hank Greenberg in 1956 — bringing the total to 83.

This year, back of Roush, Rice and Rixey, among the leaders were Burleigh Grimes (92), Jim Bottomley (89), Red Ruffing (86), Red Faber (83) with Luke Appling, Kiki Cuyler and Hack Wilson tied at 72 each.

Greaves Wins Decision Over Jones On TV

By CHARLES CHAMBERLAIN
Associated Press Sports Writer

CHICAGO (AP)—After 11 years as a pro, rust seems to be gathering on Tiger Jones — every place but his chin.

In his first fight in seven months the 31-year-old Jones huffed and puffed with a head cold through 10 rounds Wednesday night in his 37th TV ring appearance.

When it was all over in Chicago Stadium, he was a lopsided loser to Canadian middleweight champion Wilfie Greaves.

Greaves, 24, was an 8-5 underdog, perhaps, because Chicago fans remember Jones giving Sugar Ray Robinson one of his worst 10 round pummelings in the same ring five years ago.

But the bustle and two-fisted swarming tactics which Jones has pleased fans over the years appeared missing. Greaves forced the fight throughout despite a badly gashed lip from the sixth round on.

"If it had been anybody but Tiger in there, I would have knocked him out," said Greaves, who several times jolted the old pro with solid lefts to the jaw.

The victory was Greaves' fourth in a row and gives him a 31-11-1 record. He weighed 159½ to Jones' 162.

Under the five-point must system, Greaves was favored all the way — 48-43 by referee Joey White, 48-44 by Judge John Bray, 50-44 by judge Harold Marovitz and 49-44 by The Associated Press.

Knicks Look Good In Comparison To Lakers, Royals

By The Associated Press

They say, and rightly so, that the New York Knickerbockers are having a bad year in the National Basketball Assn.'s Eastern Division. But take a look recently at Minneapolis and Cincinnati in the Western Division.

By comparison with the Lakers and Royals, the Knicks' record looks quite respectable even though they trail pace-setting Boston by 20 games. The Knicks have a 22-32 mark following Wednesday night's 125-115 setback by St. Louis in the first part of a doubleheader at Boston.

The Lakers, in third place in the Western Division but 15½ games back of St. Louis, have only 14 victories to show for 49 starts after taking a 128-108 lacing from the Celtics.

The Royals, who bowed to Detroit 117-105 for their 10th straight loss, are 19½ games off the Hawks' pace with a 14-43 record.

2 Titles On Line Tonight

By BOB MYERS
Associated Press Sports Writer

LOS ANGELES (AP) — Two world championships go on the block in Memorial Coliseum tonight, weather permitting, and it appears that half the Republic of Mexico is here for the action.

In the scheduled 15-round fights: Bantamweight champion Jose Becerra of Mexico risks his title against ex-champion Alphonse Halimi of France in a rematch of a classic fight staged here last July.

Junior welterweight champion Carlos Ortiz of New York defends his crown against sensational Raymundo (Battling) Torres of Mexico, unbeaten in his 31 ring appearances.

Ther is no radio nor television broadcast in this country.

The Becerra-Halimi fight is scheduled to start about 9 p.m., PST, as the first of the two main events.

Thousands of Mexicans, perhaps more than for any fight involving their countrymen, are here. Many hotels are booked solid.

The betting line favors Ortiz, 23-year-old native of Puerto Rico, at 10-7 to retain the newly revived 140-pound division title. He acquired it when he stopped Kenny Lane in two rounds last June in New York.

Becerra, 23, a native of Guadalajara, is a solid 10-6 favorite over the dapper 27-year-old French Algerian.

The July Becerra-Halimi match was a great one, with Halimi a point or so ahead on his boxing until Becerra exploded and knocked him silly in the eighth round.

Bower, 36, Says This Is Last Year Of Tending Goal

NEW YORK (AP)—At 36, Johnny Bower figures he's had enough of tending goal in the National Hockey League—or in any league.

"It's about time I gave up the game," he said today. "The way I feel now this is my last year. I can't go 70 games anymore."

However, Bower, who began his pro career with Cleveland in the American League 14 years ago, is still playing like a youngster for the Toronto Maple Leafs.

Wednesday night he again was sharp as a skate blade as the Leafs defeated the New York Rangers 4-2 in Madison Square Garden. He turned back 29 shots. By winning, Toronto increased their lead to three points over idle Detroit in the battle for second place in the NHL.

Bower had help from Allan Stanley, who scored the winning goal midway in the second period. Billy Harris had two goals and Johnny Wilson one for the visitors. Rookie Art Stratton and Lou Fontinato registered for the last-place Rangers.

Freed's, Bright's Tied In City Loop After Posting Second

Alex's Nipped By Wellsville Quintet, 56-52

Bob Freed's and Bright's Real Estate posted their second straight victory in the second half play of the City Basketball League Wednesday night at East Junior High.

Bright's, after upsetting Alex's last week, toppled Chester, 62-61, in a thrilling overtime battle and stamped itself as a strong contender in the second round.

Freed's rallied in the second half to pick up a 57-50 victory over Midland CIO for its second straight.

In one other game, Alex's Carry-Out, first half champions, dropped its second in a row to the Wellsville Merchants, 56-52.

Chester bounced back several times, once from a 32-23 deficit at halftime, then trailed again, 46-43, at the end of the third quarter.

The game Chester five finally tied the count at 57-57, but Bright's picked up the victory in the overtime period.

Four of the five starters for Bright's broke into the double figures. Bob Curtiss led the way for the second straight week with 18 points while Ken Brophey and Jim Burke each fired in 14 and John Watson added 11.

Ted Robinson, the loop's leading scorer, dropped in 24 to lead all scorers.

With Dan Baldwin's 20 points leading the attack, Wellsville stayed on top all the way to spill Alex's.

Wellsville led 28-23 at halftime and maintained this margin at 39-34 after three periods.

Vince Giles added 15 points to the Wellsville attack while Potter coach Jim Harris popped in 22 markers to pace Alex's.

Freed's received a 20-point performance from Bevo Francis, but were forced to rally in the second half to dispose of Midland CIO.

Midland held the upperhand at intermission, 28-19, but Freed's came roaring back in the third quarter and went in front, 40-37, when the period ended.

Next to Francis in the scoring department for Freed's was George Parfitt with 13 points.

Dave Nichol, head basketball coach at South Side, paced Midland with a 15-point flurry, while Jim Cerasi added 13.

Hall Of Fame Selection Procedure Faces Change

BOSTON (AP) — The selection procedure for the Hall of Fame appeared headed for critical review today. Reason: The Baseball Writers Assn. of America, scattering votes among 129 players, failed to add any names to the immortal scrolls for the second straight time.

As top man in a losing field, former Cincinnati and New York Giants outfielder Edd Roush mustered 54.3 per cent of the record 269 ballots cast.

Under present rules, 75 per cent is necessary for election which this year would have been 202.

Close behind the 146 Roush received were 143 for outfielder Edgar (Sam) Rice and 142 for southpaw pitcher Eppa Rixey. They were the only candidates to poll more than 100.

At present, 10-year members of the BBWA vote biennially — the even years — for players who stopped playing not more than 50 nor less than five years from the time of balloting.

On the odd years a special committee set up by the heads of baseball is empowered to select players from back beyond the 30-year limit.

Two years ago when the writers failed to elect a player from among 145 candidates on 266 ballots, Commissioner Ford Frick said he was pleased by the outcome.

But Wednesday, Frick and Paul Kerr, secretary of the board of directors of the Hall of Fame, expressed disappointment at the outcome.

Hy Hurwitz, secretary - treasurer of the writers, who conducted the vote tabulation and announcement was unhappy over the results and made it plain the association might take under consideration the possibilitity of revamping the present voting system.

The most recent additions to the Hall of Fame were Joe Cronin and Hank Greenberg in 1956 — bringing the total to 83.

This year, back of Roush, Rice and Rixey, among the leaders were Burleigh Grimes (92), Jim Bottomley (89), Red Ruffing (86), Red Faber (83) with Luke Appling, Kiki Cuyler and Hack Wilson tied at 72 each.

Greaves Wins Decision Over Jones On TV

By CHARLES CHAMBERLAIN
Associated Press Sports Writer

CHICAGO (AP)—After 11 years as a pro, rust seems to be gathering on Tiger Jones — every place but his chin.

In his first fight in seven months the 31-year-old Jones huffed and puffed with a head cold through 10 rounds Wednesday night in his 37th TV ring appearance.

When it was all over in Chicago Stadium, he was a lopsided loser to Canadian middleweight champion Wilfie Greaves.

Greaves, 24, was an 8-5 underdog, perhaps, because Chicago fans remember Jones giving Sugar Ray Robinson one of his worst 10 round pummelings in the same ring five years ago.

But the bustle and two-fisted swarming tactics which Jones has pleased fans over the years appeared missing. Greaves forced the fight throughout despite a badly gashed lip from the sixth round on.

"If it had been anybody but Tiger in there, I would have knocked him out," said Greaves, who several times jolted the old pro with solid lefts to the jaw.

The victory was Greaves' fourth in a row and gives him a 31-11-1 record. He weighed 159½ to Jones' 162.

Under the five-point must system, Greaves was favored all the way — 48-43 by referee Joey White, 48-44 by Judge John Bray, 50-44 by judge Harold Marovitz and 49-44 by The Associated Press.

Knicks Look Good In Comparison To Lakers, Royals

By The Associated Press

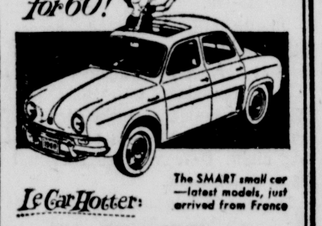

They say, and rightly so, that the New York Knickerbockers are having a bad year in the National Basketball Assn.'s Eastern Division. But take a look recently at Minneapolis and Cincinnati in the Western Division.

By comparison with the Lakers and Royals, the Knicks' record looks quite respectable even though they trail pace-setting Boston by 20 games. The Knicks have a 22-32 mark following Wednesday night's 125-115 setback by St. Louis in the first part of a doubleheader at Boston.

The Lakers, in third place in the Western Division but 15½ games back of St. Louis, have only 14 victories to show for 49 starts after taking a 128-108 lacing from the Celtics.

The Royals, who bowed to Detroit 117-105 for their 10th straight loss, are 19½ games off the Hawks' pace with a 14-43 record.

2 Titles On Line Tonight

By BOB MYERS
Associated Press Sports Writer

LOS ANGELES (AP) — Two world championships go on the block in Memorial Coliseum tonight, weather permitting, and it appears that half the Republic of Mexico is here for the action.

In the scheduled 15-round fights: Bantamweight champion Jose Becerra of Mexico risks his title against ex-champion Alphonse Halimi of France in a rematch of a classic fight staged here last July.

Junior welterweight champion Carlos Ortiz of New York defends his crown against sensational Raymundo (Battling) Torres of Mexico, unbeaten in his 31 ring appearances.

Ther is no radio nor television broadcast in this country.

The Becerra-Halimi fight is scheduled to start about 9 p.m., PST, as the first of the two main events.

Thousands of Mexicans, perhaps more than for any fight involving their countrymen, are here. Many hotels are booked solid.

The betting line favors Ortiz, 23-year-old native of Puerto Rico, at 10-7 to retain the newly revived 140-pound division title. He acquired it when he stopped Kenny Lane in two rounds last June in New York.

Becerra, 23, a native of Guadalajara, is a solid 10-6 favorite over the dapper 27-year-old French Algerian.

The July Becerra-Halimi match was a great one, with Halimi a point or so ahead on his boxing until Becerra exploded and knocked him silly in the eighth round.

Bower, 36, Says This Is Last Year Of Tending Goal

NEW YORK (AP)—At 36, Johnny Bower figures he's had enough of tending goal in the National Hockey League—or in any league.

"It's about time I gave up the game," he said today. "The way I feel now this is my last year. I can't go 70 games anymore."

However, Bower, who began his pro career with Cleveland in the American League 14 years ago, is still playing like a youngster for the Toronto Maple Leafs.

Wednesday night he again was sharp as a skate blade as the Leafs defeated the New York Rangers 4-2 in Madison Square Garden. He turned back 29 shots. By winning, Toronto increased their lead to three points over idle Detroit in the battle for second place in the NHL.

Bower had help from Allan Stanley, who scored the winning goal midway in the second period. Billy Harris had two goals and Johnny Wilson one for the visitors. Rookie Art Stratton and Lou Fontinato registered for the last-place Rangers.

Tar Heels Set Fast Pace In Coast League

By DON WEISS
Associated Press Sports Writer

Frank McGuire's North Carolina Tar Heels have that championship look again as they head into the stretch run in Atlantic Coast Conference basketball.

Playing their first game since the break for mid-term exams Jan. 16 and fortified by the return of Brooklyn's Doug Moe, the Tar Heels whipped Maryland Wednesday night 75-66 to retain their hold on the ACC lead.

It was North Carolina's first victory at Maryland in three years.

In dropping Maryland (4-2) to fourth place behind Wake Forest (7-2) and Duke (5-2), North Carolina ran its winning streak to five and its overall record to 10-3.

Providence (12-3) won its ninth straight, 65-53 over Brown, and Dayton (16-3) ran its streak to eight by whipping Miami of Ohio 72-60.

Southern Methodist pulled into a tie with idle Texas A&M for the Southwest Conference lead by cuffing TCU 79-73 and 11th-rated Miami of Florida made it 18-2 with a 74-73 squeaker over Tampa. Toledo (14-2), ranked 12th in the nation, tied Ohio U. for the Mid-American conference lead by cruising past Western Michigan 67-48.

The service academies turned in a sweep, with Air Force whipping Wyoming in overtime 59-54, Army nipping Albright 66-65 and Navy rallying for an 84-72 decision over Temple.

In the first racially-mixed sports event in Louisiana in four years, Loyola of New Orleans beat Chicago Loyola 66-64. Clarence Red and Bud Dawson of Chicago Loyola were the first Negro athletes to appear against whites in Louisiana since fullback Bobby Grier played for Pitt in the 1956 Sugar Bowl football game.

Giants Start Moving Into New Stadium

SAN FRANCISCO (AP)—Today is moving day for the San Francisco Giants.

The National League baseball club started setting up the telephone switchboard at Candlestick Park, its new seven-million-dollar, 45,000-seat stadium on the edge of San Francisco Bay.

"We hope to have our temporary offices completed there by Friday," beamed President Horace Stoneham.

Stoneham was on hand Wednesday for ceremonies as contractor Charles Harney turned over the keys to officials of the city of San Francisco, which owns the park.

The Giants played last season in 21,000-seat Seals Stadium, one-time park of the old Pacific Coast League club.

Opening game at the new park is April 12.

51 Miles On Gallon Recorded In Test Drive

DAYTONA BEACH, Fla. (AP)—Driving nonstop and averaging just over 25 miles an hour, M. F. Thomas of Corona Del Mar, Calif., got 51.281 miles on one gallon in economy tests at the Daytona International Speedway. He drove a Rambler American.

Bill Stroppe of Long Beach, Calif., did the next best in the three-day tests ending Wednesday. He got 44.614 miles a gallon in a Ford Falcon.

First Win Is Decisive

PASADENA, Calif. (AP) — Washington had never won in the Rose Bowl until the Huskies trounced Wisconsin, 44-8, on New Year's Day. Washington's best effort in the classic had been a 14-14 tie with Navy in 1924. The team lost three other times. Wisconsin's only other Rose Bowl appearance resulted in a 7-0 loss to Southern California in 1953.

Trapped Deer

CASPER, Wyo. (AP) — Tall tales of the deer hunting season are frequent but Dean Casebolt has come up with a new one.

Casebolt claims he got his deer without firing a shot. He said a big buck spotted him and ran. The deer slipped on a rock and became wedged between two boulders.

Elliott Faces First Seâson

Front Office Has Helped To Improve Kansas City

By BOB ELLIOTT
Manager Kansas City Athletics

SAN DIEGO (AP)—Since I am new to the league, it is going to be somewhat difficult for me to evaluate my own players on the Kansas City club let alone those of the other clubs.

The front office has done everything possible to improve the Athletics and make the club a more interesting one for the fans to watch. And I think everyone of the trades we made will help us in 1960.

Since the close of last season, we have purchased pitcher Bob Trowbridge from Milwaukee, acquired pitcher Tom Acker from Cincinnati and catcher Pete Daley from Boston, pitcher Dick Hall and shortstop Ken Hamlin and catcher Hank Foiles from Pittsburgh and drafted third baseman Bob Johnson out of the Detroit chain and catcher Lou Holdener from the Cleveland organization.

Added to this was the major trade that brought us outfielders Hank Bauer and Norm Siebern, pitcher Don Larsen and Marv Throneberry from the New York Yankees.

I can now see an outfield of Bauer, Bob Cerv and Bill Tuttle against lefthanded pitching and Siebern, Tuttle and Russ Snyder or Whitey Herzog. I also feel we are very much stronger in the catching department with the addition of Daley and Foiles to help Harry Chiti.

Last year's biggest disappointment seemed to be in the pitching department. So we have acquired Trowbridge, Acker and Larsen. We also feel that such rookies as Hall, Howard Reed, Marty Kutyna and Al Grumwald, to name a few, can help.

Larsen will get a chance to become a regular starter, along with right-handers Ned Garver, Johnny Kucks, Ray Herbert and John Tsitouris. I'd like to have another starting left-hander to go along with Bud Daley.

I think we need some help in the infield. We definitely need help at shortstop although our reports on Hamlin are very good. But he still has to prove himself. If he doesn't make it, Gerry Lumpe may be shifted to shortstop. Lou Klimchock, our fine-looking rookie, is the No. 1 choice for either third or second base. Throneberry figures to play first with Dick Williams ready to relieve either at first or third. Wayne Terwilliger also is a good handy man to have in the infield.

Swimmer With One Leg Helps End Losing Streak

By FRANK PITMAN

GOLDEN, Colo. (AP) — The inspiring leadership of a one-legged swimmer, Bill Henry, has pulled Colorado Mines' swimming team out of a seven-year losing streak.

Henry is rewriting the school's backstroke records and is credited by Coach Chris Tolos "with helping us overcome that losing complex."

Spirit and courage are two of Henry's biggest traits and many of the other swimmers are finding them infectious.

He lost his right leg at the hip in a bout with cancer when he was 8 years old at his home in Hingham, Mass. Because swimming was one of the few sports he could indulge in, Henry became an expert backstroker.

"It's really no trouble for me," Henry says. "I can swim just as good as a guy with two legs."

His time of two minutes 33.7 seconds for the 200-yard backstroke is a record for Colorado Mines' athletes. He feels he'll shave the time to 2½ minutes flat before the current winter season is over.

One of the big reasons for his steady improvement is a new pool at Mines, affording plenty of practice room for his specialty every afternoon.

Along with performing, Henry also helps train other swimmers. He's been heard to joke with them by saying "the trouble with you fellows is you have too many legs."

The 5-foot-11, 132-pounder is also an avid skier. He uses Austrian crutch-type skis held in each hand. He wears a regular ski on his left foot.

Mines' 60-31 victory over New Mexico in a dual meet at Golden Dec. 3, 1959, was the Miners first triumph in swimming since 1952.

Pretty Penny Charged For Winter Olympics

SQUAW VALLEY, Calif. (AP)—How much will it cost to take in the Winter Olympics here Feb. 18-28?

Much depends on your bankbook, where you want to stay, and how far you have to come.

It might run over $1,000. Much less, if you watch your pennies.

There's a choice of three areas in which to find accommodations within a 50-mile radius of this Sierra valley—Reno, 50 miles east; the North Shore area of Lake Tahoe, 18 miles south; and the South Shore, 40 miles from here around the lake.

There's still time to get into Squaw Valley itself, a community of about 175 homes. About 40 still are available for rentals. The cheapest, a three-bedroom house, goes for $1,000 for the month of February.

As an example of expenses, the budget for one person, coming from New York, staying in Reno and traveling first class, might look like this:

Air fare-jet, $41.06; admission seat in the ice arena, $200; car rental for 11 days, $180; room, $154; meals, $110; total: $1054.06.

Our traveler can get into the games for $60 with a season ticket, but that does not admit him to the arena. His Reno motel room is figured at $14 a day. It costs as much for one as for two in a motel during the games.

The economy-minded might make it on this budget again from New York:

Air fare-coach, $226.50; admission, $60; round trip bus fare from Reno-$6.60 daily, $72.60; meals-$6 daily, $66; room-$9 daily, $99; total: $524.10.

Again the room prices if figured for two.

Should a spectator want to get in the ice arena for one or two days, the Olympic Committee has established this daily admission schedule: $25 for each of the first five days, $15 for the next three and $25 for the final three.

Daily admission tickets to the site are $7.50. Plenty of tickets are available, both on a season or daily basis.

Houston Oilers Add Mac Speedie To Staff

HOUSTON, Tex. (AP) — Mac Speedie, former star end for the Cleveland Browns, has been added to the coaching staff of the Houston Oilers of the American Football League.

Speedie, the fourth assistant to be picked by Coach Lou Rymkus, is to come here next week from Encino, Calif., where he has been in the investments business since leaving the Browns in 1956.

McLish Beat Best

CINCINNATI (AP) — After checking Cal McLish's record against the stronger teams in the American League, the Cincinnati Reds are more elated than ever. McLish, obtained in a trade with Cleveland, last year beat the White Sox four times in five decisions. Against the third-place Yankees he was 6-1 while the rest of the Cleveland staff was 5-10.

McLish won 19 games for Cleveland. In 1958 he won 16 games.

Strangers To Pilot

KANSAS CITY, Mo. (AP) — When the Kansas City athletics open spring training Feb. 28 at West Palm Beach, new manager Bob Elliott will be meeting a number of his players for the first time. However, among those he has seen in the Pacific Coast League are pitchers Buddy Daley, Ken Johnson and Howie Reed and outfielder Russ Snyder.

Howley, Ex-WVU Star, Quits Pro Grid Game

WHEELING (AP) — Chuck Howley, a regular linebacker for the Chicago Bears as a professional football rookie in 1958, said he has quit the grid game.

Howley, who resides in Warwood here, was a standout lineman and defensive performer at West Virginia University, finishing college ball in 1957.

He has quit pro competition because of a severe knee injury. Howley said he will not risk permanent injury. He operates a gasoline service station now.

Won Fouls

MOTLEY, Minn. (AP) — Motley high scored only 16 field goals, but still beat Menahga 76-69 in a basketball game. Motley made 44 out of 59 free throws. Six Menahga players fouled out.

5 Share Lead In Richest Of Golf Classics

PALM SPRINGS, Calif. (AP)—Five pros, including one who had given up the touring circus five years ago, today led a field of 132 pros into the second round of golf's richest tournament.

The five: Johnny Palmer, lately a resident pro at Tulsa Country Club; Arnold Palmer of Ligonier, Pa. Tony Lema of San Leandro, Calif.; Bob Goalby of Crystal River, Fla.; and Mason Rudolph of Clarksville, Tenn. Each shot a 67 in Wednesday's opening round of the 90-hole event being played here over four courses.

But for once in a golf tournament, a special prize is stealing the spotlight from the front runners. A hole-in-one is worth $50,000 in the first annual Palm Springs Desert Classic.

And the pros, to a man, are concentrating on dropping the little ball into the cup on all the par three holes. There were some heart throbs Wednesday. Al Besselink, a stroke behind the leaders at 68, missed an ace by inches on the fly.

On Sunday, the 60 low pros take over Thunderbird course and the chance to cut up $70,000 worth of prize money.

Other 68 shooters include Lloyd Mangrum, Leo Biagetti, Dutch Harrison, Jay McMullen and Britsher Harry Weetman.

Takes Heidelberg Post

TIFFIN, OHIO (AP) —Mario Russo, coach at Barberton High School since 1957, has been named an assistant football coach at Heidelberg College, Russo, 26, succeeds Jack Murphy, who took a job last week as assistant coach at the University of Toledo.

West Nears All-Time Scoring Mark At WVU

MORGANTOWN (AP) — All-America Jerry West is nearing the West Virginia University alltime basketball scoring mark but the Mountaineers will have to win the Southern Conference Tournament to give the 6-3 senior a fair crack at the record.

West so far in his fabulous three-year career has ripped the cords for 1,932 points. The record of 2,180 is held by former All-America Rod Hundley.

This means West must score 248 points during the remainder of this season.

WVU is assured of playing at least seven more games, including the opener in the conference tournament. West must average about 36 points down this stretch. A championship in the league tourney will assure WVU of at least three more games, including one in the NCAA event.

With 10 games to go, West would have to average 24.8 points per contest to equal the Hot Rod's career record. And if West remained hale and hearty, chances are that he would.

At present, he is scoring at a 27.9 clip, including 42 and 39-point performances in his last two outings.

Statistics for the 19 games WVU has played show West leads in minutes played, shots taken free throws, shooting percentage, rebounds, assists and scoring.

He has grabbed 306 rebounds compared to 115 taken by runner-up Willie Akers. He has handled 77 assists compared to 46 for runnerup Lee Patrone. His 27.9 scoring average compares with 12.8 fashioned by Patrone for runnerup honors in this department.

West will encounter the stiffest type of opposition in his quest for career scoring honors.

WVU has home games with surprising George Washington Saturday and New York U. next Monday. GW upset Virginia Tech this week while NYU will bring to Morgantown 6-7 Tom Sanders, termed by West as the best defensive man he's ever faced.

Then the Mountaineers hit the road for games at St. John's, Richmond and George Washington before returning here for a final home game against Pitt on Saturday, Feb. 20.

The conference tournament at Richmond, Va., will be held Feb. 25-27.

Kansas City Golf Open Now Without Sponsor

KANSAS CITY (AP)—The Kansas City Open, a PGA golf circuit tournament since 1948, has lost its sponsor and may not be played this year.

Kansas City Golf Assn. sponsorship was withdrawn from the $20,000 event Wednesday. The KCGA blamed financial reasons, pointing out that last year's tournament lost around $1,000.

Tar Heels Set Fast Pace In Coast League

By DON WEISS
Associated Press Sports Writer

Frank McGuire's North Carolina Tar Heels have that championship look again as they head into the stretch run in Atlantic Coast Conference basketball.

Playing their first game since the break for mid-term exams Jan. 16 and fortified by the return of Brooklyn's Doug Moe, the Tar Heels whipped Maryland Wednesday night 75-66 to retain their hold on the ACC lead.

It was North Carolina's first victory at Maryland in three years.

In dropping Maryland (4-2) to fourth place behind Wake Forest (7-2) and Duke (5-2), North Carolina ran its winning streak to five and its overall record to 10-3.

Providence (12-3) won its ninth straight, 65-53 over Brown, and Dayton (16-3) ran its streak to eight by whipping Miami of Ohio 72-60.

Southern Methodist pulled into a tie with idle Texas A&M for the Southwest Conference lead by cuffing TCU 79-73 and 11th-rated Miami of Florida made it 18-2 with a 74-73 squeaker over Tampa. Toledo (14-2), ranked 12th in the nation, tied Ohio U. for the Mid-American conference lead by cruising past Western Michigan 67-48.

The service academies turned in a sweep, with Air Force whipping Wyoming in overtime 59-54, Army nipping Albright 66-65 and Navy rallying for an 84-72 decision over Temple.

In the first racially-mixed sports event in Louisiana in four years, Loyola of New Orleans beat Chicago Loyola 66-64. Clarence Red and Bud Dawson of Chicago Loyola were the first Negro athletes to appear against whites in Louisiana since fullback Bobby Grier played for Pitt in the 1956 Sugar Bowl football game.

Giants Start Moving Into New Stadium

SAN FRANCISCO (AP)—Today is moving day for the San Francisco Giants.

The National League baseball club started setting up the telephone switchboard at Candlestick Park, its new seven-million-dollar, 45,000-seat stadium on the edge of San Francisco Bay.

"We hope to have our temporary offices completed there by Friday," beamed President Horace Stoneham.

Stoneham was on hand Wednesday for ceremonies as contractor Charles Harney turned over the keys to officials of the city of San Francisco, which owns the park.

The Giants played last season in 21,000-seat Seals Stadium, one-time park of the old Pacific Coast League club.

Opening game at the new park is April 12.

First Win Is Decisive

PASADENA, Calif. (AP) — Washington had never won in the Rose Bowl until the Huskies trounced Wisconsin, 44-8, on New Year's Day. Washington's best effort in the classic had been a 14-14 tie with Navy in 1924. The team lost three other times. Wisconsin's only other Rose Bowl appearance resulted in a 7-0 loss to Southern California in 1953.

Trapped Deer

CASPER, Wyo. (AP) — Tall tales of the deer hunting season are frequent but Dean Casebolt has come up with a new one.

Casebolt claims he got his deer without firing a shot. He said a big buck spotted him and ran. The deer slipped on a rock and became wedged between two boulders.

Elliott Faces First Season

Front Office Has Helped To Improve Kansas City

By BOB ELLIOTT
Manager Kansas City Athletics

SAN DIEGO (AP)—Since I am new to the league, it is going to be somewhat difficult for me to evaluate my own players on the Kansas City club let alone those of the other clubs.

The front office has done everything possible to improve the Athletics and make the club a more interesting one for the fans to watch. And I think everyone of the trades we made will help us in 1960.

Since the close of last season, we have purchased pitcher Bob Trowbridge from Milwaukee, acquired pitcher Tom Acker from Cincinnati and catcher Pete Daley from Boston, pitcher Dick Hall and shortstop Ken Hamlin and catcher Hank Foiles from Pittsburgh and drafted third baseman Bob Johnson out of the Detroit chain and catcher Lou Holdener from the Cleveland organization.

Added to this was the major trade that brought us outfielders Hank Bauer and Norm Siebern, pitcher Don Larsen and Marv Throneberry from the New York Yankees.

I can now see an outfield of Bauer, Bob Cerv and Bill Tuttle against lefthanded pitching and Siebern, Tuttle and Russ Snyder or Whitey Herzog. I also feel we are very much stronger in the catching department with the addition of Daley and Foiles to help Harry Chiti.

Last year's biggest disappointment seemed to be in the pitching department. So we have acquired Trowbridge, Acker and Larsen. We also feel that such rookies as Hall, Howard Reed, Marty Kutyna and Al Grumwald, to name a few, can help.

Larsen will get a chance to become a regular starter, along with right-handers Ned Garver, Johnny Kucks, Ray Herbert and John Tsitouris. I'd like to have another starting left-hander to go along with Bud Daley.

I think we need some help in the infield. We definitely need help at shortstop although our reports on Hamlin are very good. But he still has to prove himself. If he doesn't make it, Gerry Lumpe may be shifted to shortstop. Lou Klimchock, our fine-looking rookie, is the No. 1 choice for either third or second base. Throneberry figures to play first with Dick Williams ready to relieve either at first or third. Wayne Terwilliger also is a good handy man to have in the infield.

At Colorado Mines

Swimmer With One Leg Helps End Losing Streak

By FRANK PITMAN

GOLDEN, Colo. (AP) — The inspiring leadership of a one-legged swimmer, Bill Henry, has pulled Colorado Mines' swimming team out of a seven-year losing streak.

Henry is rewriting the school's backstroke records and is credited by Coach Chris Tolos "with helping us overcome that losing complex."

Spirit and courage are two of Henry's biggest traits and many of the other swimmers are finding them infectious.

He lost his right leg at the hip in a bout with cancer when he was 8 years old at his home in Hingham, Mass. Because swimming was one of the few sports he could indulge in, Henry became an expert backstroker.

"It's really no trouble for me," Henry says. "I can swim just as good as a guy with two legs."

His time of two minutes 33.7 seconds for the 200-yard backstroke is a record for Colorado Mines' athletes. He feels he'll shave the time to 2½ minutes flat before the current winter season is over.

One of the big reasons for his steady improvement is a new pool at Mines, affording plenty of practice room for his specialty every afternoon.

Along with performing, Henry also helps train other swimmers. He's been heard to joke with them by saying "the trouble with you fellows is you have too many legs."

The 5-foot-11, 132-pounder is also an avid skier. He uses Austrian crutch-type skis held in each hand. He wears a regular ski on his left foot.

Mines' 60-31 victory over New Mexico in a dual meet at Golden Dec. 3, 1959, was the Miners first triumph in swimming since 1952.

Pretty Penny Charged For Winter Olympics

SQUAW VALLEY, Calif. (AP)—How much will it cost to take in the Winter Olympics here Feb. 18-28?

Much depends on your bankbook, where you want to stay, and how far you have to come.

It might run over $1,000. Much less, if you watch your pennies.

There's a choice of three areas in which to find accommodations within a 50-mile radius of this Sierra valley—Reno, 50 miles east; the North Shore area of Lake Tahoe, 18 miles south; and the South Shore, 40 miles from here around the lake.

There's still time to get into Squaw Valley itself, a community of about 175 homes. About 40 still are available for rentals. The cheapest, a three-bedroom house, goes for $1,000 for the month of February.

As an example of expenses, the budget for one person, coming from New York, staying in Reno and traveling first class, might look like this:

Air fare-jet, $41.06; admission seat in the ice arena, $200; car rental for 11 days, $180; room, $154; meals, $110; total: $1054.06.

Our traveler can get into the games for $60 with a season ticket, but that does not admit him to the arena. His Reno motel room is figured at $14 a day. It costs as much for one as for two in a motel during the games.

The economy-minded might make it on this budget again from New York:

Air fare-coach, $226.50; admission, $60; round trip bus fare from Reno-$6.60 daily, $72.60; meals-$6 daily, $66; room-$9 daily, $99; total: $524.10.

Again the room prices if figured for two.

Should a spectator want to get in the ice arena for one or two days, the Olympic Committee has established this daily admission schedule: $25 for each of the first five days, $15 for the next three and $25 for the final three.

Daily admission tickets to the site are $7.50. Plenty of tickets are available, both on a season or daily basis.

Howley, Ex-WVU Star, Quits Pro Grid Game

WHEELING (AP) — Chuck Howley, a regular linebacker for the Chicago Bears as a professional football rookie in 1958, said he has quit the grid game.

Howley, who resides in Warwood here, was a standout lineman and defensive performer at West Virginia University, finishing college ball in 1957.

He has quit pro competition because of a severe knee injury. Howley said he will not risk permanent injury. He operates a gasoline service station now.

MOTLEY, Minn. (AP) — Motley high scored only 16 field goals, but still beat Menahga 76-69 in a basketball game. Motley made 44 out of 59 free throws. Six Menahga players fouled out.

Houston Oilers Add Mac Speedie To Staff

HOUSTON, Tex. (AP) — Mac Speedie, former star end for the Cleveland Browns, has been added to the coaching staff of the Houston Oilers of the American Football League.

Speedie, the fourth assistant to be picked by Coach Lou Rymkus, is to come here next week from Encino, Calif., where he has been in the investments business since leaving the Browns in 1956.

McLish Beat Best

CINCINNATI (AP) — After checking Cal McLish's record against the stronger teams in the American League, the Cincinnati Reds are more elated than ever. McLish, obtained in a trade with Cleveland, last year beat the White Sox four times in five decisions. Against the third-place Yankees he was 6-1 while the rest of the Cleveland staff was 5-10.

McLish won 19 games for Cleveland. In 1958 he won 16 games.

Strangers To Pilot

KANSAS CITY, Mo. (AP) — When the Kansas City athletics open spring training Feb. 28 at West Palm Beach, new manager Bob Elliott will be meeting a number of his players for the first time. However, among those he has seen in the Pacific Coast League are pitchers Buddy Daley, Ken Johnson and Howie Reed and outfielder Russ Snyder.

5 Share Lead In Richest Of Golf Classics

PALM SPRINGS, Calif. (AP)—Five pros, including one who had given up the touring circus five years ago, today led a field of 132 pros into the second round of golf's richest tournament.

The five: Johnny Palmer, lately a resident pro at Tulsa Country Club; Arnold Palmer of Ligonier, Pa. Tony Lema of San Leandro, Calif.; Bob Goalby of Crystal River, Fla.; and Mason Rudolph of Clarksville, Tenn. Each shot a 67 in Wednesday's opening round of the 90-hole event being played here over four courses.

But for once in a golf tournament, a special prize is stealing the spotlight from the front runners. A hole-in-one is worth $50,000 in the first annual Palm Springs Desert Classic.

And the pros, to a man, are concentrating on dropping the little ball into the cup on all the par three holes. There were some heart throbs Wednesday. Al Besselink, a stroke behind the leaders at 68, missed an ace by inches on the fly.

On Sunday, the 60 low pros take over Thunderbird course and the chance to cut up $70,000 worth of prize money.

Other 68 shooters include Lloyd Mangrum, Leo Biagetti, Dutch Harrison, Jay McMullen and Britsher Harry Weetman.

Takes Heidelberg Post

TIFFIN, OHIO (AP) —Mario Russo, coach at Barberton High School since 1957, has been named an assistant football coach at Heidelberg College, Russo, 26, succeeds Jack Murphy, who took a job last week as assistant coach at the University of Toledo.

West Nears All-Time Scoring Mark At WVU

MORGANTOWN (AP — All-America Jerry West is nearing the West Virginia University alltime basketball scoring mark but the Mountaineers will have to win the Southern Conference Tournament to give the 6-3 senior a fair crack at the record.

West so far in his fabulous three-year career has ripped the cords for 1,932 points. The record of 2,180 is held by former All-America Rod Hundley.

This means West must score 248 points during the remainder of this season.

WVU is assured of playing at least seven more games, including the opener in the conference tournament. West must average about 36 points down this stretch. A championship in the league tourney will assure WVU of at least three more games, including one in the NCAA event.

With 10 games to go, West would have to average 24.8 points per contest to equal the Hot Rod's career record. And if West remained hale and hearty, chances are that he would.

At present, he is scoring at a 27.9 clip, including 42 and 39-point performances in his last two outings.

Statistics for the 19 games WVU has played show West leads in minutes played, shots taken free throws, shooting percentage, rebounds, assists and scoring.

He has grabbed 306 rebounds compared to 115 taken by runner-up Willie Akers. He has handled 77 assists compared to 46 for runnerup Lee Patrone. His 27.9 scoring average compares with 12.8 fashioned by Patrone for runnerup honors in this department.

West will encounter the stiffest type of opposition in his quest for career scoring honors.

WVU has home games with surprising George Washington Saturday and New York U. next Monday. GW upset Virginia Tech this week while NYU will bring to Morgantown 6-7 Tom Sanders, termed by West as the best defensive man he's ever faced.

Then the Mountaineers hit the road for games at St. John's, Richmond and George Washington before returning here for a final home game against Pitt on Saturday, Feb. 20.

The conference tournament at Richmond, Va., will be held Feb. 25-27.

Kansas City Golf Open Now Without Sponsor

KANSAS CITY (AP)—The Kansas City Open, a PGA golf circuit tournament since 1948, has lost its sponsor and may not be played this year.

Kansas City Golf Assn. sponsorship was withdrawn from the $20,000 event Wednesday. The KCGA blamed financial reasons, pointing out that last year's tournament lost around $1,000.

Schools Redesigned To Thwart Vandals

Will windows disappear from school buildings? According to the papers, so many kids stone school windows that architects for the public school system of New York City are going to reduce the size and number of windows in new schools. Also protective wire-mesh screens, steel panels and fences will be installed, making school buildings look like jails. When there are no school windows to stone, churches may be the next target of young vandals. Other large cities and suburbs are having similar problems, for they too have many children who have never learned to respect the rights and possessions of others. Vandals of the ages from 7 to 15 didn't get that way all at once. They were capable of being vandals from the time they could first throw a ball or rock a distance of a few feet.

By Garry Meyers

—:—

DURING 1958 the total cost of vandalism to the public schools of New York City was $520,007, of which $401,307 was for 160,521 broken panes of glass.

A recent editorial in the New York Times, entitled "Vandalism Redesigns Schools," stated:

"We haven't succeeded in redesigning the young people who commit this destructive, costly, antisocial vandalism, so we will redesign the school buildings, to shut out the sunlight and thwart the delinquents."

Then the editorial adds this amazing fact:

"If a policeman, by great good luck, happened to be on the scene and saw some of this rock-throwing, what could he do? He couldn't by law go to the rock-thrower's home and tell the boy's parents that they would have to pay for the broken glass, even up to a limit of $25. This might make the parents feel that they were somehow responsible for a boy who was destroying public property. No, let the taxpayers pay."

—:—

YET, STRANGE as it seems to many of us, when a bill for making parents responsible for their children's vandalism comes up before a law-making body of New York City and some other cities, the heads of various organizations for child welfare and home education are arrayed almost solidy against it.

Until parents with babies in arms know that they will be held legally responsible for any damage their children might do to the public property when they are 6, 10 or 14, what popular pressures will there be on them to bring up their children to respect the rights and possessions of others? And don't public buildings belong to all the people?

Nor have the leaders of organizations who have opposed making parents responsible for their children's vandalism done much, if anything, to arouse parents to the need of disciplining children from their pre-school years to respect the rights and possessions of others.

On the contrary, haven't they been foremost, during recent decades, in advancing the theory and practice of excessive permissiveness, especially in the nursery?

My bulletins, "How to Teach Child the Meaning of No" and "How Juvenile Delinquency Can Be Curbed," may be had by sending a self-addressed, stamped envelope to me in care of this newspaper.

Keep In Trim

By IDA JEAN KAIN

Waist Deserves A Good Turn

Whether you feel svelte or bulky is not a matter of weight alone, but of waistline. Give the fat an inch and it takes the waistline. This is particularly true for short-waisted gals.

By Ida Jean Kain

How do you know if you're short waisted? Simply measure the distance between the top of the hipbone and the natural waistline. With only a two-inch span, you're short-waisted. If you have a five-inch span, it is easy to keep the middle measurement slender.

Nature made the waist the narrowest part of the figure, the better to twist, turn, bend, and move. And there's the technique for waist slimming — stretch to pull the waist up out of the hips and carry on to a side - bend to elongate the stretch. Hold the stretch - bend to increase muscle tone.

—:—

"CLIMB A ladder." Raise arms overhead and r-e-a-c-h for the next rung on the ladder with the right hand, pulling along the right side of the body.

Reach with the left hand, again pulling slim through the middle—pull the waist up out of the hips and the ribs out of the waist. Keep climbing until you feel pleasantly stretched.

Now add a side-bend. Stand with feet well apart, raise arms overhead and clasp left wrist with right hand. Pull and bend. Pulling with the right hand, bend slowly sidewards toward the right. Make it a long, smooth side-bend-hold.

Back to center, change position of hands and bend to left. Repeat about 12 times... practice makes for a slimmer waist. This stretch-bend even feels slimming!

If there is nothing wrong with your lower back, add a twist, and center the action smack at the waistline.

Sit on floor, with legs spread apart. Clasp hands back of head and square your shoulders. The action is to twist at the waist and hold. Then twist in the opposite direction and again hold.

Add a bend to the twist. Again a warning, skip the twist if you have any lower back trouble.

—: —

HERE'S THE exercise: Sitting on floor, pull up with middle muscles, twist gently at the waist to the right, half way around, and holding the up-pull, bend forward and touch left elbow to left knee.

Come back up, again pull slim, twist gently to the left and touch right elbow to right knee. With practice you may be able to touch elbow to opposite knee.

Schools Redesigned To Thwart Vandals

Will windows disappear from school buildings? According to the papers, so many kids stone school windows that architects for the public school system of New York City are going to reduce the size and number of windows in new schools. Also protective wire-mesh screens, steel panels and fences will be installed, making school buildings look like jails. When there are no school windows to stone, churches may be the next target of young vandals. Other large cities and suburbs are having similar problems, for they too have many children who have never learned to respect the rights and possessions of others. Vandals of the ages from 7 to 15 didn't get that way all at once. They were capable of being vandals from the time they could first throw a ball or rock a distance of a few feet.

By Garry Meyers

—:—

DURING 1958 the total cost of vandalism to the public schools of New York City was $520,007, of which $401,307 was for 160,521 broken panes of glass.

A recent editorial in the New York Times, entitled "Vandalism Redesigns Schools," stated:

"We haven't succeeded in redesigning the young people who commit this destructive, costly, antisocial vandalism, so we will redesign the school buildings, to shut out the sunlight and thwart the delinquents."

Then the editorial adds this amazing fact:

"If a policeman, by great good luck, happened to be on the scene and saw some of this rock-throwing, what could he do? He couldn't by law go to the rock-thrower's home and tell the boy's parents that they would have to pay for the broken glass, even up to a limit of $25. This might make the parents feel that they were somehow responsible for a boy who was destroying public property. No, let the taxpayers pay."

—:—

YET, STRANGE as it seems to many of us, when a bill for making parents responsible for their children's vandalism comes up before a law-making body of New York City and some other cities, the heads of various organizations for child welfare and home education are arrayed almost solidy against it.

Until parents with babies in arms know that they will be held legally responsible for any damage their children might do to the public property when they are 6, 10 or 14, what popular pressures will there be on them to bring up their children to respect the rights and possessions of others? And don't public buildings belong to all the people?

Nor have the leaders of organizations who have opposed making parents responsible for their children's vandalism done much, if anything, to arouse parents to the need of disciplining children from their pre-school years to respect the rights and possessions of others.

On the contrary, haven't they been foremost, during recent decades, in advancing the theory and practice of excessive permissiveness, especially in the nursery?

My bulletins, "How to Teach Child the Meaning of No" and "How Juvenile Delinquency Can Be Curbed," may be had by sending a self-addressed, stamped envelope to me in care of this newspaper.

Keep In Trim

By IDA JEAN KAIN

Waist Deserves A Good Turn

Whether you feel svelte or bulky is not a matter of weight alone, but of waistline. Give the fat an inch and it takes the waistline. This is particularly true for short-waisted gals.

By Ida Jean Kain

How do you know if you're short waisted? Simply measure the distance between the top of the hipbone and the natural waistline. With only a two-inch span, you're short-waisted. If you have a five-inch span, it is easy to keep the middle measurement slender.

Nature made the waist the narrowest part of the figure, the better to twist, turn, bend, and move. And there's the technique for waist slimming — stretch to pull the waist up out of the hips and carry on to a side - bend to elongate the stretch. Hold the stretch - bend to increase muscle tone.

—:—

"CLIMB A ladder." Raise arms overhead and r-e-a-c-h for the next rung on the ladder with the right hand, pulling along the right side of the body.

Reach with the left hand, again pulling slim through the middle—pull the waist up out of the hips and the ribs out of the waist. Keep climbing until you feel pleasantly stretched.

Now add a side-bend. Stand with feet well apart, raise arms overhead and clasp left wrist with right hand. Pull and bend. Pulling with the right hand, bend slowly sidewards toward the right. Make it a long, smooth side-bend-hold.

Back to center, change position of hands and bend to left. Repeat about 12 times... practice makes for a slimmer waist. This stretch-bend even feels slimming!

If there is nothing wrong with your lower back, add a twist, and center the action smack at the waistline.

Sit on floor, with legs spread apart. Clasp hands back of head and square your shoulders. The action is to twist at the waist and hold. Then twist in the opposite direction and again hold.

Add a bend to the twist. Again a warning, skip the twist if you have any lower back trouble.

—:—

HERE'S THE exercise: Sitting on floor, pull up with middle muscles, twist gently at the waist to the right, half way around, and holding the up-pull, bend forward and touch left elbow to left knee.

Come back up, again pull slim, twist gently to the left and touch right elbow to right knee. With practice you may be able to touch elbow to opposite knee.

Lived In Fear, Terror

Model Wife For 18 Years Is Exposed As Ex-Convict

GARDENA, Calif. (AP) — Irene Marie Robbins knew there'd be a knock on her door someday.

It came Wednesday.

She opened the door and told the sheriff's deputies outside: "I know who you are. I am Ruth Crum. I lived in fear and terror all these years. In a way, I am glad it's over."

With those words, 18 years of Mrs. Robbins' life started crumbling.

To her neighbors, Mrs. Robbins, 45, is the wife of accountant Franklyn L. Robbins, the mother of four children and a leader in school and community affairs.

But authorities in Cook County, Ill., know her as an ex-convict who violated her parole. She said she never told her husband about her past.

In 1938, police said, Ruth Crum sat in a car in Havana, Ill., while a male companion committed a burglary. She pleaded guilty to the charge although she maintained she didn't know the man's intentions when he left the auto.

After three years in a reformatory, she tried to make a new life by hiding her past. Authorities said she violated her parole by getting married and leaving Illinois. She was traced through fingerprints taken here last New Year's Day after she was involved in an auto accident and held for investigation.

"I loved my husband but I feared to tell him about my past," she said.

"I always brooded over this problem. I turned to religion and told my troubles to my spiritual advisor. He assured me I had paid my debt to society and that there was no need to tell my husband or any of our children as they began to grow up.

"I always wanted to tell."

Wednesday she phoned her husband and told him: "Frank, you'd better come home — my past just caught up with me."

She was arraigned later on a fugitive charge. An attorney said he'll ask California Gov. Edmund G. Brown to refuse Illinois' extradition request.

Her husband said he would stand by her.

"My wife obviously has been a good citizen these last 18 years," he said, "or her past would have come to light before this.

"Technically she was in error but morally she has stayed within the boundaries of good citizenship."

Man Lives With 9 Women–Wife And 8 Daughters

DALLAS, Tex. (AP) — Virgil Zipper, 37, is the only man in a household of nine women — his wife and their eight daughters.

You might suspect he gets little or no chance to say a word around home. Not so, he'll tell you without hesitation.

"When I got something to say, I say it," he boldly confides. "But then I guess I don't talk much anyhow."

Zipper, a Dallas carpenter-contractor, and his wife, 35, came to public attention last week when the latest addition to their family arrived.

Six-day-old Peggy Jean is the latest to join their all-girl brood. The others are Dorothy Ann, 15; Sandra Lee, 13; Patricia Carol, 10; Judy Elaine, 7; Connie Darlene, 3; Cindy Marie, 2, and Shirley Lynn, 1.

What's it like to live around so many womenfolk?

"I don't know what it's like—I've never lived any other way," said Zipper matter-of-factly. "We're well satisfied. It's a pleasure to have all the girls around—one doing this, one doing that and another something else."

Killed In Accident

CLEVELAND (AP) — A Lakewood woman was killed early today in a traffic accident in the suburb. The car of Mrs. Mae Cieskowski, 57, hit a pole. Her husband, Leo, 59, was injured.

Divers Recover 14 Of 24 Weapons; Search Continues

MIDDLETOWN, Ohio (AP) — Skin divers, working in frigid 22-foot deep water of the Miami River, have recovered 14 of 22 Army weapons stolen from the Middletown National Guard Armory. They continue their search today.

The volunteer divers, working under the direction of Middletown police and FBI agents, took only 10 minutes to recover the guns once they had been located. Some weapons were buried in 18 to 24 inches of silt.

Finding of the weapons in the river strengthened belief the theft Sunday might have been the work of vandals.

Recovered from the river were three M-1 rifles, three .30 caliber carbines, three .45 caliber pistols, three .45 caliber machine guns, one Browning automatic rifle and one .22 caliber rifle. Two pairs of binoculars also were found.

It was a binocular case, found floating in the river, that led to the search of the stream.

Potato Group To Hear Wisconsin Professor

LISBON — Prof. John A. Schoenman of the University of Wisconsin will be one of the principal speakers at the Columbiana and Mahoning county potato growers' annual institute Feb. 17 at Heck's Restaurant, east of Columbiana.

E. C. Wittmeyer, vegatable specialist, and Robert Partyka, plant pathologist, from Ohio State University, will also speak, according to Floyd Lower, county extension agent in agriculture.

Judge Not To Run

SPRINGFIELD, Ohio (AP) — Judge Harry G. Gram, 82, of the Clark County probate and juvenile courts will not be a candidate for re-election this year, thus ending 40 years on the court's bench. His term expires February, 1961.

Wrongful Death Suit Filed Against Sheriff

ELYRIA, Ohio (AP)—The family of Richard Seekins, former mental patient killed Dec. 24 in a shooting clash with policemen, have filed a $100,000 wrongful death suit here against Lorain County Sheriff Vernon M. Smith.

Seekins, 60, was killed when sheriff's deputies and a state highway patrolman tried with tear gas, smoke bombs, verbal persuasion and other means to take him into custody. Neighbors had reported seeing Seekins threaten two persons with a shotgun and force them to lie face down in the snow. A hail of bullets felled Seekins.

Divers Recover 14 Of 24 Weapons; Search Continues

MIDDLETOWN, Ohio (AP) — Skin divers, working in frigid 22-foot deep water of the Miami River, have recovered 14 of 22 Army weapons stolen from the Middletown National Guard Armory. They continue their search today.

The volunteer divers, working under the direction of Middletown police and FBI agents, took only 10 minutes to recover the guns once they had been located. Some weapons were buried in 18 to 24 inches of silt.

Finding of the weapons in the river strengthened belief the theft Sunday might have been the work of vandals.

Recovered from the river were three M-1 rifles, three .30 caliber carbines, three .45 caliber pistols, three .45 caliber machine guns, one Browning automatic rifle and one .22 caliber rifle. Two pairs of binoculars also were found.

It was a binocular case, found floating in the river, that led to the search of the stream.

Seekins, 60, was killed when sheriff's deputies and a state highway patrolman tried with tear gas, smoke bombs, verbal persuasion and other means to take him into custody. Neighbors had reported seeing Seekins threaten two persons with a shotgun and force them to lie face down in the snow. A hail of bullets felled Seekins.

Charities Drive Aided

Crucible Makes $10,000 Donation

A $10,000 check from the Crucible Steel Co. is presented by George M. Burrier, manager of the company's Midland Works, to C. L. Smith, right, Midland area chairman of the Combined Charities drive to be conducted during February. David Schwerha, center, president of the Midland Area Charities, looks on.

Smith announced that Midland's goal is $37,282, with the Midland Hot Stove League and the East Liverpool City Hospital, plus 19 countywide agencies, sharing in the proceeds.

The annual drive, usually held in the fall, was postponed due to the steel strike. People residing in one area and working in another have been confused by the conflicting appeals of five separate area federated funds and many countywide agency campaigns conducted where there were no United Funds.

Therefore, Smith said, all organized areas have been merged into a "United Funds of Beaver County" with a combined countywide campaign goal of $589,330.

It is felt that the new county organization can do the work for all organized areas and can eliminate duplication of solicitations and at the same time be more economical, Smith said.

Corporations have already been solicited and beginning immediately, retail businesses will be contacted personally for their contribution and will be urged to solicit their employes in order that a house-to-house drive will not be necessary. The Crucible Combined Charities will conduct its own drive in the mill in the near future.

The 19 benefiting countywide agencies include the Red Cross, Allegheny Boy Scout Council, Western Pennsylvania Chapter of the Arthritis and Rheumatism Foundation, Cancer Society, Catholic Social Service, Children's Aid Society, Children's Home, Girl Scout Council, Heart Association, Home for the Aged, hospitals, including Aliquippa, Beaver Valley General, Providence and Rochester General; Mental Health Society, Mental Hygiene Clinic, Multiple Sclerosis Society of Western Pennsylvania, Retarded Children's Council, Salvation Army, Travelers Aid Society, United Service Organizations and the YMCA.

Goals by areas include Greater Aliquippa, $142,356; Ambridge, $115,000; Beaver, $50,000; Conway, $3,500; Freedom, $2,500; Midland, $87,262; Monaca, $46,697; Rochester $27,500, and Upper Beaver Valley, $164,495.

Last Hope For 435 Trapped Miners Fades

COALBROOK, South Africa (AP)—The last hope died today for survival of any of the 435 miners trapped by a rockfall in the Clydesdale coal mine.

A microphone lowered through a newly completed nine-inch borehole to the 515-foot level, where all were believed imprisoned by the plunging rock two weeks ago, picked up only the gurgling of water, no human.

The fate of these men — six whites and 429 Africans—shaped up as the second worst mine disaster in history. The toll of human life was greater only in the tragedy of the Honekeiko colliery in Manchuria April 26, 1942. There 1,549 miners lost their lives.

Young People To Meet Here For Youth Week Observances

Interdenominational Junior High and Senior High youth groups of the city will meet Sunday from 3:30 to 6 p. m. in the First Methodist Church in a community observance of the second Sunday in Youth Week.

Devotions will be led by representatives of participating groups. The address on this year's Youth Week theme, "Thy Kingdom — On Earth" will be given by R. W. (Bob) Tripp, registrar of Mt. Union College at Alliance and youth lay leader.

The address will be directed to furnishing ideas and thoughts for a "buzz session" to follow. Intermediates and Seniors will meet separately and attempt to point up the theme's meaning for young Christians at home and in school, community, nation and world.

Essays of 400 to 600 words on the theme may be submitted by any high school student. After grading, an award will be presented to the group represented by the winning essay.

Refreshments will be served in the church diningroom to close the event.

Sponsored by the East Liverpool Ministerial Association, with Dr. D. Finley Wood as chairman, pastor of the host church, the community observance has been arranged in consultation with youth group presidents and counselors.

WOHI morning radio devotions this week are being led by youth groups of five denominations.

History Of Presbyterianism Traced For Trinity Women

The history of Presbyterianism was traced through readings and film for the meeting of the Women's Association of the Trinity United Presbyterian Church Tuesday night in the social rooms.

"The Faith We Proclaim" was the theme for the program prepared by Mrs. Edgar Pittenger and read by MRS. Lester Hall, acting chairman.

Participating were Miss Mary Lovas, who spoke on Presbyterianism and what it stands for; Miss Helen Hannahs, the educational phases, and Mrs. Freda Hull, who discussed early beliefs and named the first Presbyterian churches in this area.

The title of the sound film screened by Robert Kidd was "For God's Glory." Produced in France, it included paintings, illustrations, pictures and important papers representing the life and activities of the Presbyterian and Reformed churches over the past 450 years, since the birth of John Calvin, the father of Presbyterianism.

The altar setting included a large heart centered by a world globe and encircled by the peoples of the world, depicting that the heart has room for everyone.

Mrs. William Sutherland was organist for the opening meditation and accompanied the group singing of "A Mighty Fortress Is Our God" and "Jesus Shall Reign."

Mrs. Harold Dray conducted the worship service, reading Scripture from Psa. 121 and 122. For her topic, she used "Psalms and Their Meaning to Our Church." Mrs. Ernest Pletcher offered the prayer for missions. Using the "Yearbook of Prayer," she named the Lebanon Girls School and the Hamlin Memorial Hospital to be remembered in the foreign field and the Warren Wilson Junior College in the national area.

Mrs. Donald Duke and Mrs. Kenneth Persohn received the offering with Mrs. Dray conducting the dedication.

Mrs. Nelson Wright, president, opened business with prayer. Reports were given by Mrs. Thomas Fannin, secretary, and Mrs. Persohn, treasurer, who read the annual financial report.

Mrs. Leonard Gamble, fellowship chairman, announced she is compiling a scrapbook of spiritual quotes and sayings and asked the members to contribute items.

Mrs. Donald Baxter, literature secretary, reminded the group she still is taking subscriptions for the magazine "Concern."

Mrs. Harold Allison reported on final plans for the church birthday dinner, which was held Wednesday.

During roll call, the Bergman Group had the largest representation.

Mrs. Wesley Montgomery reported on the project of assisting a needy family during the holidays.

The Younkin Group will remember the shut-ins for Valentine Day and the Schock Group will have charge of altar flowers during February.

Members will attend the World Day of Prayer observance March 4 at the Salvation Army Citadel.

Refreshments were served 50 by the Bergman Group. White asters with red tapers in milk-glass holders and valentine decorations highlighted the buffet table at which the president poured.

The Executive Board will meet Feb. 24 following prayer service.

A Family Night coverdish dinner will be held March 2. Mrs. Baxter will be program chairman.

Council At Industry Acts On Street Lights

Industry Borough Council Wednesday evening adopted an ordinance to have the Duquesne Light Co. maintain street lights.

Residents will be charged only where there are lights, Council said. In other business, the resignation of Paul Brucker, Municipal Authority member, was accepted. His successor will be named later.

Calvin Dunlap, president, presided. Next meeting will be Feb. 17 at a place to be announced.

Arrested In Spy Plot

BERLIN (AP) — Three more arrests were announced today in the investigation of a Communist spy ring working within the West Berlin police force. The seizure of a former policeman, 50-year-old Erich Lieske, and two women employees at police stations brought to 12 the number jailed. One of the women is the wife of a policeman arrested in a roundup last month.

Man Receives Prison Term

LISBON — Roy L. Campbell, 31, of R. D. 4 was sentenced Wednesday afternoon to 1-15 years at the Ohio State Penitentiary by Common Pleas Judge Raymond S. Buzzard for the burglary of Zeigler's Tire Service at Hanoverton.

Campbell's trial began yesterday afternoon and the jury was selected and the state presented its case and rested when Campbell changed his plea to guilty and asked for immediate sentence.

He was indicted along with Leroy George, 23, of R. D. 1, who was found guilty yesterday for same offense. Donald George, 33, of R. D. 1. pleaded guilty earlier and requested probation.

Judge Buzzard held up sentencing George pending application for a new trial. The jury was out for about an hour.

The Campbell trial began immediately following the dismissal of the George jury by Judge Buzzard.

Eight tires were taken in the burglary Nov. 14. They were indicted by the January Grand Jury.

3 Counts Face Man For Fight With Officers

A Pleasant Heights man accused of putting up a battle with police after he was taken to headquarters Wednesday night on a reckless driving charge drew fines and costs totaling $118 today from Municipal Judge Samuel M. Chertoff.

John R. Steffen, 1153 Oakwood Ave., faced charges of resisting and interfering with a policeman and disorderly conduct by using profane and indecent language in addition to the original reckless driving count.

Patrolman Jerry F. Adkins, the arresting officer, testified the struggle started in headquarters because Steffen "started to call me all sorts of names and cuss me out" while he was being booked on the traffic charge.

Steffen told the judge he became angry because Adkins shoved him. Their accounts of the scuffle also varied.

After the cursing, Adkins reported, Steffen swung at the officer. Adkins reported he and Patrolman R. B. Pyle, desk officer, then wrestled Steffen to the floor and handcuffed him to keep him under control.

Steffen testified he did not recall swinging at the officer and added: "I don't remember being on the floor." Steffen said the officer "pushed" him. Adkins testified he "touched him when I told him to sit down in the chair again, but I didn't push him."

Steffen pleaded guilty to reckless driving and use of improper language, but denied the charge of interfering and resisting the policeman, so Adkins' testimony was taken only on the resisting charge.

In his report of the arrest, Adkins said he observed Steffen "driving in a reckless manner on Harvey Ave., following another car and attempting to pass on several occasions." The officer added that Steffen "weaved in and out and seemed to be trying to get the other driver to race with him."

He also charged that Steffen drove 65 miles an hour in a 50-mile zone on the Pennsylvania Ave. "Hill Rd."

The traffic arrest was made on W. 4th St. Ext. at 7:15. The two other charges were filed seven minutes later at headquarters.

Judge Chertoff fined Steffen $50 and costs each on the resisting and reckless driving charges and also suspended his right to drive a passenger car for 30 days. The restriction against driving a pleasure car was made so that Steffan can continue his work as a tractor-trailer driver, the judge explained.

On the charge of improper language the judge fined Steffen $10 and costs. But since it was coupled with the resisting charge, the fine will be suspended upon payment of the $6 costs, the judge said.

Irondale Autoist Hurt When Car Rams Truck

A 39-year-old Irondale area motorist is in "fairly good" condition today at City Hospital with injuries suffered when his auto struck the rear of a pickup truck at Clark and Buckeye Aves. at Wellsville at 11:15 p. m. Wednesday.

Walter McMasters of Irondale R. D. 1 suffered contusions and lacerations of the head in the crash with the truck driven by Richard Culp, 17, also of Irondale R. D. 1.

Police said Culp was headed east and pulled to the center to make a left turn onto Buckeye when hit. Culp was thrown from the truck but was not listed as injured.

McMasters was knocked unconscious and couldn't be questioned by officers. The accident still is under investigation.

Culp was driving a truck owned by his father, Leroy Culp, of Irondale R. D. 1.

Red A-Subs On Patrol

OSLO, Norway (AP) — Three atomic-powered Soviet submarines carrying intermediate range missiles with atomic war heads are patrolling the Arctic Ocean off Norway, the conservative Oslo newspaper Morgenbladet said today. No source was given for the report. Norweigan military sources declined comment.

Ann Landers

ANSWERS YOUR PROBLEMS

Dear Ann Landers: Please tell me what to do about my wife. We've been married two years and a good share of our joint earnings have gone to pay doctor bills.

My wife has a skin condition on her hands and arms which keeps her in constant agony. It started during our engagement. It responds to a new drug or a special lamp treatment for awhile, then it gets bad again. She works in a library and wears elbow-length cotton gloves.

Last week my wife went to the top specialist in a large city. He told her the trouble was "nerves" and that unless she gets to the root of her problem she might have the eruption indefinitely.

This news made her so physically ill she had to go to bed. She claims the doctor is "crazy" and that an allergy is the real problem. She made me promise not to tell my mother or sister, both of whom she hates.

Why is she reacting so violently to the diagnosis and what can I do about it?—UNHAPPY HUSBAND.

-:-

Dear Unhappy: She's reacting violently because she suspects the doctor is right and doesn't want to face up to the truth.

Many people have the mistaken notion that a virus infection, a broken bone or a case of typhoid fever is more respectable than an emotional problem.

Keep the faith and don't tell your family about the doctor's diagnosis but urge your wife to get psychiatric help. When she is able to determine what's getting "under her skin" she's likely to find that the skin will clear up.

Objects To Affection

Dear Ann: Maybe I'm getting old and crotchety but I'm getting darned sick and tired of having everyone who passes my desk in this office tap me on the head, snap my suspenders, pull my hair or tweek my cheek.

My desk is on the aisle. I'm a sitting duck for every noodnick who passes. You seem to have a solution for everything from box-elder bugs to buggy elders who should be in their boxes. How about some help for me?—END MAN.

-:-

Der End Man: I hope your letter was written in a fit of pique and that you don't honestly resent these friendly taps.

If the pedestrians who pass your desk didn't like you they'd ignore you. Psychologists tell us that touching, tweeking and tapping is a sign of affection.

Mooching Daughter

Dear Ann: Our daughter was divorced last year. She has a 3-year-old son. When Linda (not her real name) left her husband she moved in with us "temporarily." She has made no effort to find a place of her own.

Linda gets a monthly check from her former husband, spends it on clothes and taxicabs. She sleeps half the day and runs around all night. My wife has to stay home all the time to take care of the boy. She's not a well woman and being with a high-strung child constantly has made her nervous.

Our grocery bill has doubled and the landlady raised our rent when Linda and her child moved in. I hinted to Linda that things were tight but she has yet to pay a milk bill or buy a loaf of bread for the house. What can I do?—PAST 60.

-:-

Dear Past 60: You can stop hinting and tell Linda she has 30 days to find a place of her own. Offer to help her pack and make it clear you mean business.

A 10-mile hike was held Saturday with the scouts cooking a supper of hunter's stew.

A program also is being planned on Founders' Day by Mrs. Robert Carter, PTA program chairman. Merit badges will be presented to scouts by a county Boy Scout official.

Robbery Suspect Fights To Prevent Prosecution

LISBON — A motion to quash the indictment of armed robbery against James Maras, 20, of Warren will be heard Friday at 1 p. m. before Common Pleas Judge Raymond S. Buzzard.

Atty. Francis X. Diana in the written petition asks dismissal on grounds that Maras was deprived of his constitutional rights and denied right of counsel and due process of law. He also claims the indictment is defective in that it fails to state the approximate time and place of the crime.

Atty. Diana requested the dismissal at arraignment but Judge Buzzard ordered the request in writing.

Maras was indicted for armed robbery of a Salem area motel on Dec. 11, along with his brother and another man.

Hitting All Bases

OCEAN CITY, N. J. (AP) — Arthur Watkins, this resort's public relations manager, stays on the job no matter where he is. While on vacation, Watkins stopped off in Casablanca and presented Cherif Moulay Hassan El Alaoui, a member of the royal family of Morocco, with a certificate naming him "Honorary Commodore of Ocean City."

O'Neill Attacks Indifference To Politics In Bethany Talk

BETHANY, W. Va. (AP) — C. William O'Neill, former Ohio Republican governor, made his debut today at Bethany College as a lecturer on politics, public affairs and government.

Attacking what he called widespread public indifference to politics, O'Neill urged greater participation in political activities by responsible citizens.

"The survival of our republic today is ultimately in the hands of the elected political candidate, rather than in the hands of the citizenry as a whole," O'Neill asserted.

The former governor said he had phenomenal luck during most of his 20 years in politics.

"Then, in 1958, the roof fell in," O'Neill said.

"Luck and timing which, to a large degree, had helped me to the largest majority ever given a candidate for governor in Ohio, turned.

"My own errors, and unwise actions of others beyond my control, particularly the placing of the right-to-work issue on the ballot in Ohio, resulted in the worst defeat any candidate for governor has ever suffered in Ohio.

"Thus, I stand before you today representing not only a happy winner of public support, but equally a classic loser of that same support.

"This is the hard way to learn practical politics, but it is sure," he told Bethany students.

O'Neill is scheduled to deliver 18 lectures, one a week, at the college. He also will conduct seminars in history and political science for juniors and seniors. Evening seminars for citizen enrollment also have been scheduled. The first six of these will be in Wheeling, W. Va., the second six in Steubenville and the last six at Bethany College.

Charities Drive Aided

Crucible Makes $10,000 Donation

A $10,000 check from the Crucible Steel Co. is presented by George M. Burrier, manager of the company's Midland Works, to C. L. Smith, right, Midland area chairman of the Combined Charities drive to be conducted during February. David Schwerha, center, president of the Midland Area Charities, looks on.

Smith announced that Midland's goal is $37,282, with the Midland Hot Stove League and the East Liverpool City Hospital, plus 19 countywide agencies, sharing in the proceeds.

The annual drive, usually held in the fall, was postponed due to the steel strike. People residing in one area and working in another have been confused by the conflicting appeals of five separate area federated funds and many countywide agency campaigns conducted where there were no United Funds.

Therefore, Smith said, all organized areas have been merged into a "United Funds of Beaver County" with a combined countywide campaign goal of $589,330.

It is felt that the new county organization can do the work for all organized areas and can eliminate duplication of solicitations and at the same time be more economical, Smith said.

Corporations have already been solicited and beginning immediately, retail businesses will be contacted personally for their contribution and will be urged to solicit their employes in order that a house-to-house drive will not be necessary. The Crucible Combined Charities will conduct its own drive in the mill in the near future.

The 19 benefiting countywide agencies include the Red Cross, Allegheny Boy Scout Council, Western Pennsylvania Chapter of the Arthritis and Rheumatism Foundation, Cancer Society, Catholic Social Service, Children's Aid Society, Children's Home, Girl Scout Council, Heart Association, Home for the Aged, hospitals, including Aliquippa, Beaver Valley General, Providence and Rochester General; Mental Health Society, Mental Hygiene Clinic, Multiple Sclerosis Society of Western Pennsylvania, Retarded Children's Council, Salvation Army, Travelers Aid Society, United Service Organizations and the YMCA.

Goals by areas include Greater Aliquippa, $142,356; Ambridge, $115,000; Beaver, $50,000; Conway, $3,500; Freedom, $2,500; Midland, $87,262; Monaca, $46,697; Rochester $27,500, and Upper Beaver Valley, $164,495.

Last Hope For 435 Trapped Miners Fades

COALBROOK, South Africa (AP)—The last hope died today for survival of any of the 435 miners trapped by a rockfall in the Clydesdale coal mine.

A microphone lowered through a newly completed nine-inch borehole to the 515-foot level, where all were believed imprisoned by the plunging rock two weeks ago, picked up only the gurgling of water, no human.

The fate of these men — six whites and 429 Africans—shaped up as the second worst mine disaster in history. The toll of human life was greater only in the tragedy of the Honekeiko colliery in Manchuria April 26, 1942. There 1,549 miners lost their lives.

LISBON — Roy L. Campbell, 31, of R. D. 4 was sentenced Wednesday afternoon to 1-15 years at the Ohio State Penitentiary by Common Pleas Judge Raymond S. Buzzard for the burglary of Zeigler's Tire Service at Hanoverton.

Campbell's trial began yesterday afternoon and the jury was selected and the state presented its case and rested when Campbell changed his plea to guilty and asked for immediate sentence.

He was indicted along with Leroy George, 23, of R. D. 1, who was found guilty yesterday for same offense. Donald George, 33, of R. D. 1. pleaded guilty earlier and requested probation.

Judge Buzzard held up sentencing George pending application for a new trial. The jury was out for about an hour.

The Campbell trial began immediately following the dismissal of the George jury by Judge Buzzard.

Eight tires were taken in the burglary Nov. 14. They were indicted by the January Grand Jury.

3 Counts Face Man For Fight With Officers

A Pleasant Heights man accused of putting up a battle with police after he was taken to headquarters Wednesday night on a reckless driving charge drew fines and costs totaling $118 today from Municipal Judge Samuel M. Chertoff.

John R. Steffen, 1153 Oakwood Ave., faced charges of resisting and interfering with a policeman and disorderly conduct by using profane and indecent language in addition to the original reckless driving count.

Patrolman Jerry F. Adkins, the arresting officer, testified the struggle started in headquarters because Steffen "started to call me all sorts of names and cuss me out" while he was being booked on the traffic charge.

Steffen told the judge he became angry because Adkins shoved him. Their accounts of the scuffle also varied.

After the cursing, Adkins reported, Steffen swung at the officer. Adkins reported he and Patrolman R. B. Pyle, desk officer, then wrestled Steffen to the floor and handcuffed him to keep him under control.

Steffen testified he did not recall swinging at the officer and added: "I don't remember being on the floor." Steffen said the officer "pushed" him. Adkins testified he "touched him when I told him to sit down in the chair again, but I didn't push him."

Steffen pleaded guilty to reckless driving and use of improper language, but denied the charge of interfering and resisting the policeman, so Adkins' testimony was taken only on the resisting charge.

In his report of the arrest, Adkins said he observed Steffen "driving in a reckless manner on Harvey Ave., following another car and attempting to pass on several occasions." The officer added that Steffen "weaved in and out and seemed to be trying to get the other driver to race with him."

He also charged that Steffen drove 65 miles an hour in a 50-mile zone on the Pennsylvania Ave. "Hill Rd."

The traffic arrest was made on W. 4th St. Ext. at 7:15. The two other charges were filed seven minutes later at headquarters.

Judge Chertoff fined Steffen $50 and costs each on the resisting and reckless driving charges and also suspended his right to drive a passenger car for 30 days. The restriction against driving a pleasure car was made so that Steffan can continue his work as a tractor-trailer driver, the judge explained.

On the charge of improper language the judge fined Steffen $10 and costs. But since it was coupled with the resisting charge, the fine will be suspended upon payment of the $6 costs, the judge said.

McMasters was knocked unconscious and couldn't be questioned by officers. The accident still is under investigation.

Culp was driving a truck owned by his father, Leroy Culp, of Irondale R. D. 1.

Ann Landers

ANSWERS YOUR PROBLEMS

Dear Ann Landers: Please tell me what to do about my wife. We've been married two years and a good share of our joint earnings have gone to pay doctor bills.

My wife has a skin condition on her hands and arms which keeps her in constant agony. It started during our engagement. It responds to a new drug or a special lamp treatment for awhile, then it gets bad again. She works in a library and wears elbow-length cotton gloves.

Last week my wife went to the top specialist in a large city. He told her the trouble was "nerves" and that unless she gets to the root of her problem she might have the eruption indefinitely.

This news made her so physically ill she had to go to bed. She claims the doctor is "crazy" and that an allergy is the real problem. She made me promise not to tell my mother or sister, both of whom she hates.

Why is she reacting so violently to the diagnosis and what can I do about it?—UNHAPPY HUSBAND.

-:-

Dear Unhappy: She's reacting violently because she suspects the doctor is right and doesn't want to face up to the truth.

Many people have the mistaken notion that a virus infection, a broken bone or a case of typhoid fever is more respectable than an emotional problem.

Keep the faith and don't tell your family about the doctor's diagnosis but urge your wife to get psychiatric help. When she is able to determine what's getting "under her skin" she's likely to find that the skin will clear up.

Objects To Affection

Dear Ann: Maybe I'm getting old and crotchety but I'm getting darned sick and tired of having everyone who passes my desk in this office tap me on the head, snap my suspenders, pull my hair or tweek my cheek.

My desk is on the aisle. I'm a sitting duck for every noodnick who passes. You seem to have a solution for everything from box-elder bugs to buggy elders who should be in their boxes. How about some help for me?—END MAN.

-:-

Der End Man: I hope your letter was written in a fit of pique and that you don't honestly resent these friendly taps.

If the pedestrians who pass your desk didn't like you they'd ignore you. Psychologists tell us that touching, tweeking and tapping is a sign of affection.

Mooching Daughter

Dear Ann: Our daughter was divorced last year. She has a 3-year-old son. When Linda (not her real name) left her husband she moved in with us "temporarily." She has made no effort to find a place of her own.

Linda gets a monthly check from her former husband, spends it on clothes and taxicabs. She sleeps half the day and runs around all night. My wife has to stay home all the time to take care of the boy. She's not a well woman and being with a high-strung child constantly has made her nervous.

Our grocery bill has doubled and the landlady raised our rent when Linda and her child moved in. I hinted to Linda that things were tight but she has yet to pay a milk bill or buy a loaf of bread for the house. What can I do?—PAST 60.

-:-

Dear Past 60: You can stop hinting and tell Linda she has 30 days to find a place of her own. Offer to help her pack and make it clear you mean business.

Robbery Suspect Fights To Prevent Prosecution

LISBON — A motion to quash the indictment of armed robbery against James Maras, 20, of Warren will be heard Friday at 1 p. m. before Common Pleas Judge Raymond S. Buzzard.

Atty. Francis X. Diana in the written petition asks dismissal on grounds that Maras was deprived of his constitutional rights and denied right of counsel and due process of law. He also claims the indictment is defective in that it fails to state the approximate time and place of the crime.

Atty. Diana requested the dismissal at arraignment but Judge Buzzard ordered the request in writing.

Maras was indicted for armed robbery of a Salem area motel on Dec. 11, along with his brother and another man.

O'Neill Attacks Indifference To Politics In Bethany Talk

BETHANY, W. Va. (AP) — C. William O'Neill, former Ohio Republican governor, made his debut today at Bethany College as a lecturer on politics, public affairs and government.

Attacking what he called widespread public indifference to politics, O'Neill urged greater participation in political activities by responsible citizens.

"The survival of our republic today is ultimately in the hands of the elected political candidate, rather than in the hands of the citizenry as a whole," O'Neill asserted.

The former governor said he had phenomenal luck during most of his 20 years in politics.

"Then, in 1958, the roof fell in," O'Neill said.

"Luck and timing which, to a large degree, had helped me to the largest majority ever given a candidate for governor in Ohio, turned.

"My own errors, and unwise actions of others beyond my control, particularly the placing of the right-to-work issue on the ballot in Ohio, resulted in the worst defeat any candidate for governor has ever suffered in Ohio.

"Thus, I stand before you today representing not only a happy winner of public support, but equally a classic loser of that same support.

"This is the hard way to learn practical politics, but it is sure," he told Bethany students.

O'Neill is scheduled to deliver 18 lectures, one a week, at the college. He also will conduct seminars in history and political science for juniors and seniors. Evening seminars for citizen enrollment also have been scheduled. The first six of these will be in Wheeling, W. Va., the second six in Steubenville and the last six at Bethany College.

Operator Of Weirton Area Tavern Is Fined

A Weirton area club operator, whose club was one of those raided by Internal Revenue Service agents last week, has been fined for illegal possession of whisky.

Marian Eureka, reported operator of the Club Sands located just outside Weirton on the Kings Creek Rd., was fined $200 Tuesday night by Squire Lee Ralich.

West Virginia State Police cited the woman on a "sight" violation on possession of whisky on a licensed (beer) premises.

Police said under "sight" violations the agent does not need to witness dispensing of the liquor but merely see the bottle.

A slot machine was seized at the club a week ago when the IRS agents raided clubs and confiscated machines where the $250 federal gambling stamps had not been purchased.

Sorry, Wrong Number

HILLSBORO, Ill. (AP) — It's difficult to make a complaint to the Hillsboro Telephone Co. The new telephone directory lists the wrong number for the complaint department. Callers receive a busy signal.

Pittsburgh Seeks Halt In Gas Hikes

PITTSBURGH (AP) — The city of Pittsburgh wants to stop pipeline suppliers of natural gas from boosting their rates.

Mayor Joseph M. Barr said Wednesday the city has asked the Federal Power Commission for permission to intervene in 15 cases involving proposed rate boosts. The first case is against the Tennessee Gas Transmission Co. which has requested a 26-million-dollar annual rate increase.

The Tennessee Gas firm sells much of its gas to Manufacturers Light & Heat, Peoples Natural Gas and Equitable Gas.

If the FPC allows the wholesale boosts, City Solicitor David Stahl said the increases will be passed on to customers throughout western Pennsylvania.

Since the 10th Century, the Free City of Danzig on the Baltic has been alternately occupied by the Poles, Germans, Russians and once under League of Nations supervision.

A breakdown shows 12 residentials, one mercantile, on storage, one public utility, two garages or barns, 10 grass and brush fires, nine autos, seven smoke alarms and four cases of first aid.

Lisbon's two busiest months were March and April with 10 calls each.

Fish Eat Out Of Hand

SPOTSLYVANIA, Va. (AP) — You can bet your boots the fish would bite in Fred Parker's pond, but so would Fred if you tried catching one. The bass and bream eat out of his hand, and follow him when he walks around the edge. One big bass likes to be patted on the head like a puppy.

Kennedy, Humphrey May Vie In 2 State Primaries May 10

WASHINGTON (AP)—A double-header collision in two state primaries on the same day appeared to be in the making today between Sens. John F. Kennedy (D-Mass) and Hubert H. Humphrey (D-Minn).

Both arranged to enter their names today in West Virginia's May 10 presidential popularity contest. Kennedy called a news conference here and Humphrey sent an aide to Charleston, W.Va., with filing papers.

At the same time, Humphrey said he is giving serious thought to filing in the May 10 Nebraska primary, which Kennedy already has announced he will enter.

"The reports from Nebraska are good and I am seriously considering entering there," Humphrey told a reporter. "I will decide definitely before the middle of the month."

Humphrey also indicated an interest in taking on Kennedy in the May 3 Indiana primary, although he put off any decision until later. Kennedy is expected to announce his entry into that state momentarily.

Reporting that committees to support him are being set up in both states. Humphrey said "it looks favorable for going into both Indiana and Nebraska."

Indiana's 34 delegates will be chosen at district and state conventions. They must give first ballot support to the man who runs highest in their district in the statewide preferential primary.

WHAT A DIFFERENCE THAT DAY MADE!

1. Mrs. Filbert was a lady like other ladies—she baked and ironed and tidied.

2. But then one day instead of gingerbread or jam, Mrs. Filbert made margarine . . .

3. Mixed the finest ingredients her own way and made a *different* margarine . . .

4. A margarine that was cool and delicate and sweet to taste—*delicious!*

5. And today Mrs. Filbert's is just as good as the *best* grade you-know-what.

6. Try just a little slice all by itself—that's the real taste test for margarine!

7. You'll find it cool and delicate, then gone—a moment of sweet delight!

4 Students Lay Claim To Record Bridge Playing

ALBUQUERQUE, N.M. (AP)—The marathon craze has returned and this time it has invaded the fine old game of bridge.

Four University of New Mexico students claimed a world record Wednesday of 75 hours and 5 minutes of continuous bridge playing.

The four, Sam Gray Jr. of Santa Fe, N.M., and John Fink, Jim Brown and Terry Duffy of Albuquerque, said they broke the record of 72 hours set recently by a foursome at Cambridge University in England.

They played 687 hands at a table in a downtown hotel lobby. Parents and girl friends brought them food.

Gray almost fell asleep at the 62-hour mark saying, "I don't remember how to play bridge."

A quick shower and some candy bars furnished a second wind. Gray grabbed the shower while he held the dummy hand.

Chaplain Is Speaker For Kaycees' Meeting

Fr. Thomas G. Mulhearn, an assistant at St. Aloysius Catholic Church and chaplain of the Carroll Council 509, Knights of Columbus, spoke on "Never Say Never" at a meeting of the council Tuesday night at the K. of C. Hall.

Joseph Fittante of East Palestine, district deputy, was a guest.

During business conducted by James Buchheit, grand knight, Charles McBride Jr. was elected deputy grand knight to succeed Thomas Streicher, who has moved to Pittsburgh.

The council will meet Tuesday night at 8.

Ohio Newspaper Convention Opens With Reception

COLUMBUS, Ohio (AP) — The 27th annual convention of the Ohio Newspaper Assn. opens tonight with a reception in the ball room of the Deshler-Hilton Hotel here. The convention ends at noon Saturday.

The first general session will be a luncheon Friday with Dr. Kevin McCann, president of Defiance College and special assistant to President Dwight D. Eisenhower, as the speakr.

The Buckeye Press Assn. meets Friday morning in the first session of the weekly newspaper group. A daily newspaper round-table session also will be held Friday morning.

Roger Ferger, publisher of the Cincinnati Enquirer, will be toastmaster of the annual banquet Friday evening. Newspaperboy achievement awards will be presented at the banquet, and special honor will be paid to a group of distinguished Ohioans who will receive governor's awards.

The annual ONA business meeting is set for Saturday morning. Frank W. Spencer, publisher of the Newark Advocate, is the association president.

Can't Make Up Lost Exercise, Expert Says

LOS ANGELES (AP) — You can't catch up on the exercise you missed all week by killing yourself with activity over the weekend.

Because that's just what you'll be doing — killing yourself — says Dr. George C. Griffith, University of Southern California professor of medicine and heart specialist.

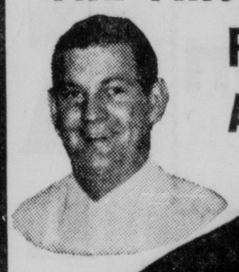

Excessive weekend exercise is the "acceptable American way of committing suicide," he told a businessmen's luncheon Wednesday. To avoid heart stress, he said, businessmen should get moderate exercise every day—"even if it's only 15 minutes of calisthenics or a walk."

County School Head Clarifies New Entrance Age For Pupils

LISBON — Columbiana County School Supt. James L. McBride today issued a detailed statement concerning the new entrance age requirement for county youngsters entering first grade next fall.

Letters have been mailed to all parents of pre-school children, explaining the new policy adopted for the county system.

The Board of Education has requested local boards to establish a regulation requiring children to be 6 on or before Oct. 1 for the fall term. Before, if a child were 6 before Nov. 1, he could enroll.

For the 1961-62 term, the county board seeks local boards to have the entrance age at 6 by Sept. 15, 1961.

Supt. McBride said the action is asked in the best interests of the greatest number of children.

"Hundreds of research studies made with many thousands of children all over the nation point clearly to the fact that the normal child is usually not ready to begin school until he is 6 years of age.

"In fact, from a physical standpoint, research shows that the muscles of a child's eyes are not ready to perform the difficult task of reading until he is 6½ years of age. Reading is a complex process and to force a child to read or try to read before the child is sufficiently mature and ready to read is likely to be frustrating, unpleasant, and cause early discouragement and failure," he said.

"Research shows that the greatest number of failures in the first grade occur among the group of children born during October - December, the ones who are a few months younger than those born between January and Aug. 31. A few months make a big difference at this age.

The immature child is the first grade teacher's greatest problem. For the good of the child, he should start school a little too late rather than a little too early.

"We would make one exception to the rule requiring a child to be 6 by Oct. 1, 1960, to enter school and that would be for the child who attended kindergarten during the 1959-60 school year. The values of the kindergarten year of experience should not be lost by delaying entrance a year.

"It is hoped parents knowing of this change will plan the preschool activities for their children to help them in every way possible to enter school with a rich background of experiences. Contact your local school principal for help on this, to help you plan for your child's readiness to enter school.

"We will be happy to discuss this problem with any parent or group and to go over the research which we feel urges us to adopt this policy," Supt. McBride said.

3 Die, 23 Hurt In School Bus, Truck Crash

COVINGTON, La. (AP)—Three persons were killed and 23 injured, several critically, when a butane-gas truck collided with a school bus five miles north of here Wednesday.

Killed were the bus driver, Nina Mae Revere, 47, of Bush, and two pupils in the bus — Sylvia Jean Jenkins, 7, Covington, and Christopher Leehans, 6, Waldheim.

Jesse L. Shirley, 31, Mobile, driver of the trailer truck, said the rig jackknifed when he applied the brakes because he "saw a pair of headlights pull out from behind the school bus into my lane." There was a downpour at the time.

The St. Tammany Parish (County) school bus had about 36 passengers aboard, on their way home from three Covington schools to the communities of Bush, Sun and Waldheim, northeast of here. The pupils ranged in age from 6 to 18.

Mrs. Robert Jenkins, mother of Sylvia Jean Jenkins, was waiting beside the highway to take her daughter from the bus. When the collision occurred Mrs. Jenkins rushed to the scene and pulled her dying daughter from the wreckage.

100 Obtain Petitions For Beaver Primary

About 100 have taken out petitions seeking nomination as Democratic committeemen and committeewomen in the Beaver County April 26 primary, William Smith, director of the Bureau of Elections at Beaver, said.

Petitions must be filed by Feb. 23. The general election will be Nov. 8. Two committeemen, a man and a woman, will be nominated from each of the county's 121 political subdivisions. The Republicans will elect theirs after the primary.

Countywise, the primary will concern only the Democratic committeemen and committeewomen.

District Jaycee Event Will Be Held March 10

Russell Hall, chairman, said today the Junior Chamber of Commerce District 7 meeting will be held March 10 at the Elks Lodge and not March 9 as originally planned.

The change was necessary because of a mixup in reservation dates at the Elks, he said.

Gov. Michael V. DiSalle has been invited to speak on "Jayceeism" at the affair. Hall said he talked by phone with the governor's office at Columbus Tuesday but no definite confirmation could be given that DiSalle would be here.

Hall said it was indicated that a final decision will be made within the next week to 10 days.

Another state official will be invited if DiSalle cannot attend. The event will be non-political with only Jaycees and members of the local Chamber of Commerce to be invited.

Soviet Ship Saves 21 From Ill-Fated Vessel

KARLSKRONA, Sweden (AP)—A Soviet ship today rescued 21 crew members of the German motorship Carsten Witt, which sank in the stormy southern Baltic. The men were picked up from lifeboats.

The 1,445-ton Carsten Witt, out of Hamburg, went down Wednesday night about 20 miles off Svaneke on the east coast of the Danish Island of Bronholm. The Russian ship Streina radioed the "German crew is in good condition aboard," but reported the captain of the Carsten Witt "most probably had gone down with his ship."

Garage Fire Blamed On Overheated Stove

An overheated stove was blamed for a fire which damaged the roof of an auto repair garage Wednesday afternoon in the East End.

Firemen said the stove apparently set fire to the roof while Kyle A. Pridemore, co-owner of the building with Delmar Davis, was at lunch. The garage contents are owned by Orin Everson, firemen said.

Pumpers from the East End and Central Stations answered the alarm at 1:03 p. m., along with the chief's car and emergency truck. Booster lines were used to quell the blaze.

Firemen were called to W. 3rd and Jefferson Sts. at 7:58 p. m. to flush gasoline leaking from an auto.

County School Head Clarifies New Entrance Age For Pupils

LISBON — Columbiana County School Supt. James L. McBride today issued a detailed statement concerning the new entrance age requirement for county youngsters entering first grade next fall.

Letters have been mailed to all parents of pre-school children, explaining the new policy adopted for the county system.

The Board of Education has requested local boards to establish a regulation requiring children to be 6 on or before Oct. 1 for the fall term. Before, if a child were 6 before Nov. 1, he could enroll.

For the 1961-62 term, the county board seeks local boards to have the entrance age at 6 by Sept. 15, 1961.

Supt. McBride said the action is asked in the best interests of the greatest number of children.

"Hundreds of research studies made with many thousands of children all over the nation point clearly to the fact that the normal child is usually not ready to begin school until he is 6 years of age.

"In fact, from a physical standpoint, research shows that the muscles of a child's eyes are not ready to perform the difficult task of reading until he is 6½ years of age. Reading is a complex process and to force a child to read or try to read before the child is sufficiently mature and ready to read is likely to be frustrating, unpleasant, and cause early discouragement and failure," he said.

"Research shows that the greatest number of failures in the first grade occur among the group of children born during October - December, the ones who are a few months younger than those born between January and Aug. 31. A few months make a big difference at this age.

The immature child is the first grade teacher's greatest problem. For the good of the child, he should start school a little too late rather than a little too early.

"We would make one exception to the rule requiring a child to be 6 by Oct. 1, 1960, to enter school and that would be for the child who attended kindergarten during the 1959-60 school year. The values of the kindergarten year of experience should not be lost by delaying entrance a year.

"It is hoped parents knowing of this change will plan the preschool activities for their children to help them in every way possible to enter school with a rich background of experiences. Contact your local school principal for help on this, to help you plan for your child's readiness to enter school.

"We will be happy to discuss this problem with any parent or group and to go over the research which we feel urges us to adopt this policy," Supt. McBride said.

3 Die, 23 Hurt In School Bus, Truck Crash

COVINGTON, La. (AP)—Three persons were killed and 23 injured, several critically, when a butane-gas truck collided with a school bus five miles north of here Wednesday.

Killed were the bus driver, Nina Mae Revere, 47, of Bush, and two pupils in the bus — Sylvia Jean Jenkins, 7, Covington, and Christopher Leehans, 6, Waldheim.

Jesse L. Shirley, 31, Mobile, driver of the trailer truck, said the rig jackknifed when he applied the brakes because he "saw a pair of headlights pull out from behind the school bus into my lane." There was a downpour at the time.

The St. Tammany Parish (County) school bus had about 36 passengers aboard, on their way home from three Covington schools to the communities of Bush, Sun and Waldheim, northeast of here. The pupils ranged in age from 6 to 18.

Mrs. Robert Jenkins, mother of Sylvia Jean Jenkins, was waiting beside the highway to take her daughter from the bus. When the collision occurred Mrs. Jenkins rushed to the scene and pulled her dying daughter from the wreckage.

100 Obtain Petitions For Beaver Primary

About 100 have taken out petitions seeking nomination as Democratic committeemen and committeewomen in the Beaver County April 26 primary, William Smith, director of the Bureau of Elections at Beaver, said.

Petitions must be filed by Feb. 23. The general election will be Nov. 8. Two committeemen, a man and a woman, will be nominated from each of the county's 121 political subdivisions. The Republicans will elect theirs after the primary.

Countywise, the primary will concern only the Democratic committeemen and committeewomen.

Burgess Eli Corak, Midland Democratic Party chairman, said five women and five men will be elected for Midland's five precincts. None has taken out petitions yet, he said.

District Jaycee Event Will Be Held March 10

Russell Hall, chairman, said today the Junior Chamber of Commerce District 7 meeting will be held March 10 at the Elks Lodge and not March 9 as originally planned.

The change was necessary because of a mixup in reservation dates at the Elks, he said.

Gov. Michael V. DiSalle has been invited to speak on "Jayceeism" at the affair. Hall said he talked by phone with the governor's office at Columbus Tuesday but no definite confirmation could be given that DiSalle would be here.

Hall said it was indicated that a final decision will be made within the next week to 10 days.

Another state official will be invited if DiSalle cannot attend. The event will be non-political with only Jaycees and members of the local Chamber of Commerce to be invited.

Soviet Ship Saves 21 From Ill-Fated Vessel

KARLSKRONA, Sweden (AP)—A Soviet ship today rescued 21 crew members of the German motorship Carsten Witt, which sank in the stormy southern Baltic. The men were picked up from lifeboats.

The 1,445-ton Carsten Witt, out of Hamburg, went down Wednesday night about 20 miles off Svaneke on the east coast of the Danish Island of Bronholm. The Russian ship Streina radioed the "German crew is in good condition aboard," but reported the captain of the Carsten Witt "most probably had gone down with his ship."

Garage Fire Blamed On Overheated Stove

An overheated stove was blamed for a fire which damaged the roof of an auto repair garage Wednesday afternoon in the East End.

Firemen said the stove apparently set fire to the roof while Kyle A. Pridemore, co-owner of the building with Delmar Davis, was at lunch. The garage contents are owned by Orin Everson, firemen said.

Pumpers from the East End and Central Stations answered the alarm at 1:03 p. m., along with the chief's car and emergency truck. Booster lines were used to quell the blaze.

Firemen were called to W. 3rd and Jefferson Sts. at 7:58 p. m. to flush gasoline leaking from an auto.

Study Of Human Nature

By HAL BOYLE

NEW YORK (AP)—One of the best places to study human nature is in an office washroom.

The white-collar worker at his desk wears a mask. He is on guard. You can't tell what kind of a person he is.

But in the washroom he quits acting. He shows his true personality, and the real man comes through. He feels free there to be himself.

Look around you in your own office washroom. You are bound to recognize some familiar characters.

1. The crusader. He complains the grade of washroom soap is ruining his skin and is eternally circulating a petition demanding that the company put in linen instead of paper towels.

2. The fastidious soul. "Why do people insist on throwing their cigar butts on the floor here?" he asks, shuddering. "They don't do it at home do they? Then why here? Isn't this their home away from home?"

3 The thrifty junior executive. He is so anxious to make a name for himself by saving the company money that he carefully tears off only half a paper towel to dry his dripping face. The result is he has chapped cheeks all winter.

4. The angry wastrel. "If this chincy outfit won't pay me what I'm worth, I'll get even with 'em some other way," he growls, boldly ripping off three paper towels when one will do.

5. The scholar. He never comes to the washroom without at least two newspapers and a copy of Reader's Digest.

6. The master of ceremonies. This guy is a frustrated Grover Whalen. He feels it his duty to give everyone who wanders into the washroom a cheerful greeting and a friendly farewell.

7. The ambusher. He lies in wait and as soon as you enter, he sidles over next to your wash basin and whispers, "By the way, can you lend me 10 bucks until payday?"

8. The office snitch. He creeps around listening to everyone's conversation, and if he hears anything derogatory about the company he gallops out to tell the boss. This male mata hari never realizes that the boss, as well as everybody else, despises him.

9. The secret addict. This poor wretch has publicly proclaimed he has given up the tobacco habit. But every 15 minutes he sneaks into the washroom to grab a few stolen puffs.

10. The hypochrondriac. To him the washroom is both clinic and drugstore. He plods in every hour on the hour to gargle, put drops in his eyes, take a vitamin capsule, drink something to quiet his nonexistent ulcer, or simply stare at his tongue in the mirror.

11. The compulsive washer. He has made a mistake on the job but hasn't been caught. Every few minutes he trots in and scrubs his hand, hoping thereby to wash his guilt away before his error is found out.

12. The juvenile Narcissus. The teen-age office boy is so proud of his duck-tail haircut, garnished with olive oil, that he spends hours combing his locks as he admires them in the washroom mirror. This drives the bald-headed older employes crazy.

Last but not least, of course, is the boss himself. He stomps in, looks bleakly around at the crowd of washroom characters, and remarks dryly: "What's going on in here anyway—a convention?"

Three seconds later the boss has the place to himself.

In Jhabua, a state of Central India, a medical dispensary was built to mark Queen Victoria's Diamond Jubilee in 1897.

Study Of Human Nature

By HAL BOYLE

NEW YORK (AP)—One of the best places to study human nature is in an office washroom.

The white-collar worker at his desk wears a mask. He is on guard. You can't tell what kind of a person he is.

But in the washroom he quits acting. He shows his true personality, and the real man comes through. He feels free there to be himself.

Look around you in your own office washroom. You are bound to recognize some familiar characters.

1. The crusader. He complains the grade of washroom soap is ruining his skin and is eternally circulating a petition demanding that the company put in linen insted of paper towels.

2. The fastidious soul. "Why do people insist on throwing their cigar butts on the floor here?" he asks, shuddering. "They don't do it at home do they? Then why here? Isn't this their home away from home?"

3 The thrifty junior executive. He is so anxious to make a name for himself by saving the company money that he carefully tears off only half a paper towel to dry his dripping face. The result is he has chapped cheeks all winter.

4. The angry wastrel. "If this chincy outfit won't pay me what I'm worth, I'll get even with 'em some other way," he growls, boldly ripping off three paper towels when one will do.

5. The scholar. He never comes to the washroom without at least two newspapers and a copy of Reader's Digest.

6. The master of ceremonies. This guy is a frustrated Grover Whalen. He feels it his duty to give everyone who wanders into the washroom a cheerful greeting and a friendly farewell.

7. The ambusher. He lies in wait and as soon as you enter, he sidles over next to your wash basin and whispers, "By the way, can you lend me 10 bucks until payday?"

8. The office snitch. He creeps around listening to everyone's conversation, and if he hears anything derogatory about the company he gallops out to tell the boss. This male mata hari never realizes that the boss, as well as everybody else, despises him.

9. The secret addict. This poor wretch has publicly proclaimed he has given up the tobacco habit. But every 15 minutes he sneaks into the washroom to grab a few stolen puffs.

10. The hypochrondriac. To him the washroom is both clinic and drugstore. He plods in every hour on the hour to gargle, put drops in his eyes, take a vitamin capsule, drink something to quiet his nonexistent ulcer, or simply stare at his tongue in the mirror.
